

MINNESOTA NOT SO CERTAIN

Prediction Score in Nebraska Game Will Be a Small One.

LINCOLN ROOTERS OFF FOR THE NORTH

Two Trainsloads Will Be on Hand to Shout for the Cornshakers When They Meet the Gophers.

MINNEAPOLIS, Nov. 17.—(Special Telegram.)—In mass meeting today the Minnesota rooters adopted a new yell, which is shorter and snappier than the old one:

Rah-Rah-Rah-Rah-Rah-Rah! (The yell.)

The old yell will not be abandoned, but the new warwhoop will be used principally. The Nebraska team arrived in St. Paul today about noon. This noon it was taken for a long ride and then for signal practice. It is a husky bunch and the game will in all probability be hard fought and the score small. Both sides appreciate this and neither seems inclined to make any predictions.

Representatives of both teams met today to debate the question of the eligibility of Eager and Johnson. Nebraska seemed to think that the men could play, and they will probably appear in the lineup.

Three trainloads of rooters will arrive here tomorrow from Nebraska prepared to cheer their men on to victory.

Lincoln Rooters Go to Game. LINCOLN, Neb. Nov. 17.—(Special.)—A big bunch of Nebraska foot ball rooters left for Minneapolis this evening on three special trains. A great crowd was at the station to see the Nebraskans take their departure.

Mayor Brown headed the Lincoln delegation. Accompanying the party were a number of state officials, among them being Auditor Scoble, Secretary of State Galusha and Land Commissioner Eaton. Deputy Supreme Court Clerk Seymour and other employees of that office joined the party and Clerk H. C. Lindsay would have done so but for his ailments. He went so far as to make a proposition to take his physician along and pay his expenses if the medic could guarantee that he would stand the strain, but the medical man refused to do so.

Tomorrow practically all business will be suspended in the city during the afternoon in order to permit the crowds to watch the bulletin boards. No recent contest, not even that with Michigan, has elicited anything like the interest shown in the pending game.

WISCONSIN PLAYS MICHIGAN

Coch Yost Says He Expects Score to Be Close.

ANN ARBOR, Mich., Nov. 17.—On the eve of Michigan's game with Wisconsin the city of Ann Arbor was decorated in honor of the two eleven's that will meet on Perry Field here tomorrow. Every store in the business part of the town is decorated with the colors of the Universities of Michigan and Wisconsin. The Wisconsin players will arrive here tomorrow morning from Detroit, where they practiced today. Coach Yost of Michigan said tonight that he expected tomorrow's score to be close, and that he expected Michigan to win. "Wisconsin wins," said he, "they will know that they have been in a foot ball game."

The weather indications for tomorrow are fair and colder.

Doane Wins a Hard Game.

CRETE, Neb., Nov. 17.—(Special Telegram.)—Doane played St. Mary's at St. Mary's Kas. The game was a very singular one, ending in a score of 25 to 10 in favor of Doane. St. Mary's made two touchdowns in the first half before Doane was able to cross the line. The half ended in two touchdowns for each side. In the second half St. Mary's made two touchdowns and with a five point lead to overcome the Doane halfbacks, plunged through for two more touchdowns and victory. The players of the Catholic tackled and quarter back, with the plunging of the Doane half back, were the feature of the game. Doane was very strong, their tackle backs being especially successful. Doane plays the Nebraska university next Saturday, November 25.

Rubber to Decide Superiority.

FRANKLIN, Neb., Nov. 17.—(Special Telegram.)—Franklin academy foot ball team went down to defeat today before the Norton (Kan.) high school boys by the score of 12 to 6. The game was full of danger from start to finish, the teams being very evenly matched. Franklin defeated this same team at Norton a short time ago. A third game will be arranged to decide which is the best team.

Normals Easy for Grand Island.

GRAND ISLAND, Neb., Nov. 17.—(Special Telegram.)—Grand Island Business college today defeated the Nebraska State Normal from Kearney in a game of foot ball by the score of 18 to 6. Grand Island made gains on end runs as well as line smashes, while Kearney attempted nothing but line smashes. One touchdown in the first half and two in the second.

West Side Beats East Side.

DES MOINES, Ia., Nov. 17.—(Special Telegram.)—West Des Moines high school won the annual game of football with East Des Moines high school today 11 to 6. As a result Ida Grove and West Des Moines will play next Saturday week for the championship of the state.

