Bidders Are Taking on Fleah and May Be Barred by Weight.

RECORD OF JOCKEYS FOR LAST YEAR

Miller Leads in America and Wheatley in England, Each with a Fine List of Wins to His Credit.

NEW YORK, Dec. 16.—(Special.)—Several jockeys prominent during the past season that has just closed will have difficulty in getting down to riding weight next year, if at all. Among these are Willie Davis, who was under contract to Sydney Park during the season and did considerable riding for August Belmont, Frank O'Connell, who rode for Newton Benington and Fred Hurley and who piloted Roseben in nearly all his memorable victories, and finished second on the list of winning jockeys for the season; Arthur Redfern, who bears the reputation of being the best horseman among recent American jockeys, and Lorne J. Martin and others. According to reports, Willie Knapp, the little western jockey, who was one of the remarkable sensations of the year, has also been taking on weight rapidly during the latter part of the season and may have difficulty keeping down to the required weight.

It can also be stated upon the best of authority that when the time rolls around to the stewards of the Jockey club to deal out the riding licenses for 1936 there is a strong likelihood that at least three or four prominent riders will not find their names on the list. This is because of the fact that during the season just closed there can be no doubt, but the proving of dishonest acts upon the part of jockeys is a serious proposition. When it comes to granting licenses to a jockey within the power of the stewards to simply omit certain names in the list without stating reasons. This is said to be the very highest authority, which is the course pursued.

Records of the Jockeys.

Several of the prominent American jockeys who have been riding in different parts of Europe during the year have been arriving back home and are expected to appear within the next few days. Among those who have recently returned are Fred Tard and Harry Lewis, who rode in Austria, Hear and Rausch, the little Californian, who was W. K. Vanderbilt's leading jockey on the French turf.

Records of the prominent riders in the east during the season are as follows:

Table with columns for Jockey Name, Wins, Losses, and Percentage. Includes names like Miller, Knapp, Martin, etc.

Jockeys Who Remain Abroad.

The two American jockeys who remain on the English coast are Jimmy Maher and J. H. Martin. Maher, who has finished second on the list of winning jockeys, while Martin was ninth on the list. E. Wheatley finished third, with 116 victories. Martin's poor showing is attributed to the lack of good mounts. Maher had 41 mounts, and with 33 victories had a percentage of 24.7. Wheatley, who had 127 more than Maher, and with 116 victories had a percentage of 21.6. O. Madden, who finished third on the list, had 63 mounts and had only 10 victories, with a percentage of 16.2.

FORBID PROFESSIONAL COACHES

College Presidents Make Changes in Foot Ball Rules. MILWAUKEE, Dec. 16.—The presidents of eight colleges in northern Illinois and Wisconsin today formulated a set of rules which will be adopted by the formation of foot ball regardless of any changes that may be made in the rules of the National Football Association. The conference included the following schools and was called at the instance of Dr. R. H. Ripon college, Wis.; Beloit college, Beloit, Wis.; Lake Forest university, Lake Forest, Ill.; Northwestern university, Evanston, Ill.; Carroll college, Waukegan, Ill.; and Lawrence university, Appleton, Wis. The rules forbid the hiring of professional coaches, the physical directors of the school who are members of the faculty and forbid the playing of football by students who have played for athletic ability or gifts for such services.

Crete Boys and Girls Win.

CRETE, Neb., Dec. 16.—(Special.)—The two basketball teams from Fairmont High school suffered disastrous defeats at the hands of the local high school teams. The first half of girls game was a one-sided affair during the second half Fairmont girls took a temporary brace. Miss Strathorn did some excellent work in throwing, scoring all but 2 points for the visitors. The final score was 25 to 20. The boys' game was equally one-sided. The efforts made by the club in 1935 to encourage international racing are largely responsible for the fame of the event abroad. In that year the Duke of Beaufort sent a starter to the post in Stratford, shipping him all the way from England to run in this race. Stratford was beaten 2 to 1 in his favor.
