UTINEERS STILL MASTERS

Revolutionists Control Admiralty Point at Sebastopol.

VICE ADMIRAL CHOUKIN IS OPTIMISTIC

He Will Soon Have Situation in Hand, but Friends of Sailors Say This is Impossible.

ST. PETERSBURG, Nov. 28.—A. M.—Though the mutineers at Sebastopol are still masters of the situation at Admiralty Point, and though armed parties have apparently free access to the town, notwithstanding the announcement by the authorities that the roads leading to it were blocked, dispatches received yesterday from Vice Admiral Choukin, commanding the Black Sea fleet, present the situation in an optimistic light.

and that, in spite of the arrival of reinforcements to the number of several thousand, the authorities did not dare to interfere with a review held by the mutineers near the cathedral of St. Vladimir, which is in the very heart of the town.

Demands of Sailors.

So far as known, most of the demands of the mutineers have to do with service conditions, including the release of reservists who have served beyond their time, increase of pay, increase in the allowance of food and the removal of alleged incompetent and brutal officers.

Beyond a determination to proclaim martial law, nothing of a definite nature has transpired regarding the decisions arrived at by the Admiralty council, but it is reported that the council agreed as to the justice of many of the demands made by the mutineers and would recommend to the emperor that immediate steps be taken to ameliorate the condition of the sailors.

Workmen Congratulate Mutineers.

The workmen's council has telegraphed congratulations to the mutineers at Sebastopol as follows: 'The council in the name of the St. Petersburg proletariat sends warm greetings to the soldiers and sailors of Sebastopol who have decided to free the revolution from the grip of the Kniaz Potemkin, to the proletariat in defense of the Cronstadt sailors, and to the revolutionary army which will put an end to all remnants of the autocracy and raise on the ruins a free, democratic state.'

Kaibara Talks of Fighting.

ODESSA, Nov. 27.—Governor General Kaibara has received the following dispatch from Vice Admiral Choukin, commanding the Black Sea fleet: 'The mutineers led the Kniaz Potemkin today and the vessel is now in my hands. The sailors, together with the soldiers of the Brest regiment who mutined, have about themselves in the Lazareff barracks with some guns. When fresh troops arrive I shall attack, though I fear the artillerymen may join the mutineers. A very serious state of affairs prevails today. Several officers have been killed.'

Indignant at Massacres.

MOSCOW, Nov. 27.—The sensitive congress today, by a practically unanimous vote, expressed indignation at the Jewish massacres and sympathy with the victims and adopted a resolution in favor of the adoption of the local language in the primary schools of all non-Russian peoples.

Returned Prisoner Mutineers.

VLADIVOSTOK, Nov. 26.—The Russian prisoners returning here from Japan are in such a state of mutiny, because it is impossible immediately to ship them back to Russia that it became necessary to form a camp, where they are held under guard.

Bed Comforters.

Buy housewives are not required to spend their time in making comforters. That time has passed by since the ready-made comforters have become as good, as clean, as fluffy, as well made (if not better) and more handsome in every way than those that mothers used to make.

LICENSE FIGHT GOES OVER

World-Herald's Opening in Annual Holdup Masses Fire.

KRUG WITHDRAWS HIS APPLICATION

Saloonman Who Had Been Made the Subject of Protest Puts End to Proceeding by Giving Up.

The World-Herald, through its attorney, Ed Simeral, Monday night barely escaped being brought to show down on one of its protests filed with the Board of Fire and Police Commissioners. The World-Herald filed a protest against the transfer of a saloon owned by Charles Krug from 252 1/2 Leavenworth street to 252 1/2 Lake street, alleging an insufficient publication because the liquor notice had not been published in that sheet.

The case of Jensen and Nelson, each of whom wanted a license to run a saloon at the 222 North Twentieth street, went over until next Monday night and the license already granted to Jensen was revoked, pending the hearing. The board, two weeks ago granted the license to Jensen, while at the same time Nelson had an application on file.

