TEACHERS TAKE THE TOWN

Total Enrollment at Association Meeting Expected to Reach Thousand.

SIX HUNDRED AT THE OPENING SESSION

President Savage Delivers Opening Address and Frank Robinson Gives Interesting Illustrated Lecture on Russia.

With an enrollment close to the 600 mark, the annual meeting of the Southwestern Teachers' Association opened yesterday with every indication that the attendance would be the largest in the history of the association.

The advance guard arrived Wednesday night and every train yesterday brought its quota of teachers until the committee on accommodations was almost at its wits' end to provide accommodations for the immense crowd of visitors.

Prof. H. H. Savage, superintendent of the Waterloo schools and president of the association, was among the speakers yesterday morning. With him came thirty-three of the teachers in the Waterloo schools.

Many of the teachers who arrived yesterday morning spent the afternoon in visiting the schools of the city, while others seized the opportunity to visit Omaha.

G. W. EGAN STARTS TROUBLE

CARROLL, Ia., Nov. 2.—(Special.)—A freight train got tangled up with a coal chute at this point and did considerable damage, delaying the trains for some time.

NOBODY IS EXEMPT

A New Preparation Which Everyone Will Need Sooner or Later.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which in many cases are merely strong cathartics.

It is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stewart's Dyspepsia Tablets do this perfectly.

WOMAN IN CLUB AND CHARITY

Mrs. Rheta Childs Dorr, chairman of the industrial committee, has issued the following communication to the members of the General Federation of Women's Clubs, and the plan outlined is considered one of the most important that has yet been undertaken by women.

The principal work of the industrial committee of the General Federation for the coming year will be to secure the passage of a bill through Congress for an appropriation to enable the bureau of experts to investigate industrial conditions of American working women.

There is a great need of such an investigation. This is admitted by Charles F. Neill, commissioner of labor. It has been acknowledged by scores of economists, sociologists, and industrial workers, and philanthropists.

Last February a group of women well known in the industrial world, including Miss Mary E. McDowell, head of the University of Chicago settlement and member of the industrial committee, and Miss D. Wald, head of the Nurses' settlement, New York, had an audience with President Roosevelt.

The industrial committee has held conferences with the commissioner of labor and other experts, and is now at work preparing a bill which will be presented to Congress soon after it convenes in December.

AFFAIRS AT SOUTH OMAHA

Council Designates Where Money from Sewer Bonds Shall Be Expended.

MUD CREEK ABSORBS THE GREATER PART

Rumor that Union Pacific May Abandon Present Site of Freight Depot on Account of Lack of Room.

A special meeting of the city council was held Thursday for the purpose of passing a resolution designating the amounts of money to be expended in each of the several districts in case the \$300,000 sewer bonds are voted on favorably by the people at the coming election.

The resolution further declares that in the construction of these proposed sewers the various amounts stated, or much thereof as may be needed, shall be used in the construction of the different branches exclusively and that the contracts for the construction shall be as nearly as possible let at or about the same time.

May Abandon Depot Site.

There is a rumour going the rounds in railroad circles to the effect that the Union Pacific freight depot may be abandoned and another locality where more room can be obtained secured.

A few days ago the west half of the site being excavated for this depot was, due to soft ground and lack of water, mostly abandoned and the heavy trains.

General Instructions Tonight.

Tonight C. L. Hendricks and E. E. Ridgeway, custodians of the voting machines, will hold a general school of election officers.

Dear Doctor - I owe you so much - for you saved my mama's life - she was awful sick - the Doctor came and Papa cried - so did I - The Doctor could not help her - but Aunt Emma - she told mama to take Dr. Pierce's Favorite Prescription - and so she got well in nough time. I thank you very much To Dr. R. V. Pierce. End Decker.

Many mothers of families in the United States have reason to be grateful to the person who recommended Dr. Pierce's Favorite Prescription. This is a medicine specially prescribed for diseases of womanhood. It does not cure eczema, catarrh in all its forms, nor heart disease, for it is put up for the single purpose of curing diseases peculiar to women. It has a reputation of over a third of a century of cures, and has sold more largely on this continent than any other medicine for women.
