WASHINGTON, Dec. 16.—The senate today passed the Panama canal emergency appropriation bill, but that result was not attained until the debate on the bill had been continued the greater part of the day to the exclusion of practically all other business.

When the president had in mind when he employed Mr. Shonts. Mr. Gallinger discussed salaries. Mr. Gallinger then spoke on the merits of the salary roll, saying that he had believed that Mr. Shonts' salary is too high and he was certain that the \$50,000 paid Mr. Shonts as a "press agent" is beyond all reason.

Mr. Shonts' salary will perform more work or that his salary will be reduced to \$30,000, the sum paid his predecessor. Mr. Shonts and perhaps a few other exceptions he believed the pay roll reasonable. He especially defended the \$30,000 payments to the auditor and the purchasing agent and quoted the testimony of Secretary Taft in support of this contention showing that they had already saved the government \$20,000 by securing a reduction of the figures of the lowest bidder.

DEFIANCE TO CZAR (Continued from First Page.) been collision in the streets of the city. A letter written December 11, and brought through by a special agent, which was riddled with bullets, says that every dead wall in Riga bears posters urging the mob to attack the gentry and capitalists.

Mutiny at Moscow. BERLIN, Dec. 16.—The Moscow correspondent of the Lokal Anzeiger telegraphed as follows from that city at 11:20 a. m. today: The ferment in the Moscow garrison over bad rations and numerous arrests resulted in a mutiny in the 1st Grenadier Regiment. The grenadiers freed their arrested comrades by force, seized the arsenal with the stores of arms and munitions and disposed machine guns before the barracks.

Later the grenadiers instead of the usual order of the day issued a series of economic and political demands, and the command of the regiment was taken over by a committee of twenty elected by the mutineers. The men of the regiment and the Cossacks refused to move against the mutineers.

The telegraph and post services have been largely restored. A dispatch to the Lokal Anzeiger from Riga, dated Wednesday, December 14, via ship to Revel, then by messenger to St. Petersburg, and thence by courier to Stockholm, says: Lithuanian workmen today attempted to force their way into an electric light power house which was occupied by troops. A volley was fired into the crowd, killing twelve men. The rest fled.

All the factory employes are striking and business is stopped in the city. The Lithuanian revolutionists hold all the approaches to the town, seize all vehicles and slaughter the horses.
