Several bids for a five-year contract for A Reliable Dentist the work were received, the price ranging at a Reasonable Fee. from \$600,000 to \$1,000,000 for the first year of the five with varying reductions for Phone each of the succeeding four years. To assist the committee in reaching a conclusion, Commissioner Patterson compiled the resuits of investigation of methods in vogue in other cities, and the facts thus gathered and the firm puts the \$5 against the driver. are of great value to all communities. Mr. Patterson says:

637

"Those who have interested themselves in the problem of garbage disposal in Chicago are agreed on this proposition: The dumps must go. Dumps poison the air for miles around; and if ground made by dumping is dug up years afterwards it is found still putrid. Dumping is a barbarous anachronism for a twentieth century city.

"There is also general agreement that garbage must be collected daily from all houses in, the city. For, while swill under twenty-four hours' old is comparatively inoffensive and harmless, stale swill which has been left to decay for two or more days becomes unpleasant and dangerous to health. Especially is this true in hot weather

## Methods of Disposal.

"Shall garbage collected be disposed of system than would be possible under our by reduction or incineration? Reduction civil service law at its present state of efficonsists in squeezing the liquid out of the clency, garbage, skimming the grease from this liquid, and converting the dry residue into fertilizer. About 3 per cent of the liquid city must either collect the garbage itself or can be saved for grease, the remainder run- supervise its collection. If the city is unning off into some large body of water, able to collect its garbage properly it is But this liquid is perfectly sanitary and also unable to supervise its collection by comparatively odorless because it has been confractors. ooked at a temperature of 313 degrees "Contractors are in it for the money. Incorporated 1986.

It was announced yesterday by Futher Dowling, president of Creighton university, that the university will build a dormitory on the lots at the southwest corner of Twenty-fifth and California streets, recently given to the university by Count Creighton. The building will be tell feet on Twenty-fifth street and 25 feet on California street and will be two stories in height. It will afford accommodations for sixty students, each in a separate room. There will be a large reception room, a dining room for the regular dormitory boarders and a lunch they bring from their homes and where they may buy a bowl of soup or a cup of coffee if they so desire. In the west end will be class rooms for the sole use of the younger students. What is called a pub-tic station will be erected at the corner of stiuntion in Canned Goods. line them when delinquent at the primaries. Tenth street. #### Situation in Canned Goods.

The feeling in canned corn is quite healthy one and the improvement of the process are going that in the near future prices are going that in the near future prices are going to be better than they are today. A few of the canners who have poor storage and cannot keep their goods from freezing are offering their goods at comparatively low prices, at least such portion as they cannot take care of properly. Outside of that, there is no cheap corn, in tact the lowa canners had a meeting recently and the feeling there displayed was very strong for standing pat and offering no goods, ex-cept at a margin of profit above the cost of canning. Corn is rapidly going into con-sumption, and while no material advance is looked for before the early spring, every case of corn will be wanted and the packers will be cleaned up before new goods are ready. inity of dre escapes, shutters, doors and safes. G. Andreen, Prop., 102 S. 10th St. R-838 THE BEACON PRESS SPECIALISTS IN PRINTING Find and Linotype composition for the trade. For in-formation apply to recruiting officer, 18th and Douglas Sts., Omaha, Lincoin, Neb., or Sioux City, Ia. R-M730 D21

A few canners in eastern Maryland find it necessary to move their stocks before the advent of cold weather. This has brought out a few offerings of cheap to-matoes, so that sales have recently been made at 5c below the high market. In no section of the west, however, are job-bers able to learn of any offerings below \$1. This, with the freight rate of 2c to 3c. would make the goods cost from \$1.674 to \$1.125, laid in. Jobbers do not look for any material reduction in tomatoes; in fact, they are inclined to think that the market will hold firm and possibly be advanced later. **Fruits Are Firmly Held**. SIGN PAINTING, S. H. Cole. 1302 Douglas. R-500

a great mistake.

"New York collects its garbage and turns NO WORD FROM HITCHCOCK it over to the rendering concern. Philafelphia lets out both collection and reduction to a private concern.

"Now, the requisite for success in ren lering is proper separation. The swill proper (kitchen refuse) must be in a different receptacle from the ashes and rubbish (paper, wood, cloth, cans, etc.). Ashes and rubbish ruin the rendering machinery quickly.

"In New York, By its contract, the city entracts to deliver to the rendering firm 6 per cent pure garbage. The city uses is police to compel householders to separate their refuse. Police cause more impression on householders than employes of a garbage firm. So, as a matter of fact. New York delivers garbage to the rendering firm which contains less than 2 per cent of foreign matter. Collections are made daily, with mathematical accuracy, There no politics in garbage collection nor in street cleaning.

