

BREEN MISSED THE POINT

Request for Restraining Order in Copy of Motion Given Him.

CITY ATTORNEY BEFORE SUPREME COURT

Asks that Restraining Order Issued Pending Hearing of Treasurer's Suit Be Set Aside.

(From a Staff Correspondent.) LINCOLN, Jan. 3.—(Special Telegram.)—City Attorney Breen of Omaha appeared before the state supreme court at noon today and urged the dismissal of the restraining order issued yesterday in the case of Cathers against Treasurer Hennings of Omaha...

Change of Base. L. R. Jones, now a clerk in the office of the commissioner of public lands and buildings, will on Monday next retire from that office to accept a position as bookkeeper at the penitentiary.

Contracts for Supplies. The State Board of Purchase and Supplies was keeping open house today in the senate chamber, receiving bids for supplies for the coming quarter at state institutions.

During the afternoon session Mr. Breen appeared again, filed a written motion to vacate the restraining order and presented arguments in support thereof.

The supreme court tried to finish its work tonight in order that Judge Holcomb might give way tomorrow morning, but only partially succeeded.

Other Douglas county decisions are: Cathers against Linton, affirmed; Bascomb against Bascomb, affirmed; Standard Distilling and Distribution Company against Harris, affirmed; Allen against American Beet Sugar Company, reversed and remanded; State against Potter, receiver, affirmed.

Smith against Street and Hitchcock, reversed; Shildon against Gage County, affirmed; State ex rel against McMonies, affirmed; Hrichachek against Hrichachek, Coffas, reversed; Colgrove against Pickett, Gage, reversed; Kupke against Rock, former judgment vacated and judgment set aside; State ex rel against Court House Rock Irrigation Company against Willard, Chyrenko, affirmed; Ames against Ames, Washington, affirmed; Union Pacific Railroad against Thompson and Tierney, brothers, Luster, affirmed; Dundick against Sons and Daughters of Protection, Lancaster, reversed; City of Red Cloud against F. and S. Bankers Company, affirmed; Webster; David Hog against Howard County, affirmed.

In Nebraska Telephone Company against Jial County, the court held that the proper basis of value for taxation was as a going concern, gross receipts and tangible property being taken together and not separately. The lower court was affirmed.

Drezel Fee Case. Another case that occupied considerable attention of the court was the mandamus case in which County Attorney Sibbough seeks to compel former County Clerk Drezel to account to the county for some \$700 in fees alleged to have been collected in excess

of his lawful salary and never turned over to the county. The county attorney briefly recounted the complications leading up to the suit, showing that at the recent session the legislature sought to readjust the salaries of county clerks, sheriffs and treasurers, and in formulating the new law had neglected to enact a special provision for the salaries of such officials in Douglas and Lancaster counties, the result being that the officers in those two counties were placed on a par with those of other counties so far as salaries are concerned.

County Attorney Sibbough contended that the new law went into effect under an emergency enactment April 3 last, on that day the salary of the county clerk was reduced from \$2,500 to \$1,500, wherefore he contended that the fees should have been turned in by Drezel on a \$1,500 salary basis up to April 3 and a \$2,500 salary thereafter, so that he collected and retained by Drezel he should have turned into the county treasury all \$1,725.

H. C. Brome presented the argument in support of Drezel's retention of the entire amount of the fees. This case similarly involves a reduction of salary of the county sheriff from \$2,000 to \$2,000 and of the sheriff from \$2,500 to \$2,000.

L. R. Jones, now a clerk in the office of the commissioner of public lands and buildings, will on Monday next retire from that office to accept a position as bookkeeper at the penitentiary.

REUNION OF NEBRASKA FAMILY

Sixteen Brothers and Sisters Get Together at Home Near North Loup.

NORTH LOUP, Neb., Jan. 3.—(Special.)—There are probably few families that can have a reunion with sixteen brothers and sisters attending, as did the descendants of "Elder" Benjamin Clement of North Loup on New Year's day. Mr. Clement is 87 years old, yet was able to ride twelve miles to the farm of his oldest son, N. G. Clement, in Mrs. Valley, and eat a real English holiday dinner with sixteen of his seventeen living children—the largest number he has ever had around him at one time. The day was spent in "many a song and jest" and in exchanging those "don't you remember" that such occasions are rich in.

