TOTAL OF ALL CORPORATIONS AND NONRESIDENT OWNERS.

Total From an examination of the above table the following facts may be developed: The 30,000 population of South Omaha pays only a trifle over one-fifth of the taxes of the city. The corporations and non-residents pay the rest, or four-fifths, being nearly 28 per cent of the proposed bond issue of \$250,000, after deducting \$20,000 which the stock yards company has agreed to pay in cash (buying and retiring that amount of the bond issue as soon as they are placed on the market), is \$61,000. This is the sum total of what the taxpayers of South Omaha will really have to pay for the new sewer system. They have twenty years in which to do it. If each inhabitant paid exactly the same share of this expense it would be \$2.15 apiece. If each taxpayer paid the same amount it would be, counting one taxpayer for every five

to ride up town and back. With the same proportion of 1 to 5, each taxpayer would have to pay 50.3 cents each year for twenty According to the statement of T. J. O'Neil, a well known real estate man of this city, the advantages of a sewer always will add to the value of the property the cost of its construction, which will average \$70 possibly. At this rate the taxpayer would get back \$3 a year for twenty years at an outlay of 50.2 cents. Further, Mr. O'Neil stated that the rates of property for rent increase from 5 to 20 per cent, according to the location in other respects; often as much as from \$5 to \$10

The Union Pacific railroad paid its taxes yesterday under the usual protest. Its apportionment was \$1,949.82. It paid all the money, but objected vigorously to doing it. It is not likely that the company will take any steps to recover what it thinks is in excess. Thursday the Cudahy Packing company paid its taxes, \$8.614.44. The big item of all is expected today, when the Union Stock Yards company will pay \$32,228

for the support of the city. Ordered to Leave City. Judge King, after hearing the case of the mute laborer, H. Kohn, who was charged with assaulting a young woman of the packing house employes Thursday afternoon, decided that the fellow should be run out of town. This was ordered and Kohn promised to go peacably. He asserted as an excuse for his act that the girl had been teasing him and calling "dummy." He went away saying that he would never come back to South Omaha.

Two annually for twenty years-what it costs of these boys are said to have broken into the Lewis Bradford Lumber company's office Wednesday night, from which they took half a dozen lead pencils and a desk clock. Their names were Earnest Duncan and Ed-Dalton. The other two boys are said to be frequent offenders in a small way. They are charged with stealing junk of different kinds, in the present case a lot of copper wire and brass fittings.