INTERNATIONAL PRIZE FIGHT

British Sailor Pugilist Has Better of Three-Round Draw.

NEW YORK, Nov. 17.—A three-round boxing exhibition between William E. Cockran, a royal marine from the cruiser Drake and middleweight champion of the British navy, and Jack Reins, of the battleship Iowa, said to be the champion in his class in the American fleet, took place tonight in Tom Sharkey's gymnasium. The British marine was easily the better man. He was said to weigh 167 pounds. The

American was said to weigh 154 and besides his antagonist looked slight.

In the first round Cockran drew blood. He fouled the American with a right knockout in the second and he was on his knees taking the count when the gong closed the fight and last round. No decision was given by Referee Sharkey, but would go to Cockran as having made the best showing. Arthur Donovan, chief official here, said Cockran's second and Billy Rodenkamp was in the American's corner.

The bay was packed. None of the higher officers of the fleet were present. There appeared to be no betting, and the umpire, who is the American, made his fellow countrymen cautious.

BASE BALL COMMISSION ENJOINED

Manager Kelley of St. Paul Gets Temporary Order Against His Sale.

CINCINNATI, O., Nov. 17.—A legal contest against a decision of the National Baseball commission was begun in the United States district court in this city today when Michael J. Kelley, the manager of the St. Paul American baseball team, filed a petition to restrain it from putting into effect its decision that he should play with the St. Louis American league team. Kelley declared that he was not under contract with any club, and that he had not theretofore been the subject of a sale by owner George Lenson of that organization. He stated that he had been asked to play with the commission undertake to play with any other than the St. Louis club he would be required to sign a contract with the St. Paul American league team, and that he was not prepared to do so. Kelley also declared that he was not a member of the commission, and that he was not bound by its decision. He also stated that he was not a member of the St. Paul American league team, and that he was not bound by its decision. Kelley also stated that he was not a member of the St. Paul American league team, and that he was not bound by its decision.

Rule 25.—No sale of a minor league player by one minor league club to another shall be permitted within six days of the first drafting day of each year. All sales of minor league players by one minor league club to another shall be reported by the secretary of the National association to the secretary of the National commission at least four days before the first drafting day of each year.

After Automobile Record.

CHICAGO, Nov. 17.—Clovis Bertrand and A. G. Schmidt left today in an attempt to break the automobile record between this city and New York. The record is fifty-eight hours and thirty-five minutes.

Blach-Round Draw.

MILWAUKEE, Wis., Nov. 17.—Young Joe Philadelphia and Jack O'Leary of Milwaukee fought eight rounds tonight to a draw.

Sporting Brevities.

The Boyles' college team will play the University of Oregon at the University campus this afternoon at 3:30. The game promises to be an interesting one.

The Starlights will meet the Starlights at Vinton Street park Sunday afternoon. The Starlights are said to have annexed a number of new players and expect to put up a stiff game with the Shamrocks.

The latter are confident of winning.

When the postponed Johnsons, the crack end of the Nebraska team and Eager, on the ground they have played on the University campus at 3:30 today.

The Gophers do not protest very hard and leave the matter entirely in the hands of Coach Johnson, who is coaching Nebraska, knocking for recognition at the gates of the Big Four, cannot afford to do anything contrary to the conference rules.

Haskell Indians have called into service the old coach, A. G. Elmer, of Omaha, who will go to Lawrence to prepare the Indians for their battle with Kansas Saturday afternoon. Elmer is a former Michigan player and coached at that institution four years ago when the situation first came into prominence, as having a team capable of competing with the best colleges and since that time these same Indians have been wholly expected on every grid, on which they have given the best of the country.

Freight train, the year it had a team worthy of the institution and when such a team is formed, the school will be able to call upon the Omaha team.

When the Omaha Commercial college and the Fort Crook foot ball teams get together at Vinton street park Saturday afternoon, lovers of the sport will be able to witness the best that Omaha can produce this year. Since the disbandment of the Creighton team and the assumption of its schedule by the Omaha Commercial college team, this is the best team hereabouts, and should receive the patronage which it deserves. The receipts of the game will go to the soldiers relief fund for the relief of the soldiers of deceased soldiers, a most worthy cause which should receive the hearty support of all. The officers of the fort back the team, and have it equipped with a full line of paraphernalia. The players are all big and strong, thoroughly trained and should be able to give a good exhibition of foot ball.

