SLABAUGH IS NOT THE ONLY LAWYER

Sheelff Has Legal Advice Which Assures Him Intent of Legislature Will Count for as Much as Frenk Action.

While it is understood that the county attorney has filed with the chairman of the Board of County Commissioners an opinion favorable to the idea that the last legislature cut the salaries of the sheriff, opinion has not yet been before the board

It is regarded as a certainty that if any action is taken the commissioners will make the first move. The law, which is alleged to have the effect of chopping \$1.00 off the salary of the treasurer and \$500 each off the county clerk and sheriff, has been in effect since April 1. All the time since then these officers have been drawing salary at the old rate and will continue to do unless a court order prevents.

Sheriff Power also expressed himself as differing with the generally accepted notion that the Board of County Commission the prisoners at the county jail acted legally. He gave the impression that he has legal advice on the question which satisfies him that the rate cannot be cut below what it is at present unless the statute governing the rate is amended.

Treasurer Mortensen Purchases \$182, 000 of Massachusetts and Idaho Bonds for the Permanent School Fund.

(From a Staff Correspondent.)

LINCOLN, Dec. 12.—(Special.)—At the executive office the impression is growing that the agent of the state of Iowa may defer his formal appearance with the requisition for Pat Crowe until the robbery case at Omaha is disposed of. It is believed that Governor Mickey would refuse to issue the necessary executive warrant until the pending case in Douglas county has been carried to its final conclusion in the courts. No word has been received at the state house from the Iowa authorities.

Women Say They Paid Exactions.

Today in the hearing of the case of the State against former Chief of Police Routzahn and City Detective Bentley, before Justice Stevens, two women of the redlight district, Cora Conn and Dollie Palmer.

light district, Cora Conn and Dollie Palmer, testified that they had paid money to the two defendants during the administration of former Mayor George A. Adams. The women were subjected to a rigorous crossexamination, but stuck steadfastly to their stories that they had paid the money instead of paying the fines which had formerly been imposed at regular intervals by the authority of the excise board. Former Mayor Adams was to have testified during the afternoon, but because of another engagement, which would shorten the time he could remain on the stand, was excused. collection of \$50 which she had paid, but for whose benefit she did not know. The state Bentley extorted money from various promise of immunity from arrest. In the afternoon Rose Kirkwood, another resort keeper, testified to similar payments.

Defends Injunction Power. Today the State Legal department filed supplemental brief in the Grain trust case which is pending before the supreme court, taking the ground that the attorneys for the defendants are wrong when they contend that the injunction power in its broadest scope is limited to use against public service corporations. He insists that it can be applied whenever there is a grave public evil of wide enough scope to make the application of that remedy necessary.

Buys Bonds for School Fund This afternoon the State Board of Educa tional Lands and Funds purchased \$182,000 worth of bonds, \$50,000 of Idaho and \$132,000 of Massachusetts, for the permanent school fund. The Idaho bond is a new venture with the state board, but it is considered an excellent investment and the interest rate on them will average 3.40, as compared with 3.27 secured on the Massachusetts issues. The latter are nominally 31/2 per cent bonds, but the brokers demanded a premium and the hoard detached coupons to reduce the interest rate. The Idaho bonds are 4 per cents and coupons are also to be detached so as to net the agreed rate.

The Byrne & Hammer Dry Goods company of Omaha, with an authorized capital stock of \$400,000, has filed articles of incorporation in the office of Secretary of State Galusha. The incorporators are Thomas C. Byrne, George L. Hammer, Daniel D. Fuller, Charles N. Robinson and Charles D. Zook. The company is empowered to carry on a wholesale business in dry goods, shirts and

State Superintendent McBrien estimated today that there were 500 districts out of the 6,500 in the state which will fail to receive a share in the coming apportionment owing to their failure to comply with the provisions of the statutes relative to the ength of the term required. So far he has not found any of the districts which have failed to return sworn statements of the census in accordance with his recent order. Good Progress in Kriss Case. FREMONT, Neb., Dec. 12.-(Special.)-The case against John J. Kriss, the Union Pacific brakeman charged with manslaughter by throwing William McMahon off a train, is progressing rapidly. The morning session was taken up with the testimony of the doctors who performed two autopsies on the remains at the request of the deceased's father. They were not cross-examined and scarcely an objection was made. B. F. French was the principal witness on the stand this afternoon. He testified to seeing Kriss kick McMahon once and kick One of the women testified to a campaign at him several times as the train was passing. His cross-examination rather tended to weaken his testimony by showing that is attempting to prove that Routzahn and on account of a curve in the track it would be rather hard for a man where he was the redlight district under the to see all that took place in the narrow space between the engine and tender. Chris Rogengreen also testified to seeing Kriss kick at McMahon, but was unable to say that he hit him. The latter, he said, fell off three car lengths east of where the engine was when he saw the two men. The court room was filled this afternoon and interest in the case is increasing. The case made by the state is a weak one.

## **GIVE YOUR STOMACH**

Don't Do It By Starving It Either-Let a Substitute Do The Work.

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man himself. If your stomach is worn out and rebels

against being taxed beyond its limit, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will not more than repay you in results. Stuart's Dyspepsia Tablets are a willing

I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away; her ears looked as if they would drop off.
