MORE TALK OF FOOT BALL

Old Committee Says it Must Consult Universities Before Taking Action.
INFORMAL DISCUSSION OF SITUATION
Strong Probability of the Creation of New Governing Body that Will Be Representative.
PHILADELPHIA, Dec. 29.—The intercollegiate football rules committee, after a prolonged discussion here tonight, decided that its members had no power to amalgamate with the committee of seven appointed by the New York university conference without first consulting their respective universities. The old committee will communicate with the new committee as soon as possible. This decision was reached after a conference with the New York conference committee at which the latter proposed an amalgamation of the committees, to be known as the national rules committee. Subsequent to making the original committee the new committee invited the members of the committee to join them in an informal discussion of suggested changes in rules.
Long Informal Conference.
The joint meeting continued until long after midnight. Prior to the meeting with the original committee the new committee met at the University club for organization and discussion of plans. Dr. H. L. Williams of Minnesota university was elected chairman and Dr. G. A. Babbitt of Harvard college was chosen secretary. While the committee was in session an invitation was received from the original committee to hold an informal conference at the Bellevue-Stratford hotel. This was accepted and the members of the committee immediately went to the Bellevue-Stratford. Those present at the joint conference were:
Second committee—Paul J. Dashiell, Annapolis, chairman; William T. Reid, Harvard; Walter Camp, Yale; Prof. J. B. Fine, Princeton; John C. Bell, Pennsylvania; L. M. Dennis, Cornell.
New York University Conference Committee—Dr. H. L. Williams, Minnesota university, chairman; Lieutenant Charles D. Daly, West Point; Dr. G. A. Babbitt, Harvard; Prof. John T. Lees, University of Nebraska; F. K. Curtis, University of Texas.
Dr. A. A. Starg of the University of Chicago, member of the original committee and Dr. K. Hull of Dartmouth, member of the new committee, were unable to attend.
Proposals of New Committee.
After showing their credentials the New York conference committee submitted the following proposition to the original committee:
First—That the two committees be amalgamated in a national rules committee to meet annually.
Second—That the members of the national committee discuss conditions and modifications of existing rules at each annual meeting.
Third—That an executive committee of five be chosen from the national committee for the purpose of drawing up definite rules embodying the recommendations of the national committee.
Fourth—That the members of the executive committee be made up of three from the original committee and two from the New York conference committee.
Fifth—That the rules determined upon by the executive committee be submitted to the individual members of the general committee for ratification.
Sixth—Upon ratification by a majority of the general committee these rules shall become the official rules for the ensuing year.
The proposition, it is understood, was favorably received by the members of the old committee, and after a brief discussion the new committee retired and awaited the decision of the original committee.
The original committee deliberated for some time and shortly before 11 o'clock gave its answer to the new committee, which was as above stated.

Delicious! COOK'S Imperial EXTRA DRY
It delights the taste and affords exquisite pleasure. It costs but half the price of foreign Champagnes, as there is no duty or ship freight to pay on Cook's Imperial Extra Dry.

of reform rules, because of the conference Mr. Reid had with President Roosevelt. Harvard is the only institution represented in the committee that has not presented its ideas for eliminating the objectionable features of the game. Whether Mr. Reid was prepared to present his suggestions is not known.
Paul Dashiell said tonight that the members of the old committee had received specific instructions from their respective institutions that whatever new rules were formulated were to be followed by the institutions represented on the committee. He said the committee did not assume to legislate for all the institutions in the country. Institutions not represented on the committee, he said, did not have to follow the rules the old committee made.
The Onimods won two games from the Black Kats, but the kittens put their highest game against the lowest for the season and pulled out one in good shape. G. Francisco was high man on totals, with 27, and Prof. Chalmers was high in the single game with 27. Score:

Students Defeat Alumni.
CENTRAL CITY, Neb., Dec. 29.—(Special.)—In the meet, held here tonight, the Central City high school team defeated the Alumni team by a score of 21 to 21 at the Academy of Music last night. Each team worked hard, but the school team gained the lead and then the other half, and with the beginning of the second half the Alumni five gained a lead of five points, which they held until the last five minutes, when the high school "onions" went ahead. The team work and advancing of the ball by the Alumni was superior to that of their opponents, but their inaccurate throws for goal lost them the game. Lineup:
High School. Right forward, Agnew; Underwood. Left forward, Agnew; Baird. Center, Killorty; Hanson. Right guard, Killorty; Howland. Left guard, Killorty; Hester, K. O'Brien.
Alumni. Right forward, Agnew; Underwood. Left forward, Agnew; Baird. Center, Killorty; Hanson. Right guard, Killorty; Howland. Left guard, Killorty; Hester, K. O'Brien.

