

AFFAIRS AT SOUTH OMAHA

Voting Machines Commend Themselves to Magic City Voters.

WOULD NOT GO BACK TO OLD SYSTEM

Commencement Made for the Paving of Twenty-Fourth Street with Brick to Replace the Broken Asphalt.

When voting machines were first talked of in South Omaha a great many people feared that the voters would not take kindly to them on account of their seeming complications. Now that the machines have been tried voters declare that it is the only system and that the purchase of voting machines was money well spent.

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further cleanses a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

A sanitary physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in the stomach and bowels to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but 25 cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

found which reduces this majority against the bonds to 37. Clerk Gillin is confident now that these figures are correct.

Henry C. Richmond leaves today for a few days' visit with his wife at Kearney. The voting machines are being boxed and will again be stored in the city hall building.

The Holy Lodge of the Masons will meet this evening at Masonic hall and confer the third degree.

The Royal Neighbors will give an entertainment and ball at Modern Woodmen hall this evening.

Councilman Frank Dworak is passing around the clearances of the arrival of a son at his home.

Police Judge King was busy yesterday receiving the congratulations of his friends. Judge King was the only Democrat in the county that was elected.

City Clerk Gillin has completed the work of copying the registration books and will turn the completed copies over to the chairman of the republican and democratic central committees.

Jim Bulla, the old-time democratic war horse, does not think much of the chances of the republican and democratic central committees.

MUSIC AND MUSICIANS.

A thoroughly artistic and delightful concert was given last night at the Auditorium by Madame Eames and her company.

Madame Eames is a woman of regal and commanding beauty. Her voice is very fine, but not remarkable when compared with such a one as Bembreich possesses. Her first number on the program, recitative and aria from "Cosi fan Luth," by Mozart, was changed and the "Jewel Song" from "Faust" given instead.

The duet at the end of the program was also changed and Paure's "Cruelty" given instead of the duet from "Hamlet." In this work Madame Eames and Mrs. de Gogorza sang in a way which made one forgetful of being obliged to miss the Ambrose Thomas quartet from the opera.

The company which assisted Madame Eames was adequate in every way. The program as a whole was most satisfying.

Mr. de Gogorza, the baritone, has a beautiful, velvety, mellow voice with an occasional tenor quality. He is temperamental to a degree and sings his songs with exquisite feeling and finish.

The concert was one of the most enjoyable we have ever had. We hope Madame Eames will come back some day and sing the things which she left out last night.

The council does not propose to let the Board of Fire and Police Commissioners spend any of the money appropriated to take up the deficiency in the police fund for anything but policemen's salaries.

The convention was held in the club rooms, Mrs. C. H. Heinshamer, district chairman, presiding.

The invocation by Mrs. A. H. Beaver and a vocal solo by Mrs. M. J. Williams of Glenwood preceded the address of welcome by Mrs. W. F. Hill, president of the local club.

Two-minute reports from clubs, federated and unfederated, showed a live club interest, with a noticeable tendency toward one-topic programs.

Red Oak and Council Bluffs reported innovations in the admission of men to the meetings of some of their departments.

In an address upon "The Value of Federation" Mrs. J. J. Seerley emphasized that it was not so much what a club could gain as what it could give, and that in unity there is strength that must redound to the interests of all clubs, all women and all humanity.

A luncheon was served the visiting women of the district.

PRESIDENT GREEN TAKES HOLD

New Executive of Real Estate Exchange Assumes Charge of Office He Held Before.

W. H. Green, the new president of the Real Estate exchange, took his place at the head of the luncheon table at the meeting of the exchange Tuesday.

A committee to revise the constitution and by-laws was appointed, to consist of G. G. Wallace, W. G. Shriver and J. B. McKittrick.

Craig expects to get out a large map of the city and the hope was expressed he and the exchange might work together in the matter.

The advisory committee is as follows: W. B. Taylor, S. A. Broadwell, C. H. Young, G. A. Nutter, E. E. Smith, J. B. Potter, F. J. Parsons, A. L. Reed, W. H. Russell, M. J. Kennard, W. H. Gates, D. J. Stolley, E. P. Garvey, C. F. Vead, A. P. Tukey, George Payne, L. D. Spaulding, L. Selby, J. Benson, Thomas McCague, G. B. Lashburn, George J. G. Willis, C. S. Shiner, N. F. Dodge, John W. Robbins, O. C. Redick, R. C. Peters, W. F. Graham, C. E. Miller, W. F. Houtz, George N. Hild, C. B. Glover, W. A. Spencer, Thomas Brennan, J. T. Clarke.

It was erroneously reported that Patrolman John and Cunningham were the arrest of E. Smith, the colored man now charged at the city jail with outlawing with intent to kill Miss Connors.

It developed Tuesday Smith may have to face the charge of murder for the wanton assault he committed. After the surgeons at the Clarkson hospital had dressed the wounds on Miss Connors' face and neck a narrow wound was discovered in her left side.

F. F. Rathbun of Red Oak, Ia., representing a manufacturing concern of that place in the city hunting a location for the plant of his firm.

Early Wednesday morning as a fast freight on the Union Pacific was pulling out of Bay State, a station west of North Bend, a derailment put the engine and two cars in the ditch.

The body of J. C. Barber arrived in this city last night from Kansas City, where he died Tuesday. It was taken to Brasley & Dorrance's undertaking parlors to await funeral arrangements.

Leave of absence for ten days has been granted First Lieutenant Theodore B. Taylor, Eleventh Cavalry, Fort Des Moines.

D. O. Benson, colored, was arrested last night, charged with entering the rooms of Walter Mizit while the latter was in jail as a larceny suspect.

John Hartle has finished putting concrete underpinning beneath the foundation of the New York Life Building at the north end, a work made necessary by the erection of the Brandeis building on the ground immediately north.

DEATH RECORD.

Edward A. Fitzpatrick.

COLUMBIA, Neb., Nov. 8.—(Special).—Edward D. Fitzpatrick, for over thirty years a resident of this city, died last Saturday morning after a prolonged illness.

Seven months ago he sustained a severe paralytic stroke, and a similar affliction during the week preceding his death hastened the end.

For two terms he was mayor of democratic Columbia, and he also served as a member of the city council.

It was erroneously reported that Patrolman John and Cunningham were the arrest of E. Smith, the colored man now charged at the city jail with outlawing with intent to kill Miss Connors.

It developed Tuesday Smith may have to face the charge of murder for the wanton assault he committed. After the surgeons at the Clarkson hospital had dressed the wounds on Miss Connors' face and neck a narrow wound was discovered in her left side.

Made in the Golden Sunlight. It is conceded by the highest authorities that the soda cracker contains the life-giving elements of wheat in the best proportions. This being so, then Uneda Biscuit must at once take first place as the food of the world—a soda cracker, but such a soda cracker! Made by exact science in sunny bakeries so light, bright and clean, that they are a revelation.

Jap Rose Soap. An exquisite production. No skill can make a soap less harmful or more delicate. It beautifies the complexion, keeps the hands soft and white, imparts a constant bloom of freshness to the skin. JAMES S. KIRK & COMPANY.
