HUNTER DECLINES TO WORK

Confined in Cell for Three Years, but Steadfastly Adheres to Resolution.

HEALTH OF PRISONER BREAKING DOWN

Des Moines Man Writes to Authorities to Ascertain How Many Children He Has, as He Has Lost Count.

(From a Staff Correspondent.)

DES MOINES, Nov. 11.—(Special.)—Matt Hunter, sentenced to twenty-five years imprisonment for the murder of Homer Holland, has steadfastly refused to do any work at the penitentiary at Fort Madison, and is now reported to be very sick from his close confinement and rapidly falling. Hunter for nearly three years has refused to do any work, with the exception of about three days, when he was put to work in the tailor department making button holes. As the laws are interpreted by the state warden, Hunter's term will not begin till he obeys the rules of the penitentiary and starts to work. On his refusal to work he is kept in solitary confinement. He has now grown so thin and pale that it has been found necessary to remove him to the hospital. Hunter's case has attracted very wide attention in the state, for the reason that he is about the first prisoner who has steadfastly refused to do any work. Usually the prisoners after solitary confinement for a short time will be glad to seek employment in the prison. Hunter's relatives have all pleaded with him to work and maintain his health, but without avail. There is furthermore a question as to whether or not the warden at Fort Madison has correctly interpreted the law in ruling that Hunter's term does not begin until he obeys the prison rules and works. Hunter was convicted of the murder of Homer Holland at Mt. Airy, Holland was a Drake university athlete. Hunter claims that in a gambling game Holland took \$20 of his money. He proceeded to get a revolver and on meeting Holland on the street shot and killed him.

Charles F. Rohel, general manager of the International Christian Institute, reports that his organization, which has been in existence for two years, has progressed so far in its benevolent objects that a public statement can now be made. Another committee from the board of directors of the organization has had charge of the Hotel Dellone, and it is now made public that this hotel is to be converted into a hospital. OHIO SITUATION CLEARING UP

Republicans Elect All Candidates on State Ticket Except Governor.

COLUMBUS, O., Nov. 11.—Today's developments have cleared up the post-election situation in Ohio considerably. Practically complete returns on the entire state ticket show all the republican candidates except for governor have been elected by substantial pluralities. The figures given by Chairman Dick show a range from 27,000 plurality on lieutenant governor to 20,000 on state treasurer. Lewis Houck, democratic candidate for lieutenant governor, before leaving for his home at Mount Vernon this evening, admitted his defeat. Chairman Garber of the democratic state committee was expected to give out a statement tonight, but it was not forthcoming.

PITTSBURG, Nov. 11.—Attorney John Marzocco representing the depositors of the defunct Enterprise National bank of Allegheny, said today that criminal action will be taken against certain people connected with the bank's failure, within seventy-two hours.

He declined, however, to state against whom the proceedings will be taken. He said most of the seeming mystery surrounding the failure of the bank had been cleared up and it will be only a short time until the public will be given a whole truth. Mr. Marzocco said revelations of a sensational character will result.

COURT-MARTIAL FOR MIDDY

Minor Meriwether Who Engaged in First Fight Must Answer for Manslaughter.

WASHINGTON, Nov. 11.—Secretary Bonaparte today ordered a court-martial for the trial of Midshipman Minor Meriwether, Jr., of the third class at the Annapolis Naval Academy in connection with the death of Midshipman Branch, which followed a fist encounter between the two naval students.

Secretary Bonaparte issued an extended statement reviewing the reports he received from Annapolis regarding the fight, and the cause which led to it. The statement concluded by saying that it is clear that these reports imply to Midshipman Minor Meriwether, Jr., offenses of such gravity that his trial by court martial is indispensable. Section 241 of the United States revised statutes reads as follows:

Every person who unlawfully and wilfully, but without malice, strikes, stabs, wounds or shoots at or otherwise injures another, or who, striking, stabbing, wounding, shooting or otherwise injury such other person dies, either on land or sea, within or without the United States, is guilty of the crime of manslaughter.

In view of the foregoing facts a court martial is hereby ordered for the trial of Midshipman Minor Meriwether, Jr., third class, on such charges as may be returned against him, and all papers in the case are referred to the judge-advocate general.

The department feels that it has a duty to discharge against Midshipman Meriwether in this deplorable affair by reminding the public that he has had no opportunity to give his version of the affair, and that in view of the situation he will be placed in he will not have such opportunity until he makes his defense before the court martial hereby ordered.

The department feels that, as an act of justice, a suspension of judgment respecting his offense until he has been heard in his own defense.

All the papers bearing on the case have been referred to the judge-advocate general of the navy for the preparation of the charges upon which the young man will be tried, and it is expected they will be ready next week.

The members of the court will then be selected from officers stationed in this city and Annapolis.

Secretary Bonaparte said today that the department will take no independent ac-

tion with regard to the midshipmen who participated in the fight between Midshipman Branch and Meriwether as referee, seconds, etc., unless such action is recommended by the authorities at the navy academy who have been instructed to investigate the matter, and reply as to such disciplinary measures as they deem necessary.

Both parties continue to claim a majority in both branches of the legislature. The majority in either branch will be very small, probably not more than two or three for the party it controls.

Chairman Dick issued the following statement: The republican state committee has received reports from eighty-eight counties of the state, which have been carefully tabulated, show that candidates have been elected by approximate pluralities, as follows:

Pattison (rep.), for governor, by 41,000. Davis (rep.), for lieutenant governor, by 27,000. McKinnon (rep.), for treasurer of state, by 25,000. Ellis (rep.), for attorney general, by 28,000. Kirley (rep.), for member of the Board of Public Works, by 25,000.

Reports from the senatorial districts show eighteen republicans and seventeen democrats to have been elected. Two districts are yet to be reported. One is probably democratic and the other is still in doubt. Of the 12 candidates for the house of representatives sixty-two are reported to have been elected. Fifteen yet remain to be reported. Since there are 12 members of the house, the republicans will control on joint ballot.

Large subscriptions have already been made and less than \$15,000 is now required to fully complete the plans. It is intended that the committee shall rapidly raise this amount and arrange at once for the change. Patients will be admitted regardless of creed or belief, those having contagious diseases only being excluded. The needy will be admitted free to the financial limit the public may provide. All reputable physicians will be cordially welcomed to treat patients in the hospital. A Christian training school for nurses will be conducted.

Saturday Night Passes Without Any Attempt to Assassinate Jews.

ST. PETERSBURG, Nov. 12.—3:30 a. m.—The groundless nature of the alarmist reports that a St. Bartholomew massacre would take place last night was demonstrated when the hours passed without the slightest development of mob spirit. The only sign of anything out of the ordinary was that the Jewish stores were shuttered earlier than usual in several streets and localities which rumor assigned as the scenes for looting and Jew baiting.

Students in uniform avoided these quarters and the frequent military patrols indicated that the authorities realized the necessity of preventing any outbreak in the capital.

An unconfirmed report was in circulation late last night in the newspaper offices that Cosackas had fired on a crowd of roughly in a suburb beyond the Moscow gate, but this was later authoritatively denied. Prince Lvoff, the Moscow semistvolet and one of the leaders of the constitutional democrats, has issued a reassuring announcement declaring that the rumors of organized Black Hundreds were almost entirely mythical.

In an effort to pacify the country and end the fratricidal strife Count Witte has enlisted the aid of the church and the Holy synod, which, under the direction of Prince Alexis Obolensky, has issued an encyclical which will be read in all the