The protest against the Pabst Brewing company to prevent it from running a saloon at 122 North Twentieth street was set for hearing Monday night. Liquor licenses were granted to Charles Metz for 276 Leavenworth street and to Peter Gravert at 284 Cuming street. Applications were received for licenses from Kuhl & Co. and Carl Rasmussen, who want to run a saloon at 224 North sixteenth.

TRIAL OF DR. McLEOD BEGINS

Crawford and Howard Plead Guilty to Complicity in Death of Susan Geary.

BOSTON, Nov. 27.—The trial of Dr. Percy McLeod, one of the persons indicted as accessory after the fact in the performance of a criminal operation upon Susan A. Geary, the victim of the so-called suit case tragedy, was begun today in the superior criminal court. Before a jury was chosen Louis D. Crawford and William E. Howard, alias Hunt, who were arrested in New York, were arraigned in the same case and pleaded guilty to similar charges. Crawford and Hunt were remanded to jail to await sentence, but Crawford was subsequently brought back into the court room and was the principal witness of the day against Dr. McLeod.

After McLeod had pleaded not guilty a jury was quickly chosen and first listened to the testimony of Medical Examiner Francis A. Harris. Dr. Harris stated that the immediate cause of death was peritonitis. Morris Nathan, the girl's lover, admitted on the stand and his responsibility for the girl's condition. Interest in the trial, however, centered in the testimony of Crawford. He stated that he was a regular visitor at the office of Dr. Jane Bishop, where it is claimed the alleged illegal operation on the Geary girl was performed, and he had seen Dr. McLeod one or twice a week for the past four years. He claimed that he had nothing to do with the operation on the girl, but that it was performed by Mrs. Mary Dean, for whom the local authorities are searching. He said that day before Miss Geary died in the Roxbury hospital, she was taken, Dr. McLeod and Mrs. Dean agreed that death was only a question of a few hours and that the body must be disposed of in some manner. Dr. McLeod, Crawford testified, suggested dismemberment. At McLeod's suggestion Crawford had purchased the suit cases and the day of Miss Geary's death carried them to the house. McLeod took them upstairs and reappeared in about half an hour. Crawford also testified that McLeod had placed the trunk in a larger case, the limbs in the smaller and the head in the small bag.

SIXTEEN THOUSAND TO STRIKE

All Bridge and Structural Iron Workers in New York City May Walk Out Today.

NEW YORK, Nov. 27.—Sixteen thousand men, members of the Bridge and Structural Ironworkers' and House Smiths' union of this city, may go on strike tomorrow as a result of the efforts on the part of Post & McCord to force an open shop plan by putting 200 men to work on three of the thirty buildings they are erecting in New York City. M. F. Ryan, president of the International Bridge and Structural Ironworkers' and House Smiths' union, has been waiting for this action of the firm, which now forms the basis of a general strike. The nonunion men put to work on the three buildings were quartered in a new building on Fourteenth street, between Ninth and Tenth avenues, and when the whistles blew at 7 o'clock they were escorted under guard to the three buildings and immediately put to work. The other union men continued at work, because they had received no orders to the contrary, but it was declared that if the nonunion men are not taken off a strike will be declared tomorrow.

The firm of Post & McCord has the support of the Employers' association, of which McCord is president, and if the strike is declared, it is probable that every member of the association will stand by the firm and that work on every building in the city will be held up. There never has been a time in this city when so many skyscrapers were being put up, and if the members of the Bridge and Structural Ironworkers' and House Smiths' union drop their tools tomorrow 15,000 members at work in the fifty odd big buildings throughout the city will begin the strike.

MRS. CHADWICK READY TO TALK

She Says Financiers Who Profited by Her Operations Should Suffer With Her.

CLEVELAND, O., Nov. 27.—Mrs. Cassie L. Chadwick has expressed the desire to go on the witness stand again in connection with the bankruptcy proceedings against her and today wrote a letter to Referee Remington in the federal bankruptcy court requesting him to set a date for reopening her case. Mrs. Chadwick declares that if an opportunity is again given her to go on the stand she will tell without reservation all the facts concerning her financial decline.