SUGGESTS FOOT BALL CHANGE

Nova Scotia Man Would Have New Zealand Game Adopted.
NO HOPE TO AMEND THE PRESENT RULES
American Game Has Been Specialized and Any Radical Alteration Will Only Result in Its Destruction.
NEW YORK, Dec. 29.—English Rugby, not as it is played in England or Canada, but the style of game adopted by the opponents of the sport in New Zealand, is suggested as a substitute for the game of American football in a letter addressed by Prof. J. Edmund Woodman of Dalhousie university, Halifax, N. S., to the conference of colleges now considering a revision of the game. The New Zealand game, Prof. Woodman declares, while devoid of practically all the objectionable features which have brought the American game into disfavor, possesses much of what is good in nearly all forms of the sport. He directs attention particularly to the absence of what he calls "mob tackling," with the consequent mob instinct which it arouses among the spectators.
The game also would, he says, give liveliness, greater variety of possible plays and strategic situations and few delays by reason of injury to players. Its advantages to the players, in addition to these points, would be great probability of a scarcity of serious injury, a game as intense and calling for nearly as much exertion, without the exhaustion following the American game, a greatly decreased cost to players and clubs alike, the requirements and the development of certain fine qualities not called out by the other game, especially quickness of individual judgment and exertion.
In suggesting the substitution of Rugby Prof. Woodman says that this plan seems to him to be the only possible solution of the present trouble. He believes that any attempt to radically revise the present American game would only result in its destruction. It is essentially specialized game and he believes it would be impossible to successfully specialize it. To abolish football entirely he believes would result only in ill, in that it would merely bottle up the energy of the men without providing a outlet outlet. Slight changes in the game would result in no permanent good. Association foot ball Prof. Woodman declares to be beyond consideration.

STUDENT DEFAT ALUMNI

ST. LOUIS, Dec. 29.—J. O'Brien, chairman of the registration committee, announced today that he will resign his position as an official of that organization as soon as his successor is appointed. He stated as his reason that the business demands on his time made it necessary for him to sever his connection with the organization.
CLEVELAND, O., Dec. 29.—A wrestling match at the Empire theater here tonight between Tom Jenkins and Dan McLeod, with a time limit of half an hour, was declared a draw, neither man getting a fall. Jenkins, however, won \$100 by retaining his title.

DAVIDSON SETS TWO NEW MARKS

Breaks Both Mile and Five-Mile Indoor Records.
Two world records were established at the Auditorium Friday night by Harry Davidson of St. Paul, Minn., when he went after the five-mile record, held by himself, which was 15:30 for an indoor mile. Davidson had the advantage of pace-makers most of the way and broke the five-mile record when he made the distance in 14:15. The record for a mile was also broken in the fourth mile of the race, which was made in 2:42. The record by miles made by Mr. Davidson last night was: First mile, 2:32; second mile, 2:38; third mile, 2:37; fourth mile, 2:42; and fifth mile, 2:36, making a total of 14:35, cutting 45 seconds from the record.

MINOR LEAGUE MEETING

TERRE HAUTE, Ind., Dec. 29.—President Carson of the Central Base Ball League has issued a call for a meeting of the minor leagues at Chicago January 5. Representatives of the Central league will go from there to Canton, O., for their annual meeting January 11.

STATE MEDICAL INSTITUTE. Doctors for Men
Hydrocele, Varicocele, Stricture, Emissions, Impotency, Gonorrhoea, Blood Poison (Syphilis), Rupture, Nerve Debility.
If we could but see and treat all men when the first symptoms show themselves there would soon be little need for so-called specialists in chronic diseases, and less would be seen men seeking a rejuvenating of their physical and mental powers, and their lives would be more marked with the indelible stamp of constitutional vigor and the surety of success.
KIDNEY and URINARY Diseases and all Diseases and Weaknesses of MEN due to evil habits of youth, abuses, excesses of the result of neglected, unskilled or improper treatment of specific or private diseases.
We make no misleading statements or unbusinesslike promises to the afflicted, neither do we promise to cure them in a few days, nor offer cheap, worthless treatment in order to secure their quickest possible time, without leaving lasting injuries after our system, and at the lowest cost possible for honest, skillful and successful treatment.
FREE Consultation. If you cannot call write for symptom blank and Examination. Office Hours—8 a. m. to 8 p. m. Sundays, 10 a. m. to 1 p. m. 1308 Farnam Street, Between 15th and 16th Streets, Omaha, Neb.
