

HELP THE KIDNEYS.

Diseases of the kidneys are growing more common every day. Health reports everywhere prove it.

The healthy human body passes off every day an ounce of urea, containing twelve grains of uric acid. The duty of the kidneys is to filter this poisonous waste out of the blood...

"THE KIDNEYS ARE THE FILTERS OF THE BLOOD—KEEP THE FILTERS OPEN"

It should be clearly understood that a little timely help for the kidneys will set them right, but continued neglect results in dropsy, sediment in the urine...

For this purpose there is no remedy so well adapted as Doan's Kidney Pills. By the willing testimony of residents of our own city, this remedy is proved a cure for backache, and all kidney and urinary ills.

OMAHA PROOF.

Wm. H. Maiken, carpenter, of 2621 Lake street, says: "During the twelve years I had attacks of kidney complaint I took lots of medicine, but received little, if any, benefit."

VANDIVER IS RESTRAINED

New York Life Gets Temporary Injunction from Federal Court.

SUSPENSION OF LICENSE IS HELD UP

Missouri Commissioner is 'Enjoined from Enforcing Order Excluding Company from State.'

ST. LOUIS, Nov. 9.—The New York Life Insurance Company, through its attorneys, F. N. Judson and former Attorney General Crow, late this afternoon applied to United States Circuit Judge Adams for an injunction to restrain State Insurance Superintendent Vandiver from enforcing his order prohibiting the company from carrying on further business in Missouri.

The application for an injunction was made following a long conference between the attorneys and Judge Adams in the latter's chamber in the federal building.

Both Messrs. Judson and Crow were reticent when asked concerning the conference.

The application was favorably passed upon by Judge Adams, who issued a restraining order directing William D. Vandiver, state superintendent of insurance, to appear before the federal court in Jefferson City, November 20, to show cause why he should not be prevented from enforcing his order excluding the New York Life Insurance Company from doing further business in Missouri, and ordering that, pending the hearing November 20 the superintendent's order be not enforced.

Order is Ignored. Notwithstanding State Superintendent of Insurance Vandiver last night officially suspended the certificates of authority of the New York Life Insurance company under which it was licensed to transact business in Missouri, it was stated at the St. Louis offices of the insurance company in question that no attention was being paid to the order suspending its license.

CONTEST AT GRAND ISLAND

School Bonds Carry After Lively Campaign in Which Women Take Part.

GRAND ISLAND, Neb., Nov. 9.—(Special.)—With a strong republican ticket in the field and the county giving a good safe majority on the head of the ticket, the republican party nevertheless lost an additional county office in the campaign just closed, and came very nearly losing a second. J. H. Mullin, nominated for his fourth term, was re-elected county judge over T. O. C. Harrison by over 200 votes.

whereas it had been regarded as a safe venture that Harrison would easily carry the county. George Koell, the hero-freeman, was elected clerk by over 200 majority, largely out of sympathy, but, it is alleged, also through a lack of harmony between Chairman Prince of the republican central committee and the republican candidate, James Deane, who elected shortly after.

Republican candidate and present incumbent by appointment, by about 400. The republicans, however, gain the county superintendent's office, Miss Brown, the first woman candidate ever running in Hall county, leading the republican ticket.

Dr. Sutherland was re-elected coroner, C. E. Baldwin surveyor and W. R. King treasurer, the latter by a majority of fifty.

In the city of Grand Island the liveliest factional fight that ever took place resulted in the carrying of school bonds to the sum of \$20,000 for a high school building on a site the purchase of which, it is alleged, is illegal, and no special election for the purpose, it has been stated, being called.

STUDENTS ARE ENCOURAGED

Expect Much from Election of Abbott as One of University Regents.

FAMILIAR WITH NEEDS OF INSTITUTION

Nemaha the First County to Bring Its Official Election Returns to the Capitol—Wedding in Omaha Circles.

(From a Staff Correspondent.) LINDCOLN, Nov. 9.—(Special.)—Much gratification is expressed among students of the State university over the election of Fred Abbott to membership on the Board of Regents. Mr. Abbott has kept in close touch with the university and the students since leaving college, and he is in a good position to know what is needed in the management. As soon as he takes his place the matter of the regents furnishing textbooks to the students at cost will be taken up with Mr. Abbott and a different result is expected than that which attended the efforts of the pupils in the past. Another reform that Mr. Abbott is expected to bring about is open meetings of the Board of Regents, especially those meetings where large sums of money are spent.

A number of students who have entered the agricultural college have made complaint of the enormous cost of books, and these will call upon the new board as soon as it is organized.

Superintendent Crabtree of the Peru Normal was in Lincoln today, and he said his school was working nicely under the new textbook rule. At that institution the books are rented to the pupils at a nominal cost or sold to them at actual cost. The pupils have been saved thousands of dollars and at the same time the state has not had to expend a cent of its money, as the system pays its own way.

Nemaha Gets in First. Nemaha county is the first county in the state to get its official election returns to the secretary of state.

Solves Problem of Dress. Aggravated by the governor's pencil cord that he carried in his pocket, the board has just been solved by an order from the department. For years and years the colonels have worn aquilettes, but in various places on their uniform and the efforts of the adjutant general to get all to wear them alike have proven unavailing. Now, however, the board has decided to take up the matter and today an order was received telling just exactly how these things should be worn. The order is as follows:

The right shoulder knot, long pencil cord to right shoulder crossing on top of the right breast, loops crossing on top of the right breast, before the front pencil cord to be hung, before the coat, on the right side, the button on right side, and the rear pencil cord to be hung on the right arm, to be hung on the second button.