Although there were fifty-five present to enjoy the delights of the day, a numeration showed that had all the grandchildren and great grandchildren been there, 162 more would have been added to the company. What makes this statement the more interesting is the fact that Mr. Clement has no relations in the United States except his own descendants, all the rest of the family being British subjects. He himself has never returned to England since coming to America in 1834. In his working days Mr. Clement was a first-class carpenter, and eight of his nine sons are now following that trade, the youngest being principal of the David City High school. Mr. Clement is one of Valley county's pioneers, having settled there with his family in 1834. His wife was buried at North Loup in 1887, and nine of his sons and daughters still call that home.

ADAMS—The electric light plant in Adams is being built and the town is well lighted and practically all the resident portion will be wired in a day or so.

HEATING—The first day of the winter was not very well attended on account of stormy weather, and yet D. Ward King, the speaker and apostle of good roads, said the most interesting meeting that he ever held was attended by less than twenty people.

Mr. King described the construction of his split-log drag as being a log split in the middle, the two pieces connected by a large ladder. These were to be dragged at such an angle as to throw the dirt toward the center of the road, and the work is to be done after each rain, so as to keep the ruts and low places filled up and present a surface that the wheels will not stampede on.

While there was nothing new in the method, the lecture of Mr. King was upon the line of inducing farmers to do just what they know to be the right thing in road making. Mr. King had photographs to show roads before and after being worked by his method. He said that in many instances these roads did not cost to exceed \$2.50 a mile to keep them in good order and to make them as serviceable after a rain as before.

TABLE ROCK, Neb., Jan. 3.—(Special.)—Several of the young people were skating a day or two since on the lake of the Table Rock cutoff, in which several Table Rock people are interested. A place was observed in the lake that had not frozen over and from which a gaseous substance issued, where the water has always had an oily appearance, and one of the party, taking a match from his pocket, lighted it, and as he touched it a bright flame of gas blazed up. Some think a valuable discovery has been made, others think it is not "swamp gas," caused by the great amount of decaying vegetation.

Federal Court at Norfolk. NORFOLK, Neb., Jan. 3.—(Special.)—The first term of federal court to be held in Norfolk, regardless of the fact that Norfolk has been one of four court towns in Nebraska for years, will come next April. Furniture is now being sent by the government for the upper floor of the court house and postoffice built by the couple for \$100,000. Several jury cases have been announced to be tried by Judge Munger.

Big Elevator Changes Hands. HASTINGS, Neb., Jan. 3.—(Special.)—It is announced that negotiations have practically been closed by the Harroun grain elevator at Elwood, Kan., probably

the largest wooden structure of its kind on the Missouri river, will soon pass into the control of W. H. Ferguson and William Nash, the latter of Chicago. The elevator has a capacity of 500,000 bushels and is now being refitted with modern machinery.

Fireman Kraft Dies. ALLIANCE, Neb., Jan. 3.—(Special Telegram.)—Fireman F. W. Kraft, who was killed by a falling beam in the yard here yesterday, died early last evening as a result of his injuries. The body will be sent to Howard Lake, Minn., the home of his parents, for burial.

News of Nebraska. ADAMS—Stockman & Sons sold their livey barn to Elmer Graves of Firth, Neb. ADAMS—A light snow began falling New Year's night, continuing all day of the 3d. It is much the same as the snow of the 2d. PLATTSMOUTH—Rev. A. F. Ploetz, pastor of the First German Presbyterian church here, has tendered his resignation, to take effect January 15.

BEATRICE—The worst snowstorm of the season and the heaviest yet recorded here, began on the night of the 3d and continued to the 4th. The snow was piled to the depth of four inches. It is growing colder tonight.

THE OMAHA DAILY BEE: THURSDAY, JANUARY 4, 1906.

Request for Restraining Order in Copy of Motion Given Him.

CITY ATTORNEY BEFORE SUPREME COURT

Asks that Restraining Order Issued Pending Hearing of Treasurer's Suit Be Set Aside.

(From a Staff Correspondent.) LINCOLN, Jan. 3.—(Special Telegram.)—City Attorney Breen of Omaha appeared before the state supreme court at noon today and urged the dismissal of the restraining order issued yesterday in the case of Cathers against Treasurer Hennings of Omaha...