Spring Company Buys Plant.

NEW YORK, Nov. 17.—The Railway Steel Spring company announces that it has closed negotiations for the purchase of the "Cockran," a royal marine from the cruiser Drake and middleweight champion of the British navy, and Jack Reins, of the battleship Iowa, said to be the champion in his class in the American fleet, took place tonight in Tom Sharkey's gymnasium. The British marine was easily the better man. He was said to weigh 167 pounds. The

BATTLE ROYAL AT NEW HAVEN

Intense Interest in Foot Ball Game Today Between Princeton and Yale.

BOTH TEAMS IN PINK OF CONDITION

Local Eleven Has Better Record for Season and Betting, Which is Light, is 2 to 1 Against Visitors.

NEW HAVEN, Conn., Nov. 17.—Banners of Yale blue and here and there a color splash of the orange of Princeton, and throngs of lively, cheering graduates and undergraduates upon the city streets were the most striking evidence of the fact that this is the eve of the annual foot ball contest between the two universities. Everything is in readiness for the contest, and, as the best of weather is predicted, the prospect promises to be a record-breaker.

The talk on an alleged city street was wholly upon the subject of tomorrow's game. A score in double figures is expected by Yale, but, as it is a college tradition that Princeton always plays its best game against the blue, the undergraduate body seems to be prepared for anything.

Few Wagers Are Made.

The men of old Nassau were not so much in evidence tonight as in the years when the Princeton team came here for overnight quarters. The making of wagers on the outcome never has been so insignificant. A few bets, with Yale giving odds of 2 to 1, were made, but the total amount actually very little money was in sight. Yale has been consistent in winning its practice games and has not yet had its goal line crossed, while Princeton fell before the onslaught of Dartmouth's eleven and has been scored on by other teams. It is because of the somewhat remarkable showing of Yale, with a team which, owing to its light weight, has been unable to use to any extent the heavy tackle plays of the past years, that the sons of Eli are so full of confidence of winning. Both teams have been playing the so-called "open game," Yale to a most pronounced extent than its rival, in which end and quarter-back runs have been frequent.

The Princeton team stopped over in New York tonight, but members of the vanguard from that college who have reached here report that every man in the prime shape and full of courage and confidence. The prospect of good work. Trainer Mack of Yale says that every man who has been prepared for the Princeton game is in good condition.

Signal Practice at Yale.

A short signal practice at the Yale field this afternoon and another in the gymnasium tonight were the only work done by the Yale team today and in both of these Erwin was at left guard. It was not until today that the coaches decided to start Erwin at guard. Erwin is lighter than Hoekensburger, who is the heaviest man on the squad, and during the last week fairly won his position by his great work with the scrubs.

The makeup of the teams as they will face each other at 2 o'clock is:

Table listing players for Princeton and Yale, including names like Gates, Erwin, and others with their positions.

The officials will be: Evaris Wrenn, Harvard umpire; J. C. McCracken, University of Kentucky, referee, and C. D. Hart, Harvard, head linesman.

In regard to weight the teams are evenly matched, Yale having a very slight advantage.

WITH THE BOWLERS.

It was the unexpected that happened last night when the Armour club were defeated by the Armours under for three straight games. The shoe men looked for one game, hoped for two and said they would win three, but they didn't believe it. Both teams were minus some of their best men and the scores were low. McCague was hit by a wide margin with 52 and 225. Score:

ONIMODS.

Table showing bowling scores for Onimods and Armours, including names like McCague, Tracy, and others.

On the Lentz & Williams alleys last night the Armours by 2 were defeated by losing three games to the Life Maltz. Score:

"It's Up to You."

It was a plain, unadorned declaration of conditions and not theories that caused some merriment in the circuit court in Joplin, Mo., according to the Globe of that place, the other day when the keeper of a negro club was arraigned before Judge Dabbs on a charge of selling liquor without a license. The negro stood trembling before the bar of justice, and was quite as white as the nature of his complexion would allow. "Well, I don't know what to do about your case," said his honor, with seeming sternness, but with a heart tempered with mercy; "I can fine you from \$50 to \$500. What do you think I ought to do with you?"

"I don't know, Judge. It's up-up to you," stammered the negro, with such abject earnestness that the court, judge and all burst into laughter.

