

DEMOCRATS ARE COMING OUT

Four Mentioned by Chairman Allen for Nomination for Governor.

OTHERS EAGER FOR THE SENATORSHIP

Actually Profess to Believe the Party Has Some Show of Victory at the Coming Election.

Thomas S. Allen, chairman of the democratic state committee, was in Omaha Friday afternoon...

"In view of the fact the democrats have a splendid chance to secure the governorship, and also to present a candidate for senator, a lot of candidates will come out for the state office...

"What we do of course will depend largely upon what the republicans do."

"I look for a mighty fight in the republican party over nominations and I expect to see them attempt to leave out two or three of the candidates who are the best candidates for renomination...

Mr. Allen is a brother-in-law of W. J. Bryan and Mrs. Allen received a letter from the American traveler several days ago, dated a month ago and mailed in Japan...

MURDERER SAVES MURDERER

Albert T. Patrick Files Appeal in Case of Fellow Prisoner Sentenced to Be Executed Monday.

NEW YORK, Dec. 16.—The World tomorrow will say that Albert T. Patrick, on her sentence of death, has prevented the execution of John Johnson, who was to have been electrocuted Monday morning...

"My counsel is not going to appeal my case," said Patrick Johnson, "and I see no use in building up hope."

Patrick, who had just returned from this city, where he had been sentenced by Justice Rogers to die in the electric chair in the week beginning January 22, asked Johnson to tell him of the case.

Johnson signed an affidavit in which he asserted he was not granted a fair trial. Then Patrick wrote another document, in which it was set forth that he had been duly retained as counsel for "one John Johnson, under sentence of death and awaiting execution in Sing Sing as prescribed by law."

"Another paper was in the form of a notice to the clerk of the court of appeals in Albany that one Albert T. Patrick, attorney and counselor-at-law, residing in the state prison in Sing Sing, N. Y., has been duly retained as counsel for Johnson and that said notice was to act also as a notice that an appeal would be argued from the judgment of the lower court."

Warden Johnson was sent for and Patrick handed all the papers to him. "You will be good enough to forward these official documents to the clerk of the court of appeals in Albany," said Patrick to the warden...

The papers were duly forwarded to Albany. Patrick says that he will insist that he be taken to the court of appeals when the day for the argument in the case comes up. The application filed by Patrick in behalf of Johnson acted as a stay of all proceedings.

POWDER MAGAZINE EXPLODES

Fifteen Men Reported Killed by an Accident Near Roseland, British Columbia.

SPOKANE, Wash., Dec. 16.—The powder magazine of the Center Star and War Eagle mines at Roseland, B. C., exploded about 116 p. m. today. It is reported that twelve to fifteen men are dead and as many more injured. The excitement is so intense that details are hard to obtain. It is stated houses near the powder house were demolished and nearly every pane of glass in the town was broken.

A special train from Roseland to the scene, timed 1:10 p. m., stated that nineteen men are still missing since the explosion. One body, that of J. S. Ingraham, who was in charge of the magazine, has been recovered. The search for the dead is retarded by fire in the ruins of the wrecked magazine. Another magazine close by is in danger from fire. The small hotels were demolished by the explosion. It is reported that nearly 100 were cut by the broken glass. The property loss is estimated at \$50,000 to \$100,000. The location of the magazine was on a hillside overlooking the town and about one-mile distant from it.

Dr. Humphreys' Seventy-Seven breaks up Grip and COLDS

A Fresh Cold often yields to "77" after the first dose. A Neglected Cold takes longer, but gives way before "77" eventually. A Stubborn Cold sometimes seems to grow worse, but the effect of "77" is cumulative and after a tussle the Cold is broken up. A book on Dr. Humphreys' System of Cure mailed free.

WITNESS POSED AS DODGE

Total of "Abe" Hummel Brings Out Interesting Testimony in New York.

AMERICA SHOULD WELCOME ALL COMERS

President of Harvard Takes Exception to Position of "Laboring Class."

NEW YORK, Dec. 16.—The crucial point in the celebrated Dodge-Morse divorce case, namely, the question whether Dodge was ever served with the summons to divorce proceedings with his wife, who later became Mrs. Morse, was taken up today at the trial of Abraham Hummel, the lawyer, for conspiracy in the case. The first witness in the case, William A. Sweetser, was the lawyer who represented Mrs. Dodge in her original divorce proceedings.

Sweetser said that Mrs. Dodge was to pay all expenses of the divorce proceedings, including her husband's counsel fee. He testified he identified as Dodge in 1902, was then put on the witness stand. He said that he went to the reference proceedings at the request of Mr. Hummel. "I went to his office," said Herbitch, "and he told me he wanted to use me for about fifteen minutes at a hearing, but he did not want me to testify. He sent me to Judge Hall's office at 62 William street. Hummel afterward entered the office with Steinhardt."

"Did you receive anything for your services?" "Yes, \$25."

"He told me that he wanted to see if a certain man would mistake me for some one else."

"You knew by what you heard there that there was a dispute as to the service of a summons?" "I did not."

