OVER THOUSAND TEACHERS

Almost Nine Hundred Attend from Outside the City.

MAKES NEW RECORD FOR ASSOCIATION

In Addition to General Program City and County Superintendents Held Session to Discuss Their Work.

As had been anticipated, the enrollment at the meeting of the Southwestern Iowa Teachers' association passed the 1,000 mark yesterday. As there are 150 teachers in the Council Bluffs schools, all of whom are presumed to have enrolled yesterday, the schools being closed in order to permit them to attend the meetings, the attendance of the out-of-town teachers is consequently over 850. This is the largest enrollment in the history of the association, and Superintendent Clifford of this city and the other members of the executive committee who had charge of the arrangements and the preparation of the program for the meeting were naturally feeling much elated yesterday. Hon. John F. Riggs, state superintendent of instruction, who is in attendance at the meeting, expressed himself last evening as highly pleased with the success of the convention, which he declared was full of inspiration and instruction, and that the program could hardly be excelled.

Work of Providing Accommodation for the Large Army of Visitors has Severely Taxed the Ability of the Entertainment Committee, but Everyone was Cared for, as the People of the City Responded Willingly to the Request of the Committee and Threw Open Their Homes to the Visitors.

Miss Addams is Delayed.

Some disappointment was felt yesterday morning when it was learned that Miss Jane Addams of Chicago, who was to have addressed the open meeting on "The Hull House Settlement," had not reached the city, owing to her train being delayed. The omission of this address gave additional time for the conference, or round table meetings, of which there were three, as follows:

"Methods," President H. H. Beerley, State Normal school, leader. "City Superintendents and College People," President H. H. Shelton, Simpson county, leader. "County Superintendents and Rural Teachers," State Superintendent John F. Riggs, Des Moines, leader. "Principals of Grammar Grade Buildings," Principal O. W. Briggs, Chicago, leader. "High School Methods," Inspector at High Schools Professor F. C. Ensign, state university, leader. "High School English," Prof. Lewis W. Smith, Drake university, leader. "Natural Science," Prof. Bohumil Simek, state university, leader. "Business Department," President W. H. McCauley, C. C. C. Des Moines, leader. "Geography," Prof. W. Bender, Western Normal school, leader. "Primary Methods," Miss Alice E. Hopper, Highland Park college, leader. "Kindergarten Teachers," Miss Hattie A. Phillips, supervisor of kindergartens, Des Moines, leader. "Music," Miss M. Lucile Porterfield, Council Bluffs, leader. "Drawing," Miss Kate Wickham, Council Bluffs, leader.

Bluffs and Omaha Clash.

The Council Bluffs and Omaha high school football teams will contest for supremacy in the only game of the Omaha and Bluffs football season. The two teams are said to be evenly matched and a good game may be looked for.

Both teams are in good condition and both have splendid records, neither having been defeated by a high school this season. The only game the Omaha team has lost this season was to the Nebraska State Normal. They are after the championship of Nebraska, and from the present outlook may land it. The Bluffs team is in the same line, hoping to land the state championship in Iowa. Last year the two schools met at Omaha and the Omaha team was defeated by the score of 10 to 5. This year the Bluffs boys hope to repeat the dose and will do their best. It was planned by the local management to have played at Manawa for the benefit of the visiting teachers and Red Oak was to have played here, but owing to unknown reasons the game was cancelled by Red Oak. As Omaha played in Council Bluffs last year the game today has to be played in Omaha. The team will be accompanied by a large number of the students, who will leave the corner of Pearl street at 1:30 this afternoon.

The Bluffs lineup will be as follows: Left end, Williams; left tackle, Harlan; left guard, Dobson; center, Dimock; right guard, Henninger; right tackle, Cragmille; right end, Cooper; quarterback, Benjamin; left half, Cutler; right half, Norgard; fullback, Nicolai; referee, Cappoli; timekeeper, Cutler.

Just received, a fine line of emblem goods in solid gold and gold filled. Charms, buttons and pins. Also the newest official designs of the Knights of Columbus. At Lefter's.

BANK OF LABOR IS CLOSED

H. C. Dye, Vice President, Has Borrowed Its Funds Extensively.

MUCH OF SECURITY AND TO BE FORGED

Young Man Now at Home of His Father in Council Bluffs, Who is a Well Known and Highly Respected Citizen.

SHENANDOAH, Ia., Nov. 3.—(Special Telegram.)

The State Bank of Tabor, C. A. Barnes, president, has been closed this morning, the notice on the bank doors saying that it has closed to make an examination of the affairs of H. C. Dye, vice president. Nothing definite is known, but it is assumed that the bank is not seriously involved. The bank has been under the management of Clyde Hall, the cashier, although Dye has been the director in reality. Dye was supposed to be a board of trade operator, was drinking some, was a base ball enthusiast and was living pretty fast. He was interested in oil wells and gold mining schemes. His father is a wealthy resident of Macedonia, Ia. Dye was, previous to a few months ago, treasurer of Tabor college, but because of the ugly rumors he was asked to resign the place.