"In Philadelphia, on the other hand, because the machinery of the city government is not used to enforce separation. separation is far less perfect. Frequently there is as much as from 30 to 35 per cent of foreign material in Philadelphia gar-

"The city has tried to enforce daily coloction in the following way: Whenever a Election Officers Deny Neglect of complaint is made by a householder the

"KERR" ABSTRACT

Daty on Recent Primary

Day.

William Telford, Cornelius O'Brien and sociation have purchased of John F. Coad Patrick Broderick appeared before Judge the thirty-three feet of ground fronting Day Saturday morning and entered pleas south on Harney street, between Sixteenth of not guilty of neglecting their duties as and Seventeenth streets, immediately adelection officers. At the primary election joining the Nush building on the west, and held September 19, these men were con- will at once proceed to have plans prestituted the election board in the Second precinct of the Fifth ward of South Omaha. After the balloting they did not make proper returns and it was reported to the county authorities they had induiged too freely in liquos and had utterly failed to attend to the business for which

they were appointed. Telford asserts he became disgusted with the way in which the voting was being conducted and quit. The other two make a general donial. All three were released on small bonds to appear for trial when wanted.

GOCD CROWD AT BANQUET Large Attendance of Lawyers from

> State Will Dine with Local Bar Association. Ralph W. Breckenridge, chairman of the

Nebraska State Bar association, is prepared to say he looks for a large attendance from out in the state at the banquet which the Omaha Bar association will give at the Her Grand next Thursday evening to the state bar. The committeemen on entertainment, from which tickets may be obtained, are A. G. Ellick, H. G. Moorhead and Sidney W. Smith and they find prospects good for a large assemblage. This is highly gratifying all around. Local lawyers are anxiously awaiting the opportunity to entertain their brothers from out in the state in royal style.

#### Building Permits.

The following have been granted building permits during the twenty-four hours end-

George Seligsohn, brick ware house, Tenth and Marcy, 65.22 feet. five stories, 511,000; Mrs. E. W. Nash, Thirty-sighth and Burt, siterations and repairs to dwell-ing, \$1,500.

Hull, resigned. Parlin, Orendorff & Martin warehouse, eight stories, Tenth and Jones, \$100,000, LOOKS INTO NEGRO'S DEATH Hayden Bros. store, six stories, Seven-

Sailor Shot in Fight with Constable Allen Bros. warehouse, six stories, Tenth and Farnam, \$100,000. Beside the M. E. Smith buildings, which will cost \$400,000, there are proposed a Ma-

sonic temple at Twentieth and Douglas, to JACKSON, Miss., Nov. 18 .- The killing of cost \$150,000; a new Her Grand hotel at Sixteenth and Harney, to cost \$800.000; a ware- & negro in a justice's court at Gulfport,

house for Paxton & Gallapher at Tenth which occurred a few days ago, has taken

Orleans asking for a full investigation. The negro in question was a sailor from the British bark, Hornet King, at Gulf-

port and was arrested on a misdemeanor The year has been one of elevator build- charge. After his conviction in the court room at Gulfport a controversy arose between Constable Gauge and the negro. who was instantly killed. The shooting took place in Justice Kelly's 'court room will remember the plea of guilty by Messra. They are the Independent elevator, with a and the officer was exonerated. The sec-Richards and Comstock was not made un- capacity of 1,000,000 bushels; the Updike retary of state has turned over the letter

# Big Horn Suits Him.

J. M. Jones, industrial agent of the Burlington route, who returned from trip over the proposed Burlington from Frannie to Worland in the Big Horn from Frannie to Worland in the Big Horn Basin country, was quite impressed with the irrigation schemes which are being developed in that country. He said: "The country is just the right slope for irrigation, water following a plow furrow for miles. The soil is of unknown depth, rich and productive, and all the crops known to the older settlements of Iowa and Illinois can be raised under these ditches. I do not believe the climate can be excelled in any country. The winters mild, as the basin is surrounded by pro-tecting mountain ranges, and the summers are long and pleasant, with snow visible quist elevator on Sherman avenue will be enlarged next summer with storage tanks

are long and pleasant, with snow visible in the mountains the year around."

### Mortality Statistics.

The following births and deaths have been reported to the Board of Health dur-ing the twenty-four hours ending at noon Saturday: aturday; Births-Joseph Prevest, 1254 South Four-enth, boy; Roy Brazee, 2150 North Twenty-ourth, girl: Charles Overyurf, 1304 Jackson

girl. Deaths-Max Levalle, 20, 1098 South Twen tieth: Baby Rexford, 18 months, St. Joseph hospital; M. J. Ford, 68, 831 South Nine teenth, Rev. H. J. Hemath, 48, Waterloo Ia., St. Joseph hospital; Juan Cuesta, 26 1811 Chicago, Tony Kaleky, 1211 South Sec 1811 Chicago, Tony Kalcky, 1211 South Second street.