Justice Rogers, who is trying the case, asked at this point: "And when Sweetser greeted you as Mr. Dodge, did you not make any response?" "I did not."

Charles W. Morse, the banker, organizer of the American Ice company and other corporations, was next called to the witness stand. It was in order to secure an annulment of the marriage of Mrs. Clemence Dodge to Morse that the alleged conspiracy was entered into by Hummel.

Mr. Morse said that Hummel told him in 1902 that Mrs. Dodge's divorce from Dodge was corrupt and bad. Morse said he answered that if anything was wrong he wanted it set right. The witness said that Sweetser showed him a newspaper picture of Dodge which the lawyer said he had with him when he served the summons. Delaney Nicoll, Hummel's attorney, then asked:

"And when you called his attention to the fact that by the date on the paper the picture was not printed until months after the service of the summons, what did he say?" "That he would have to frame up some other excuse," was the reply.

COURTING CASE IN COURT

Hoboken, Pa., Woman Sues to Recover Money Spent by Minor Son on Neighbor's Daughter.

PITTSBURG, Dec. 16.—The question of whether a mother can recover money spent by her son in courting a girl is one that will have to be decided in common pleas court No. 2, the problem coming before the court in an appeal before Justice of the Peace Hugh Simons of Hoboken, Pa. Mrs. Lizzie Cargo, the mother of Norman Cargo, brought the suit against Sarah McVicker to recover \$20.50, alleged to have been spent for her daughter.

According to the testimony filed with the transcript, Cargo is a minor and has a position. His mother says he used part of his wages every week in taking Mrs. McVicker's daughter to the theater and in spending it for pop, candy and ginger ale for himself and the girl. Mrs. Cargo says that Miss McVicker would send for her son to come to see her or would wait for him at the train. Once she says she whipped the lad, but it did not prevent his visits to the girl. She claims as her son is a minor his wages belong to her. The justice found in her favor, and an appeal was taken to the court for a final decision.

INSPECTOR ANDERSON GOES

Indefinite Furlough as Outcome of Two Years' Fight by Citizens.

MEETZTSE, Wyo., Dec. 16.—(Special Telegram.)—Senator Warren has telegraphed to this place that Inspector A. A. Anderson, former superintendent of the Yellowstone forest reserve, has been given indefinite furlough. This is the end of the fight for his removal which has been kept up for over two years by the people in this part of the state. Two years ago a petition signed by 1,200 citizens, asking for his removal, was forwarded to Washington. This year several hundred individual petitions were sent, together with affidavits charging Anderson with using government employees for private ranch work, fencing the forest reserve for private pasture, withholding grazing permits from settlers and blowing up mountain trails to isolate his herd of thoroughbred cattle. A call has been issued for a big demonstration here next Saturday. Before speeches, dances and fireworks will indicate the joy of the people of this part of the state over Anderson's deposition.

NEW CHICAGO POSTMASTER

Sensors from Illinois Finally Shake Postmaster Coyne Out of His Place.

WASHINGTON, Dec. 16.—President Roosevelt today sent to the senate the nomination of Frederick A. Buse to be postmaster at Chicago.

To opposition by Senators Cullom and Hopkins, especially the latter, Mr. Coyne owes the loss of his position, although he had the almost solid backing of Chicago business interests as well as considerable personal political influence.

Among Mr. Coyne's endorsers was Mr. Buse, the new appointee, who was not originally a candidate for the office. He consented finally when it became evident that Mr. Coyne could not be reappointed. Mr. Buse is a republican leader, not only in Chicago, but in the state of Illinois, and is widely known in politics. He served in the Illinois senate and as state treasurer.

ELIOT ON IMMIGRATION

President of Harvard Takes Exception to Position of "Laboring Class."

AMERICA SHOULD WELCOME ALL COMERS

President of Harvard Takes Exception to Position of "Laboring Class."

BOSTON, Dec. 16.—In an address before the Economic club of Boston last night, President Charles W. Eliot of Harvard, speaking of "immigration," said: "It is the labor unions who teach the doctrine of contract labor exclusion. That is the source of the prejudice against the Chinese. The Americans who have got into the good trades want to keep out all new-comers from their trades. Mr. Eliot says the other day in New York opposed the admission of Chinese students and educated travelers to the ground that Chinese coolies might smuggle themselves into the country in that guise. I want to protest against that line of argument. That we should try to keep out new arrivals because our earnings would be reduced, that is not the real danger. Have wages fallen in the last five years or risen? Yet immigrants have not come. They have not considered enough in their own superiority resulting from their own advantages. We ought to have confidence from our own experiences on this soil of the trustworthiness of freedom for every man."

"I am no kind of a restrictionist to anybody, either in education, religion or immigration. We are in a struggle with the results of the immigration of the last generations. It has been the source of our civilization and our ideals."

Only Possible Doubt.

The only possible doubt about the present immigration is this: Are the races that are coming now as sound physically, morally and mentally as the races that have lived in China and Japan? There is a good deal of race and religious prejudice in the matter. Men say: 'Can we digest this new material?' Well, we have digested many millions of them and they have turned out humans.