Why He Changed Faith.

A southerner was telling of an old colored man in his neighborhood who first joined a Baptist church, then the Methodist and next the Baptist where he remained. Questioned as to the reason for his church travels, he responded: "Well, sub, hit's this way: De 'Piscopal is gemman, sub, but I couldn't keep up wid de answers' back in de church. De

Methodist, dey always holdin' inquiry meetin's, and I don't like too much inquiry' into. But de Baptist, sub, dey jus' dip and are done wid hit."—New York Press.

OLD RESIDENT DEAD IN CREEK

Thought to Have Been Knocked Into the Water by Passing Train.

LEAD, S. D., Nov. 17.—(Special Telegram.)—About noon today the dead body of Michael McDermott, a well known resident of Lead, was found in the waters of White-water creek near the city streets, just above Kirk. McDermott had been visiting out in the country, evidently started to walk into the city in the early morning hours and was either struck by a train and thrown into the water or else had slipped from the embankment in trying to avoid one and fell to the water below.

At the point where his body was found the bank is about fifteen feet high and very rocky and steep and in falling McDermott may have been rendered unconscious, and falling in the water, which was but about a foot and a half deep, drowned.

FIRE LOSS IS HALF MILLION

Estimate of Damage by Prairie Fire Near Aberdeen, S. D.

ABERDEEN, S. D., Nov. 17.—(Special Telegram.)—The loss in live stock, grain, hay and farm buildings on account of Wednesday's prairie fire is estimated at \$500,000. An area that covered five miles wide, twenty miles long, was swept by the fire.

Gold Strike Near Meeteetse.

MEETEETSE, Wyo., Nov. 17.—(Special.)—A rich strike of free gold and native copper was made in one of the Flockhart claims at Kirwin, forty miles south of this place, and a messenger was hurriedly sent to Meeteetse to wire the news to the eastern stockholders, who are working the properties under lease. C. L. Tewksbury, resident of Kirwin and manager for the Wyoming Mining and Development company, composed of Pennsylvania capitalists, is in charge of the work on the Flockhart group, and regarded the strike of such importance that the messenger was not even held until an assay could be made. Aside from a small strike of gold on Middle Fork, near the Slaughter mine, this is the first find of any importance, all the rest of the area being refractory.

Troops to Protect Boysen.

THERMOPOLIS, Wyo., Nov. 16.—(Special.)—As a result of the blowing up of the diamond drill outfit of Asmus Boysen on the Wind River Indian reservation near here last week, the government has ordered the stationing of squads of United States cavalry from Fort Washakie at Thermopoli, Red Canyon and on the Wind river. Any further attempts to harm Boysen or molest his property, even though he is not on the reservation, will meet with drastic military measures. The identity of the raiders is still a mystery. Tracks of two men were found leading from the scene of the dynamiting, but the trail was soon lost and the men have probably escaped.

Many Homestead Entries.

PIERRE, S. D., Nov. 17.—(Special.)—The filings at the land office in this city keep up for this month almost as well as they did for October. For the first half of the month there were 15 homestead and thirty declaratory entries, making a total of 45 tract sections, taking up over a township of land. The demand for land is causing a great deal of contest business for the office and the man who is not living on his claim pretty well in accordance with the law is likely to find himself called upon at any time to defend his right to the tract on which he has filed.

BEATS THE LAMB MARY HAD

It Will Chew Tobacco, Waltz to Any Whistled Air and Often Runs to Fires.

A lamb that will chew tobacco, waltz to any whistled waltz air that is not too dreamy, chase cats and dogs and is the jodas who betrays his kind to the eye of the executioner, is a pet at the Poughkeepsie branch of Armour & Co.'s big Chicago packing house. The lamb has been named Dick Armour. The branch employees are now somewhat perturbed over a rumor that Dick will have to go the way of most lambs before they become mutton. It is necessary to save it from this fate it will be purchased in the regular way and provided with a private pen, with tobacco and waltz music ad libitum.

Dick is a regular figure on the city streets, seated in one of the Armour company's drivers on the wagons that haul the carcasses of the less fortunate brethren around to meat markets and coolers. It has the run of the Armour plant and sleeps in the barn with the horses, going right into the stalls and sleeping beside the head of one or another, or the fancy series. It is often passed a day with Cashier William J. Davis or Manager Charles Wright and is also friendly with the clerks in the shipping department. When disappointed it expresses its chagrin by butting everybody in sight.