The following statement was made last evening by Emmet Tinley of Council Bluffs, of the legal firm of Hall & Tinley, attorneys for the bank: "Mr. Dye's direct indebtedness to the bank is about \$10,000, but the bank is protected and will lose little, if anything, and will reopen in a few days. Some time ago the directors authorized a loan of \$3,000 to Mr. Dye conditional on his father, Sylvester Dye, signing the note. It was discovered Thursday that the signature of Sylvester Dye to the note was a forgery. Mr. Dye without authority borrowed \$2,500 of the bank's money on his personal note. It has also been discovered that notes to the amount of \$11,500 on which the bank has loaned the money are also forgeries. The forgeries are admitted by Mr. Dye and he has turned over to the bank about \$20,000 of property, comprising stock in the bank, stock in the First National bank of Tabor, real estate, mortgages and other securities. The bank is further protected by a bond in the amount of \$10,000, on which Mr. Dye's father and his uncle, Willoughby Dye of Macedonia, are sureties. In addition to his indebtedness to the bank Mr. Dye owes outside parties about \$30,000, this money having been entrusted to him for investment and on which he has been paying heavy interest. The bank, however, is not interested in the outside indebtedness of Mr. Dye."

Asked if criminal proceedings had been begun against Dye, Mr. Tinley stated that none had been up to last evening and thought it possible that no further proceedings would be taken. The bank, however, is not interested in the outside indebtedness of Mr. Dye.

Mr. Dye's financial vice president, Claude Dye, the defaulting vice president, is at the home of his father, Sylvester Dye, in this city. He declined to be seen last evening, enquirers being referred to Attorney Tinley. He is well known in this city, having been deputy county treasurer under Brooks Reed for four years. It is said, however, that he has had some difficulties, and has been brought about by speculation and dealing on the board of trade, although in the latter respect he insists that his losses were not heavy. His father and relatives are well to do and it is possible that criminal proceedings will be taken against him. They will pay up the young man's liabilities.

Matters in District Court

The Burlington railroad brought suit in the district court yesterday to have a trustee appointed for the railway in place of Joseph and Count Hiltz, deceased. Phelps was appointed trustee in 1887, and the Burlington sets forth on its petition that it holds the majority of all the bonds secured by the deed of trust.

Oscar C. Turner has begun suit against Henry H. Van Buren for \$25 damages for alleged breach of contract. Turner asserts that in February last he entered into a contract with Van Buren to go to work for him as a traveling salesman for one year from March 1 to March 1, 1906, at a salary of \$125 per month. He commenced work on March 1 but was discharged on April 1, despite the terms of the contract. Turner states he was out of employment for some time and finally had to go to work for \$80 a month.

Allice Clark was granted a divorce from Loran A. Clark, and Laura E. Shaffer from William Shaffer.

Contract for Telephone Building

The Council Bluffs Independent Telephone company has let the contracts for the construction of its exchange building on Main street at the head of First avenue. Wickham Bros. will do the masonry and brickwork and P. H. Wind the carpenter work. The contracts call for a total expenditure of \$4,000 and the building is to be completed and ready for occupancy by February 1, 1906.

The building will have a frontage on Main street of thirty-two feet, with a depth of seventy feet. It will be two stories and basement high, of freproof construction. The central energy equipment has all been contracted for and will be ready for installation as soon as the building is completed.

WARDS OF STATE INCREASE

Two Insane Hospitals Only Ones to Show a Decrease in Population.

RIGHT-OF-WAY FOR INTERURBAN BOUGHT

Pharmacy Department Turns Surplus Fees Into Treasury, Being the Only One to Show Receipts Above Expenditures.

(From a Staff Correspondent.)

DES MOINES, Nov. 3.—(Special.)—Inmates are on the increase in the state institutions. Cherokee Insane hospital shows a decrease of two for the past month over the month previous, and Clarinda shows a decrease of seven, and all the rest that have reported to the State Board of Control have made gains in population. The population for the winter months is usually greater, but the steady increase is giving the members of the State Board of Control considerable thought. The population is larger now than ever before, and still increasing. The reports thus far received show the population of the institutions to be as follows:

End of End of Sept. Oct. Cherokee Insane hospital, 74, 73. Cherokee Inebriate ward, 20, 23. Glenwood Feeble Minded, 1,024, 1,023. Independence Insane, 4,693, 4,693. Independence Inebriate, 21, 26. Mitchellville, 211, 217. Clarinda Insane, 864, 867. Eldora, 449, 476. Anamosa, 352, 353.

The report from the Anamosa school shows the same conditions as at Fort Madison, where the higher classes must be abandoned to furnish instruction for the more illiterate, who are in greater need of the education.

Paroles Clinton Attorney

Governor Cummins has paroled Julius Fringie, a Clinton attorney, who was sent to the penitentiary a year ago on the charge of defrauding his clients. Fringie was released on the ground that he engaged in respectable employment, but he cannot again practice law in the state.

Completes Right-of-Way

The Des Moines Interurban company has completed the purchase of the right-of-way for the proposed line from this city to Boone by interurban. It is expected the cost of construction will be heavy, but it is claimed that all arrangements have been made for bonds for the new road, and the construction work will be carried forward as rapidly as possible after the surveys are completed. The line will be in operation the full length to Boone some time next year.
