

BROWN HINTS AT MORE SUITS

Attorney General May Bring Action Against County Boards of Equalization.

SEQUENCE OF RAILROAD TAX SHIRKING

Special Stress is Laid in Union Pacific Hearing on How Officials Voted in Fixing Assessments on Land.

In his cross-examination of witnesses summoned to testify in the Union Pacific railroad tax suit Attorney General Brown insisted by his questions Saturday morning that the fixing of the assessments would be begun against members of county boards of equalization who, after assessing property, testify they know the assessment is not high enough.

That the attorney general is considering such a move there is no doubt, for during the last few days of the hearing he has asked all members of county boards who have testified if they voted for the low assessment of real estate as members of boards of equalization. This question is followed by the inquiry if the witness knew the law required him to assess real estate at its full cash value. In some instances the witnesses have sworn they did not vote for the low assessment, while in others they have admitted they violated their oath of office and by testifying as they did have impeached their own judgment and word.

Saturday morning E. A. Day, county clerk of Deuel county, who testified that real estate had been assessed on a basis of 50 per cent of its actual value, was asked whether he voted for such an assessment. Mr. Day, however, said he did not remember whether he had.

Good Railroad Witness. A good witness for the railroad was James J. McInnis, of Cheyenne county, who swore land in his county had not been assessed at one-half of its actual value. Mr. McInnis had had not seventy-nine transfers and made other inventories and he was positive that land in that county was not more than 50 per cent of its actual value. When asked regarding his own assessment, Mr. Hudson said he had not paid his taxes yet and did not know what he had assessed, though he had looked up a large number of other cases.

As to Deuel County. T. M. Johnson of Deuel county testified that land in his county had been assessed at about 50 per cent of its value, and S. W. Boyd of Dodge county, a member of the board of supervisors, said land had been assessed in his county at 75 to 80 per cent of its value, and he admitted his own land was assessed at not more than 75 per cent of its value.

C. F. Horner, a real estate dealer of Lexington, Dawson county, swore that his land in his county had been assessed at about 50 per cent of its value; best valley land at 75 to 78 per cent, and poor valley land at 75 to 80 per cent of its value.

The hearing will be resumed Tuesday morning, at which time the railroad company will put on a number of other witnesses to testify as to the value of property other than railroads.

COURT BUSY WITH CHILDREN

Two District Court Judges Are Kept at Work by Several Eringing Juveniles.

Both Judges Day and Kennedy of the district court were kept busy until noon Saturday with the large number of complaints against children in the juvenile court. Most of those brought in were complaints of truancy, delinquency, and several girls were in court in order that they might be protected against themselves and their surroundings.

Pearl Littlefield, charged with incorrigibility, had given Probation Officer Bernstein considerable trouble and something of a fight when arrested for being too headstrong and heedless in her conduct. After getting to the Detention home she changed her manner materially and her case was therefore held in abeyance by Judge Kennedy for the present.

The action was taken by Judge Kennedy in the case of the Compton girl, Mamie Birbeck and Clara Scribner. These girls appear to be not so much at fault as their parents. This is especially true in the case of the father of the Compton girl, whose mother is given a good character as a decent and industrious woman, but the father, who is a tinner, is said to be delinquent in his duty toward his family in every respect.

Dr. Pierce's Favorite Prescription is what you need. It is a wonder worker for women because it restores the system, adapts to the needs of twentieth century women. No alcohol, no narcotic, no injurious drugs. Made of glyceric extract from roots, therefore their virtues grow in and through the system. Uniform root, Blue Cohosh root, and Golden Seal root; extracted, combined, preserved with the purest alcohol, and given you quick relief. No other remedy so effective.

MOON TALK, No. 13

OUT-OF-TOWN PATIENTS.

It is a well known fact that the better class of people, if outside towns take advantage of the superior work done by Omaha dentists. All people who have made their own money know the value of a dollar. For it they want to know no less, that its worth. They know that the fallacy of paying too little for anything is equal to that of paying too much. Send stamp for my booklet; it gives my prices.

A Reliable Dentist at a Reasonable Fee. Name DR. FICKES, DENTIST, 233 Bee Bldg.

respect. Mrs. Compton, a third-looking woman, bearing the signs of discouragement in her face, told her story to the judge reluctantly. At its conclusion the probate officer was directed to file a complaint against the father under the juvenile court law. Compton will be brought in to explain his conduct, and if it does not do better will probably find the law is made to be obeyed.

In the meantime the four girls named will be kept at the Detention home, where they are quite satisfied, until next Saturday, when final action will be taken.