The firemen know Dick, for the lamb often runs to fires. In its trips around town when it encounters a dog too big for it to handle it will drop in between a team of Armour company's horses, where it will trot along in safety. The horses will draw apart to give Dick plenty of room. Dick's favorite companions are the Armour horses and six or eight cats around the big cooler in this city. The only cat it dislikes is Ice-house Jimmy, so named because it lives in the refrigerator, where the air is kept 3 degrees above freezing, and cannot exist outside. A few minutes in the outer air causes it to drop in convulsions. Dick saw Ice-house Jimmy in one of these convulsions and ever since has kept shy of the cat.

Dick meets incoming flocks of sheep and pilots them through the town to the abattoir, where they are placed in the buck and have knives stuck through their throats by butchers. For its services in the line application may be made to have it pensioned. Certainly it is too cute and clever to travel the road that leads to chops and roasts.—New York Sun.

Making Sure of the Tip.

"Bring the change in quarters," said the man who had paid for a four-dollar luncheon with a fifty-cent bill. "Why did you specify the denomination?" asked the woman opposite. "Because if I hadn't that fellow would have brought in half dollars and then I'd have to give him a fifty-cent tip. That is a price most waiters have. When it is possible to bring the change in half and half dollars they do it, so the tip will be correspondingly large. Of course, in restaurants where twenty-five cents is the usual tip they are not quite so greedy and get the change so out that it shall contain at least one quarter. They are afraid that if that is not handed they may get turned down without anything, and they don't want to take chances of losing all the way round. In all restaurants dimes are avoided in making change whenever possible. Every waiter considers his service worth more than that, and he takes precautions to prevent a patron from disgracing himself by offering him one. "Cashiers are all in on the game of change. They take care to make it in coins that will insure the waiter a satisfactory tip; so unless the customer has the forethought to ask for a little chicken feed

he is doomed to a ruinous contribution."—New York Herald.

Rabbit Plague in Australia.

The reward of \$100,000 offered by the government of Australia to any person who may devise a successful mode of exterminating the rabbits, whose numbers make them a pest, is still standing," said A. McDonald of Melbourne. "It was offered a good many years ago and a great many people thought they saw an easy way of getting a nice lump of money, but so far no effective scheme of eliminating the bunnies has been presented. No matter how fast they are slain they breed with such rapidity as to defy extinction and continue to plague the cattle men and farmers. They are shipped to London by the thousands in refrigerated vessels, where they are eagerly bought by the English, who seem to prize them as an article of food. In Australia few people will eat them."—Washington Post.

He Was Wise.

"How do you like your husband, Ma-bell?" "Oh, I believe he has deceived me and is a widower." "What makes you think so?" "Why, the first night we were married he sewed up his vest pockets."—Columbus Dispatch.

Shingle Planes Close for Sixty Days.

BELLINGHAM, Wash., Nov. 17.—The shingle manufacturers of northwest Washington, at a meeting today, concluded arrangements to join the close-down of plants throughout this state for sixty days, beginning December 1. The movement originated here some time ago. Over 90 per cent of the mills in this vicinity have agreed to close and their operators have put up certified checks as forfeit in case they violate the agreement.

DOCTORS FOR MEN

"We make no misleading statements or unbusinesslike propositions to the afflicted, neither do we promise to cure them in a few days nor offer cheap, worthless treatment in order to secure in their patronage, but we guarantee a perfect, safe and lasting cure in the quickest possible time, without leaving injurious after effects in the system, and at the lowest possible cost for honest, skillful and successful treatment."

First Symptoms — Of — Men's Diseases

If we could but see and treat all men when the first symptoms show themselves there would soon be little need of so-called specialists in chronic diseases, and there would be few men seeking a rejuvenating of their physical, mental and sexual powers, and there would be none marked with the indelible stamp of constitutional Syphilis, and the sufferers from VARICOCELE, STRICTURE, GLEET, KIDNEY AND BLADDER DISEASES, would be reduced to a minimum. But as long as MEN continue to disregard the golden advice, "A stitch in time saves nine," and continue to neglect themselves or are indifferent in securing the right treatment at the outset, just so long will there be multitudes of chronic sufferers.
