WILL NOT AWAIT CASH BEFORE STARTING

As Soon as Work on Third Street is Completed, He Says, He Will Begin on Other Street.

Where the special committee of the Comnercial club failed, Alderman Crippen, the representative of the Sixth ward in the city council, has succeeded and work on the portion of West Broadway between Thirteenth and Twentieth streets ordered paved will be commenced possiby next week. Contractor Wickham has receded from the position he took when he announced that he would not begin the ing of Broadway until the city had funds in its treasury to pay him its share of the expense and has assured Alderman Crippen and the other members of the city council that he will begin work on the street as soon as he completes the pav-

pay will be about \$16,000. The improvement fund is depleted and a large portion of next year's levy for this fund has already been forestalled. This being the situation, Mr Wickham was loath to begin the work until he received some assurance that he would receive his money from the city within a reasonable time It was stated yesterday that an arrangement had been reached between the city authorities and Mr. Wickham whereby the latter was to receive some certificate of indebtedness on the part of the city for the work, the same to be paid at a future date from the improvement fund.

The portion of Broadway between Thirteenth and Twentleth streets ordered improved is to have strips on each side of the thoroughfare fifteen feet wide paved with Galesburg brick block on concrete base and the intervening space is to be improved with the slag and a top coating of gravel or cinders.

There is an old ditch now dug out part of the route and the new ditch is expected to redeem considerable land west of Onawa now too wet for cultivation in wet seasons. A dredge boat will be used for the work, although most of the work is dry at present.

NEWBURG, Ore., Nov. 7 .- Carl Hurford and his wife, a bride of six weeks, were found dead in their home here by neighbors attracted to the house by the firing of shots. More or less mystery surrounds the death of the couple.

Hurford, who had worked in a factory here, had been ill for several days. Mrs Hurford visited the factory today and was told that her husband's position would be kept open for him. Shortly after she returned to her home a shot was heard and Mrs. Hurford called for help. When neighbors arrived Hurford and his wife were dead, both having been shot. Whether the tragedy was one of murder or suicide, or double suicide, may never be known. Hurford came here with his mother and brother from Missouri a year ago; Mrs. Hurford came from that state two months ago to marry Hurford.

ELECTION DAY IN THE STATE Heavier Vote is Being Polled Than Was Expected by Campaign Committee,

LINCOLN, Nov. 7 .- Good election weather prevalls over nearly all Nebraska, conditions being especially fine in the eastern part of the state. Less than an average vote is expected, but the balloting will be heavier than was looked for a week ago. Election returns from voting precincts in Nebraska show that the early voting was beavier than campaign managers had exsected, owing to the bright skies and the inability of farmers to work in their muddy cornfields. The republicans claim that more straight republican ballots are being cast than usual and that their plurality will be larger proportionately than it was last year.

treusation is that Cruel and Inhuman Treatment Was Accorded Veteran Letter Carrier, Who Later Died.

DES MOINES, Ia., Nov. 7, - (Special Telegram.) - Charges of Dr. George L. Miller and others have been filed against the management of St. Bernard's hospital at Council Bluffs with the State Board of Control, and the board is investigating. but refuses to make public the charges other than that they charge cruel and in human treatment. The board will take sworn testimony in the case. It is understood the charges hold that inmates were beaten up and mistreated, but do not charge the lives of any of the inmates were endangered.

Dr. Miller explained to The Bee that he did not actually prefer charges against the hospital, but merely presented a statement that had been published by an Omaha paper in which it was said the late James J. Cook, 16 North Thirty-first avenue, had been the victim, while at the hospital, of abuse. Mr. Cook was a veteran letter carrier of Omaha who had sustained a sun stroke last summer which caused mental abberation. He was sent to St Bernard hospital. When returned to him home from the hospital Dr. Miller said Mrs. Cook told him her husband had been maltreated.

"I talked with Mrs. Cook," said Dr Miller, "and she told me this. It is this information, in addition to that contained in the newspaper report, I have submitted to the State Board of Control at Des-Moines. I made no outside charges on my own account."

Dr. Miller added: "I do not want it understood that I am taking the initiative in this matter. It is not my desire to become involved in any public controversy
