CLARK DENIES FOOLISH STORY

Michigan Player Says He Was Sorry to Lose Game, but Didn't Injure Himself.

CHICAGO, Dec. 1.—Reports of an attempt to harm himself because of his error in the foot ball game of yesterday which permitted Chicago to defeat Michigan were denied this morning by Dennis Clark, the Michigan player.

"Of course, I feel deeply the error which cost so many," said Clark, "but the report that I intended to injure myself because of the loss of the game is absurd."

MONTHLY SUMMARY OF CROPS

Weather Conditions Generally Favorable to Farming Operations.

WASHINGTON, Dec. 1.—The weather bureau's monthly bulletin for November summarizes crop conditions as follows:

While the Atlantic coast districts experienced drier conditions, and heavy rains proved detrimental in the west and south, the weather conditions during November, 1935, generally were favorable for farming operations in nearly all districts, being exceptionally so in the central valley.

Subside in California.
SAN DIEGO, Cal., Dec. 1.—Charles D. Godfrey, son of Charles H. Godfrey, a retired New York banker, committed suicide yesterday near Laguna by shooting himself. He was 45 years of age and his health was poor. He came here about six years ago from Australia. He was dependent on his condition and it is believed this caused him to take his life.

Trainmen Will Stand Pat
Morrison Says Rate Law Will Not Affect Wages, but No Change is Wanted.

KANSAS CITY, Mo., Dec. 1.—P. H. Morrison, chief of the Brotherhood of Railroad Trainmen, said in an interview here today:

"There will be no reduction of wages of trainmen in the event that congress passes a law providing for governmental supervision of rates and the abolition of territory."

Brick Plants Consolidate
Sixty-Three Factories in Kansas, Missouri and Oklahoma to Be Merged.

GUTHRIE, Okla., Dec. 1.—Practically every brick plant of western Missouri, Kansas, Oklahoma and Nebraska will have been consolidated and operated under a single management by January 1. The capital stock of the new company will be approximately \$3,000,000. At this time sixty-three plants are known to be in the organization. Owners of individual plants will be paid in cash for their shares, if necessary, but the price paid for each plant will depend largely upon the bond and stock value of the new consolidated company. The appraisements, however, have been liberal.

Safety Appliances Required
Southern Pacific Railroad Faces a Suit for Violating Law in Oregon.

SAN FRANCISCO, Dec. 1.—The Southern Pacific officials have been served with notice of a suit against them by the United States government in the circuit court at Portland, Ore., to collect penalties for their violation of the safety appliance act passed by congress in 1933 and subsequently amended in 1934. Similar suits have also been brought against other overland roads.

Fire Record.
Store at Eagle Grove.

WINTER, Eagle, Neb., Dec. 1.—(Special Telegram.)—While attempting to light a gas lamp in the Charles Duff department store in Eagle Grove tonight the head of the match the clerk was striking fell into a roll of cotton. It started a blaze which caused a \$100.00 fire loss. The loss is covered by insurance.

Montana Business Houses.
HAVRE, Mont., Dec. 1.—A fire here early today destroyed about \$100,000 worth of

FIELD FOLLOWS M'CURDY

Legislative Agent of the Mutual Life Leaves Company's Employ.

RUMOR THAT M'CALL IS TO RETIRE

Report that President of New York Life Has Been Asked to Resign Decried by His Son.

NEW YORK, Dec. 1.—Andrew C. Fields, formerly head of the supply department of the Mutual Life Insurance company, who maintained a house at Albany during several seasons of the year, is no longer connected with the company.

Frederick Cromwell, the temporary president of the Mutual Life Insurance company, today announced that W. S. Sullivan, formerly in the advertising department of the Mutual, has been appointed chief of the supply department. It is understood Mr. Fields will not return to be examined by the insurance investigating committee.

Charles J. Smith, head of the advertising department of the Mutual Life Insurance company, and who is paid \$5,000 a year, has tendered his resignation to Mr. Cromwell, but it has not been accepted. Mr. Smith testified recently that he caused many of the reports of the insurance investigation to be published in the newspapers at from \$1 to \$2 a line.

John C. McCall, secretary of the New York Life Insurance company, and son of John A. McCall, the president, denied today the report that he and his father were to retire from their offices in the company in January.

John Claffin, a director of the New York Life Insurance company, denied the report that the directors were about to ask for the resignation of John A. McCall, president of the company.

That a further effort will be made by the Mutual Life Insurance company to bring Andrew C. Fields back to New York to testify before the insurance investigating committee was stated in an announcement made today. The statement is appended:

While Mr. Fields has been superseded in the supply department, he has not been severed insofar as the effort now being made to bring him back to New York is concerned.

The appointment of Mr. Fields' successor is temporary and the permanent appointment will be made only with the concurrence of the Mutual's investigating committee.

Vandiver's Answer Ready.
ST. LOUIS, Dec. 1.—W. D. Van Diver, state superintendent of insurance, who has been temporarily enjoined from executing his order revoking the charter of the New York Life Insurance company because of its contribution of \$130,000 to the republican national campaign fund, will tomorrow file in the United States district court his answers to the petition for a permanent injunction filed by counsel for the company.

"We shall contend in our reply," said Mr. Van Diver, "that the United States court has no jurisdiction over this matter, the operations of the New York Life Insurance company in Missouri being solely under the supervision of the state insurance department and subject, therefore, to the laws of the state."