RECEIVER FOR WATER PLANT

Calculation of Long Series of Legal Battles.

SIoux FALLS, S. D., Nov. 27.—Judge Charles C. of the United States court this city, on application of the American Water Works and Guarantee company of New Jersey, has appointed a receiver for the South Dakota Water company, the private corporation which for twenty years or more has been furnishing the water supply of this city. The appointment of a receiver is practically the closing chapter in the litigation which has been in progress for several years between the company and the city of Sioux Falls, and which involved the right of the city to operate a municipal system of water works. The private company was defeated in its suit to have the case in favor of the city.

BROTHERHOOD OF ST. ANDREW

Plans for Lenten Work Are Being Laid by the Omaha Chapter.

The parish house of Trinity cathedral was thronged Monday evening with members of the Brotherhood of St. Andrew to arrange for the approaching Lenten season and incidentally to listen to the addresses of Conductor Bishop Williams and E. C. McAllister, Boston, traveling secretary of the brotherhood. The meeting indicated that the brotherhood is very much alive in Omaha, with a membership of eighty in the senior and of fifty in the boys' or junior branch.

CONVICT MAKES CONFESSION

Missouri Prisoner Tells How Revolvers and Explosives Were Obtained.

JEFFERSON CITY, Mo., Nov. 27.—A complete confession was made to Warden H. E. Spencer, who was discharged from the penitentiary on November 21, Ryan's story of the plot to escape was shown to Convict Raymond, another member of the party that made a break for liberty, and he confirmed the details. Ryan told the warden that Spencer agreed to furnish the guns and the nitro glycerin which was used to blow the escape in the stockade. He was to purchase the guns in Kansas City with \$40 which they gave him and then go to Carthage, Mo., and steal dynamite and nitro glycerin from the mines there. These were to be brought here last Monday night, taken up on the stockade, which is not guarded at night. He was then to let himself down by a rope on the inside and take the material and place it under the bench which Vaughn used in the factory. Spencer was then to climb back over the wall and make his escape.

SPENCER DELIVERS THE ARMS

Nothing was heard from him, but Thursday morning the supplies were found where Spencer said he would put them. Thursday afternoon and night the prisoners had a consultation and decided to capture Deputy Warden See, Yardmaster Porter Gilvin and Deputy Yardmaster Frank Moore and make them open the gate and let them out or they would blow their way out. They proposed to capture an engine, make the run to Moreau, blow up the Missouri Pacific bridge at that place to prevent pursuit until they could get to a safe place. Friday they started to put their plan into operation, when they found that only See was in the office. They started with him and two strangers they found there to get through the round gate. When the big gate was opened they changed their plan and started through it.

OFFICER CLAY APPEARED WITH A DRAWN SWORD AND HE KILLED HIM

Officer Clay appeared with a drawn sword and he killed him. He fastened the gate and ordered See to let them out. He said he could not, but would let them out through the office. They called for someone to open the gate and when Captain Allison appeared with his gun they killed him. They then blew open the gate and made their escape. Warden Hall has sent telegrams all over the country asking for Spencer's arrest. Governor Folk has offered a reward of \$300 and every effort will be made to capture him.

GATLING GUNS FOR CONVICTS.

After a conference between Governor Folk and Warden Hall concerning the outbreak of convicts at the penitentiary Friday, an order was placed by wire for a supply of gatling guns, which will be placed so as to sweep all of the approaches to the prison, and in accordance with Governor Folk's expressed determination, they will be manned by officers who will use them.

THE IDEA IS TO HAVE THE GATLING GUNS DISPOSED ABOUT THE PRISON WALLS THAT ANY NUMBER OF CONVICTS CAN BE SWEEP AWAY IN THE EVENT THE WALLS ARE DESTROYED BY EXPLOSIONS.
