DIAMOND THIEF ARRESTED

New York Painter Who Stole \$100,-000 Worth of Gems in Two Years Sent to Sing Sing.

NEW YORK, Nov. 10.-Confession to the robbery of \$100,000 worth of gems from fashionable New York homes in the last two years was made today by Harold Prescatt, a painter. His profit on pawning the jewelry, Prescott said, was but little over \$5,000. Almost by accident the painter was arrested in connection with a recent small robbery and the police were ignorant of the value of their arrest until his arraignment today. Immediate search was made of pawnshops he named and the police say they have recovered \$30,000 worth of the stolen gems already. Prescott was later sentenced to five years in Sing Sing.

LODGE ON THE CORPORATIONS Says Government Should Regulate, but Not Own or Operate Their Business.

BROOKLINE, Mass., Nov. 10 .- Senator Lodge, in the course of his address at the bicentennial celebration, said:

"The belief that great combinations of capital should not be and cannot be allowed to operate unchecked and unwatched is not only natural, but sound and right. But there is a wide distinction between government supervision and regulation of these enormous agencies for the conduct of business and government ownership and operation of such agencies. The one is a necessity in the public interest developed by modern conditions; the other is a revolution in our entire theory and practice of government.