PRaises OMAHA HORSE SHOW Editor Ashbrooke of Bit and Spur Has Many Flattering Things in Christmas Issue.

In its magnificent Christmas issue, Bit and Spur, the leading horse show journal of the country, makes very complimentary notice of the Omaha Horse Show, ranking its local entries far ahead of any except St. Louis, which was all local, as all of the big stables were in Omaha that season, averaging about Chicago or Kansas City. Ashbrooke, proprietor of Bit and Spur and also secretary of the Kansas City Horse Show association, was at the Omaha horse show the fore part of the week and writes from what he personally notices. He says:

In proportion to its size Omaha has far exceeded the local exhibitors, horses and carriages on western tankards this season, averaging about Chicago or Kansas City. Ashbrooke, proprietor of Bit and Spur and also secretary of the Kansas City Horse Show association, was at the Omaha horse show the fore part of the week and writes from what he personally notices. He says:

BUILDING FUND COMPLETED

Workers for New Wise Memorial Hospital See End of Their Task.

DEBT OF FEW THOUSAND STILL ON LOT Proposed New Structure for Twenty-Fourth Avenue and Harney Street Made Possible by Liberality of Abraham Slimmer.

By recent purchase the directors of the Wise Memorial hospital have acquired property at Twenty-fourth avenue and Harney streets which will be utilized as the site for the proposed new hospital building. The site has a frontage of 100 feet on Twenty-fourth avenue and 147 feet on Harney street.

Wise Memorial was founded four years ago by the late Mrs. J. L. Brandeis, who continued to fill the office of president and was the active head of the institution until her death, last May. She was succeeded in the presidency by her son, A. D. Brandeis. Through the efforts of President Brandeis and Edward Rosewater Abraham Slimmer was interested in the hospital. Mr. Slimmer is not only an able and very successful man, but he possesses in high degree the philosophy and character of the chief donor toward the fund for the new hospital, with a subscription of \$15,000, conditioned on the raising of an additional \$40,000 by the citizens of Omaha. The \$55,000 will be used for the building alone. Mr. Slimmer's special proviso is that the hospital shall have rental non-interest, and it must at all times maintain a certain number of free beds, available for those who may not be able to pay.

Forty Thousand Fund Raised. Through the liberality of Omaha citizens the additional \$40,000 has already been subscribed for the building fund, largely through the efforts of Messrs. Rosewater and Brandeis. There still remains a number of several thousand dollars on the lot, however. The committee which has been attending to the matter of securing subscriptions is hopeful of raising the requisite amount to clear the lot within a short time.

Slimmer a Liberal Giver. Abraham Slimmer, of Waverly, is 47 years old, a German Jew by birth, but follower of no religion. He is a philosopher, living upon the simplest fare, wearing the most unpretentious clothes, sleeping in a woodshed and trying to unburden himself of his millions in stock and bonds, were golden dollars will alleviate the suffering in this world.

Heaven over a year ago he gave his palatial home, worth \$30,000, to the Sisters Charity at Waverly, but required that it be dedicated to a non-sectarian hospital. He then sold his palatial home, worth \$30,000, to the Sisters Charity at Waverly, but required that it be dedicated to a non-sectarian hospital. He then sold his palatial home, worth \$30,000, to the Sisters Charity at Waverly, but required that it be dedicated to a non-sectarian hospital.

WANTED—MALE HELP

OPPORTUNITY OPENS ITS ARMS TO YOU

There are as great opportunities before you, young man, as there were before Andrew Carnegie, President Roosevelt, or George H. Cortelyou, 25 years ago.

You can succeed. You need but to do your level best to obtain that kind of an education that will bring out all the latent elements of success that abide within you.

It is only the weak and vacillating, the indolent and cowardly, who doubt their ability to succeed, or question that there are opportunities ahead of them. If they are prepared to accept them, it is not opportunities that are lacking. They are everywhere. The trouble is that there are not enough people who are prepared to use the opportunities that are lying around.

Think the matter over well and think of the many advantages that you could obtain by entering.

Here you will be turning into gold the moments that others are idling away. Here in a building, devoted wholly and solely to business college interests, you will be surrounded by an atmosphere of business that will imbue you with enthusiasm for work and make your acquisition of the knowledge of stenography, bookkeeping or telegraphy a pleasure instead of work.

Call and see us about this matter some day this week, or if you can't call, write for our large catalogue.

BOYLES COLLEGE, WINTER TERM. Here you will be turning into gold the moments that others are idling away.

BOYLES COLLEGE, H. B. BOYLES, PRES. We are badly in need of experienced stenographers, bookkeepers, etc.