The court will probably set an early day for the hearing, and until the temporary restraining order is disposed of the New York Life Insurance company will continue business as usual.

"I have in my possession," he continued, "letters written by one of the old-line companies assuring a rating on preference of 80 per cent on all policies issued before January 1 next."

"I consider the granting of rebates contrary to public policy and a form of discrimination which the insurance department cannot tolerate."

Johnston and Jackson Fight.
BALTIMORE, Md., Dec. 1.—Jack Johnson and Young Peter Jackson, both of California, met in a prize-fight before the Essex Athletic club tonight. At the conclusion no decision was given. Johnson won by a technical knockout in the eighth round.

POGGENBURG WINS TROPHY
New York Player Now Amateur Billiard Champion of America.

NEW YORK, Dec. 1.—J. Ferdinand Poggenburg of the Liederkranz club of this city won the Eagle trophy, emblematic of the amateur billiard championship of America, tonight by defeating E. W. Gardner of Passaic, N. J., by the score of 20 to 15, in the fifth match of the tourney.

The game lasted twenty-seven innings. At no time from the start of the match, when he assumed the lead, was Poggenburg's success in doubt.

Following are the scores, high runs and averages in tonight's games, rounded off to two decimal places.

LIVERYMAN HAS HARD LUCK
Olson of Volin, S. D., Loses His Team and Has Both His Feet Frozen.

YANKTON, S. D., Dec. 1.—(Special.)—Decidedly out of the usual were the Thanksgiving eve adventures of a liveryman named Olson of Volin. He had been in this city during the day and started for home after dark. Before he had gone far he fell asleep and left his team to find the way. When he woke up he found that the team was standing still, and investigation showed that in crossing the Milwaukee track near Mission Hill the team had attempted to cross some trestle work, with the result that both horses had gone through the open spaces between the timbers.

Olson, now wide awake, set to work, and after every effort had been put forth he succeeded in getting one horse out. The other was beyond him and he left it on the track while he went for help. Riding the liberated animal he started off, lost his way and was found almost senseless next morning with both legs so badly frozen they may have to be amputated. Investigation showed the horse had been riding down a slough, while the other's mangled remains were discovered scattered along the Milwaukee right-of-way, where a Milwaukee freight had struck the animal.

Settlers Must Stay on Claims.
SIOUX FALLS, S. D., Dec. 1.—(Special.)—Several hundred of the landseekers, both men and women, who were fortunate enough to draw homesteads in the ceded portion of the Rosebud Indian reservation in Gregory county, and who have resided on their land during the summer and fall, have received a severe jolt from the commissioner of the general land office in connection with their application for leave of absence from their homesteads during the winter months. Hundreds of such applications were forwarded to the general land office in Washington, but four-fifths of them have now been returned, having been rejected by the commissioner. Some of the applicants, thinking their applications would, without doubt, be granted, had departed for their old homes in other states, but they will now be compelled to return and maintain a residence on their claims.

Court at Elk Point.
ELK POINT, S. D., Dec. 1.—(Special.)—Judge Jones of the state circuit will hold a special term of court here next month for the express purpose of passing sentence in the case of John Conrad, who was recently arrested on the charge of horse stealing. Conrad desires to enter a plea of guilty and for his accommodation Judge Jones will hold the special term so the prisoner can begin serving his sentence at once.

Fatal Fire in West Virginia.
WESTON, W. Va., Dec. 1.—Charles F. Douglas, wife and two children were burned to death near here today. The fire, which destroyed the Douglas home, was caused by an explosion of natural gas.

Four Men Sentenced to Death.
VALDESTA, Ga., Dec. 1.—The death sentence was today imposed upon J. G.

property. The new Broadwater-Pepin block was destroyed. The origin is unknown and there is a suspicion of incendiarism. A portion of the block was occupied by the Northern hotel. The occupants of the hotel were aroused in time to escape, but lost nearly all their effects. The losses are fully recovered by insurance.

St. Joseph Packing Plant.
ST. JOSEPH, Mo., Dec. 1.—A fire today in Swift and Company's South St. Joseph packing plant in the fertilizer department resulted in a loss of \$20,000.

HARRIMAN OUT FOR MORE CARS

Wants 5,000 for Freight and a Number for Fruit and the West.

SAN FRANCISCO, Dec. 1.—For his Southern Pacific and other roads, E. H. Harriman is in the market for 450 tank cars, 1,500 steel underframe box cars of 20,000 pounds capacity each, and 300 steel underframe refrigerator cars of 50,000 pounds capacity each. It is also said that he will soon place contracts for 5,000 more freight cars. The new refrigerator cars are wanted. It is said, to handle banana shipments to the west from New Orleans and for certain other purposes not connected with the California fruit trade.

An official of the Union Pacific said that these cars were ordered in New York and that no list had been received in Omaha as to the share which the Union Pacific would receive.

JURY CANNOT PLACE BLAME

Ohio Inquirers Unable to Pick Persons Responsible for Death of Student.

MOUNT VERNON, O., Dec. 1.—The Knox county grand jury reported today and failed to return any indictment against any of the members of the Delta Kappa Epsilon fraternity, or any members of Kenyon college in connection with the death of Stuart Pierson, who met a tragic death at Gambier while being initiated.

The jury carefully examined all the testimony given at the inquest of Coroner Scarborough and they were of the same opinion as the coroner that Pierson was either tied on the tracks, in the supposition that he could not extricate himself, but the guilty party or parties could not be determined.
