The state officials have not made any compilations to show to what extent the railway suits have diminished the fund.

Treating Wrong Disease. Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, sep-arate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all symptoms caused by some uterine ase. The physician, ignorant of the disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Pavorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system.

and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmiess in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. Dr. Pierce's Favorite Prescription is the greatest earthly boon, being un-squaled as an appetizing cordial and re-storative tonic.

As a soothing and strengthening nerv-ine "Favorite Prescription" is unequaled and is invaluable in allaying and sub-duting nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitue's dance, and other distressing, nerv-

ous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pieasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