#### Look Out for Bogus Bills.

Look Out for Bogus Bills. Mention was made in The Bee several days ago of the appearance of a new counterfeit 310 treasury note of what is known as the "Buffalo series." It was mild at the time the bills might put in an appearance in this locality. While Omaha has not yot been inflicted with the spurious bills several of them have ap-peared at Davenport Ia., and a greater number at Denver. The bills are described as being of a very deceptive character and the warning is sent out to be on the look-out for them throughout the Missouri val-ley.

Length to Which Love Goes. Mary A. Crosby has filed an amended petition in her suit sgainst Peter Hughes for \$10,000 for alleged breach of promise. The amended petition clabo ates on the courtship of the pair, the min up postponed wedding dates, the fact that she gave up her \$15-a-week position with the Armour company, she seth up that she expressed a willingness to marry Hughes over when he told her he was about to lease his job

Sylvester Bound Over.

Arthur Sylvester Bonna Gver, our Saturday morning on the charge of breaking and entering the store of C. F. Krelle, 610 South Thirteenth street and stealing about 559 worth of goods. The prisoner waived preliminary examination and was bound over to the district court in the sum of \$800. It is not long since Sylvester served a term in the penitentiary.

Supposed to Have Brother Here. Chief Donahus has received a telegram from Meck & Dickman, undertakers at St. Louis, stating that Charles Murray died there, and that he is supposed to have a brother in Omaha, but they do not give the brother's name or address.

what H. L. WINTER, Glazier. Phone Douglas-more 6812. R-657 D7

made up its mind to use imported walnuts, and these are now moving very freely. Further advances have taken place in both Japan and head rices. The rainy weather in the south has aerved to give added strength to the situation, as what goods are now in the stack will be more or less damaged by the rain. The tone of the herring market in the east is a little easier temporarily, but prices at Ornsha rule the same as last week. Dutch herring is pressing the mar-ket, but supplies of Scotch are not heavy. Codfish is firm under moderate stocks. Other fish are firm at ruling figures.

#### Clearing Sale of Dry Goods.

on an international phase. Secretary of State J. W. Power today received a letter

Clearing Sale of Dry Goods. The trade of dry goods jobbers has been very good for the last few weeks and the leading houses have announced clearing sales for next week, when they will make a reduction of prices and close out surplus lots of seasonable fail goods. Many large retailers have already signified their inten-tion of coming to the market. Tonsdale cambrics have advanced to lic in the last week and other bleached cam-brics and all bleached cottons are equally strong, due in part to large consumption, as well as to the strong market for raw cotton. Unbleached cotton denims and ticks also are scarce and advancing. Amoskeag A. C. A. ticks and competing lines have been advanced \$354c all round. Advance orders for spring goods have been larger than at any former corresponding time and extend to all lines of goods. Shoes at Omaha's Market.

#### Shoes at Omaha's Market.

An advance for the week is quoted or all grades of leather, both upper and sole While Omaha jobbers have not made any all grades of leather, both upper and sole. While Omaha jobbers have not made any advances for some lime they may the feel-ing in shoes is stronger, and they are cer-tain that they will have to increase the price before long. A retail merchant was in a few days ago who protested the high price charged him for shoes. When the jobber asked him to compare the present price of hides with that of former years he said: "Well. I do remember that I hought hides a year ago at 5c a pound, and now I am paying 12 and 18c." Retail-ers are buying very freely for spring, as they realize that shoes will be yet higher. There is always a good business on a rising market in the shoe trude. That we have on exhibition at 1117 Farnam street the only automatic rallway signal in the world, which will show the direction in which the train is moving and will protect the rear and head end, while on the main line at all times. You are all welcome to visit and inspect the working model of the STOTTS-LOGSDON SIGNAL at any time. R-431 19

### Heavy Trade in Hardware.

Heavy Frade in Hardware. Hardware wholesalers are swamped with shipping. One day last week a salesman for one company sent in an order for nine-teen carloads of goods, and all others of the same firm did an enormous business. Galvanized and black sheetiron were steady and there is an especially big demand in this line. There has been no change in prices for the week. The steel market is steady for the time being, but the jobbers way there is every indication that it will be higher soon. Omaha dealers have bought ahead for their beeds as far as May, in Join Morand's Adult classes for Friday 8 p. m., the largest and most lar school in Omaha; all dances now in ball rooms and taught in one term go to inferior school or teachers who terms are lowest? New Steinway Planos are sold only by Schmoller & Mueller Plano Co., Stato repligher soon. Omaha dealers have bought chead for their needs as far as May, in

anticipation of higher prices. resentatives, 1407 Harney. Tel. 1623 Son't buy a machine till you investigate "The Excelsion," adjustable any size or length. Makes blocks "face down" and wa-terproof. Complete outfit floo found wa-
