

BRYAN LETTERS POSTPONED ONE MONTH

First Bryan Letter Will Appear in The Bee in December

Owing to unavoidable delays, the series of globe-girdling letters to be written by William Jennings Bryan for which The Bee has exclusive arrangement and announced to begin the end of November will not start until the end of December. They will appear in no other Nebraska paper outside of his home town. We are able to announce further that these letters will be illustrated from photographs supplied by Mr. Bryan which will make them all the more worth waiting for.
