Her Brother's Letters

Letter Number Three

In Which the Brother Talks to His Sister About Never Marrying a Man Until She's Got Another Man's Honest Opinion of Him.

"A girl should never marry a fellow until she's got another man's honest opinion of him. She can always get such an opinion, Kittens, even where she has no father or brother. There's always a straight chap somewhere around whom a girl can go to, and that sort of man will never refuse to be honest with such a girl if she will be honest with him - and if she

will heed what he says when he puts the facts before her and not go off on that silly tangent of reforming a man after marriage! If a girl likes to play the rôle of a martyr-and that sort of thing seems to appeal to a lot of girls-it's about the surest way to a perfect hell on earth (forgive me, Sis, but that's the only word) that she can find!"

CUBAN CONGRESSMAN HUNTED

Pino Guerra, Wanted for Conspiracy at Havana, May Have Taken the Field.

HAVANA, Nov. 24 -- It is persistently reported from San Juan de Martinez, province of Pinar del Rio, that Congressman Pino Guerra, who is charged by the prosecuting judge of San Juan de Martinez with being the leader of the insurrectionary plot in that vicinity, and who is evading capture, now has a following of over fifty men, and t is said that other friends of the congressman, former officers of the revoluionary army, have similar followings. General Rodriguez, commander of the rural guards, informed the Associated Press that there is absolutely confirmatory evience of these rumors and showed the respondent the replies received by telegraphic inquiries made to the commanding officers in Pinar del Rio, all of whom denied that anything had occurred beyond what had already been reported and stated that the country between San Juan de Martinez and Guanez, where the insurgents are reported to be, is all open, consisting of tobacco fields. All the officers of the rural guards discredit the report that Congressman Guerra has any considerable follow ing. In the entire province of Pinar del Rio there are at present about 400 rural

Mild Weather Promotes Activity in All Industrial Lines. NEW YORK, Nov. 24.-Bradstreet's toorrow will say:

NEW YORK, Nov. 24.—Bradstreet's tomorrow will say:

Mild open weather favors in a high degree the unprecedented activity in all industrial lines, but unfavorably affects retail trade in wearing apparel and retards
collections, which also feel the adverse influence of country-wide freight congestion.
Evidently in an effort to avoid trouble
from this latter source, holiday trade at
wholesale is active beyond all preceding
years. In wholesale and jobbing lines the
backwardness of retail trade is reflected in
slower re-order trade than expected, but
confidence in the general outlook is evidenced by the liberal orders reported for
spring goods. Perhaps the most marked
evidence of confidence in the future is
found in the metal markets, which display
a strength of demand and of prices not
usual at this season. Pig fron is strong,
but quiet, mainly because all immediately
obtainable supplies are engaged. Prices are
rising slowly but steadily, and imports of
material are now becoming actualities.
Copper is strong, the situation in this market being perhaps best illustrated by the
fact that this week has seen trade fail off
in imports of Spanish and Chillan bars.
Silver is the highest point in four years.
Export trade in good products does not expand as hoped for earlier, owing to large

DUN'S REVIEW OF TRADE

of Seasonable Merchandise.

NEW YORK, Nov. 24-R. G. Dun & Company's weekly review of trade to-

Company's weekly review of trade tomorrow will say:

Fundamental conditions are unchanged,
although higher temperature at many
points again checked sales of heavyweight
wearing apparel and other seasonable
merchandise, Labor conditions in the building trades have not improved and another
serious struggle may occur which would
be most unfortunate in view of the large
operations under way and contemplated.
Otherwise the situation is satisfactory
and the outlook bright with mercantile
collections steadily improving. Holiday,
trade gathers impetus as the season advances. Comparisons with last year's figures continue favorable, this week's gains
being swelled by the holiday a year ago,
but equilibrium in this respect will be restored next week. Leading industrial undertakings report little idle machinery and
there is less complaint regarding car shortage, railway earnings thus far available
for November exceeding last year's by 6.4
per cent. Foreign commerce at this port
for the last week showed a loss of \$1,089,032 in exports and a gain of \$53,177 in imports as compared with the same week
iast year. It is customary at this time of
year to find a general quieting down in the
tron and steel business, normal conditions
do not prevail this season. Although the
leading interests have prevented any sensational inflation of prices, all divisions of
the market have hardened sufficiently to
accelerate the operations of consumers who
believe that it is the part of wisdom to
prepare for future requirements.

Activity continues at textile mills, but
the primary markets for cotton goods were
decidedly disturbed by the violent advance
in raw material.

Quiet conditions continue in the market
for packer hides, chiefly because orders
cover deliveries so far into the future that
sellers are indifferent regarding new business. Leather remains quiet because or
the light offerings of such varieties as are
wanted. New England footwear factories
are hurrying contracts for delivery before the close of the year and norrow will say:

Russian and Argentina shipments. Prices are steady at close to the highest. Money is active the country over. Railway earnings show further expansions, the gain for the first half of November being about 5 per cent. Not returns for nine months show a gain of 7 per cent.

Buying of fall delivery shoes is a less important feature at leading eastern markets, but manufacturers still busy shipping these While the court was speaking Dougherty looked straight ahead of him and did not move a muscle. He said nothing when the sentence was pronounced and was taken back to jail, escorted by his attor-

Million Dollars Missing.

Dougherty's action today was as unex pected as it was astonishing, he having last week pleaded not guilty to the same charges. But the refusal of Judge Worthington to quash the indictments against him and the fact that the November grand jury is now in session ready to return others that would be free of any of the errors charged in the first so tightened the colls around the prisoner that he could see no way out. He therefore threw himself on the mercy of the court, trusting that his old friend would deal as leniently as possible with him. This marks the closing scenes of the most astounding school fund robbery ever brought to public notice. For twenty-five years Newton C. Dougherty, as city superintendent and for nearly twenty years as secretary of the board, had almost absolute control of the school funds. He issued script and handled notes and checks as if they, were his own

Deal in Orange Groves. SAN BERNARDINO, Cal., Nov. 24.—Orange grove deats involving \$136.500 were closed at Redlands today by Director K. C. Wells of the Union bank of Redlands, representing the buyers. Considerable speculation is aroused, as all of the properties comprise some of the most select land here. Furthermore, it is known that Wells has taken options on other groves, equally valuable, whose names are not mentioned.
