Hughes also brought out that a profit of \$22,000 had been paid to Mr. Squire from the sales of stock of the Lawyers' Mortgage company to the Equitable society and that Mr. Squire had flivided profits from an unknown operation, aggregating \$15,960 ciety-James W. Alexander, James H. Hyde, Thomas D. Jordan and W. H. Mc-Intyre.

Another Payment to Hamilton The fact that the New York Security and

Trust company paid \$18,000 to Andrew Hamilton, the legislative agent, out of moneys belonging to the New York Life insurance company was also brought out oday by Mr. Hughes.

W. H. Fanshawe, a dealer in investment securities, told the committee that in 1904 he bought New Orleans Traction bonds of a face value of \$1,250,000 from the New York Life Insurance company and George W. Perkins, trustee of the Nylic fund. siving them his checks, amounting to \$987,500 in payment, and then borrowed the \$937,500 from the New York Life company, using the bonds as collateral. He then sold the bonds, giving the New York Life company 55 per cent of the proceeds and keeping 5 per cent.

Will Collect Taxes.

Frank A, O'Donnell, president of the Board of Taxes and Assessments, today took steps to collect \$22,500 from either the New York Life Insurance company or the Central National bank as taxes and interest on the \$700,000 transferred to avoid the payment, according to testimony before the naurance committee last Monday, Mr.

O'Donnell said he had referred the matter to Corporation Attorney Delaney, with intions to bring suit for \$15.500, togeth with interest for seven years, and had laid the matter before Comptroller Grout, as he is charged with the responsibility for the collection of all arrears of taxes.