Change of Base. L. R. Jones, now a clerk in the office of the commissioner of public lands and buildings, will on Monday next retire from that office to accept a position as bookkeeper at the penitentiary.

Contracts for Supplies. The State Board of Purchase and Supplies was keeping open house today in the senate chamber, receiving bids for supplies for the coming quarter at state institutions.

During the afternoon session Mr. Breen appeared again, filed a written motion to vacate the restraining order and presented arguments in support thereof.

The supreme court tried to finish its work tonight in order that Judge Holcomb might give way tomorrow morning, but only partially succeeded.

Other Douglas county decisions are: Cathers against Linton, affirmed; Bascomb against Bascomb, affirmed; Standard Distilling and Distribution Company against Harris, affirmed; Allen against American Beet Sugar Company, reversed and remanded; State against Potter, receiver, affirmed.

Smith against Street and Hitchcock, reversed; Shildon against Gage County, affirmed; State ex rel against McMonies, affirmed; Hrichachek against Hrichachek, Coffas, reversed; Colgrove against Pickett, Gage, reversed; Kupke against Rock, former judgment vacated and judgment set aside; State ex rel against Court House Rock Irrigation Company against Willard, Chyrenko, affirmed; Ames against Ames, Washington, affirmed; Union Pacific Railroad against Thompson and Tierney, brothers, Luster, affirmed; Dundick against Sons and Daughters of Protection, Lancaster, reversed; City of Red Cloud against F. and S. Bankers Company, affirmed; Webster; David Hog against Howard County, affirmed.

In Nebraska Telephone Company against Jial County, the court held that the proper basis of value for taxation was as a going concern, gross receipts and tangible property being taken together and not separately. The lower court was affirmed.

Drezel Fee Case. Another case that occupied considerable attention of the court was the mandamus case in which County Attorney Sibbough seeks to compel former County Clerk Drezel to account to the county for some \$700 in fees alleged to have been collected in excess

of his lawful salary and never turned over to the county. The county attorney briefly recounted the complications leading up to the suit, showing that at the recent session the legislature sought to readjust the salaries of county clerks, sheriffs and treasurers, and in formulating the new law had neglected to enact a special provision for the salaries of such officials in Douglas and Lancaster counties, the result being that the officers in those two counties were placed on a par with those of other counties so far as salaries are concerned.

County Attorney Sibbough contended that the new law went into effect under an emergency enactment April 3 last, on that day the salary of the county clerk was reduced from \$2,500 to \$1,500, wherefore he contended that the fees should have been turned in by Drezel on a \$1,500 salary basis up to April 3 and a \$2,500 salary thereafter, so that he collected and retained by Drezel he should have turned into the county treasury all \$1,725.

H. C. Brome presented the argument in support of Drezel's retention of the entire amount of the fees. This case similarly involves a reduction of salary of the county sheriff from \$2,000 to \$2,000 and of the sheriff from \$2,500 to \$2,000.

L. R. Jones, now a clerk in the office of the commissioner of public lands and buildings, will on Monday next retire from that office to accept a position as bookkeeper at the penitentiary.

Bankers Company, affirmed; Webster; David Hog against Howard County, affirmed.

JANUARY AILMENTS

AND HOW TO TREAT THEM

BY DR. S. B. HARTMAN

The Healthfulness of January Weather Discussed

January is the best month of winter—the best for health, the best for recreation, the best for pleasure, the best for recovery. The trying weather of November and December have passed and most people have become acclimated to winter weather. Dr. Hartman, in speaking of catarrhal diseases prevalent during January, among other things, said: "Notwithstanding January is a midwinter month, fewer cases of chronic catarrh are acquired during this month than any other month of the year, with the possible exception of October."

He went on to say, "The healthfulness of January weather, however, should not put people off their guard. There are many little rules that should be carefully observed. "For instance, the feet should be kept dry. The hands and wrists kept warm. Sleeping rooms should be well ventilated. The throat gargled with cold water every morning. All these are excellent preventives to catching cold or acquiring catarrh."

The Doctor further said, "During a long and busy life I have never omitted these details. In addition to these, I always have a bottle of Peruna in my room. If I have a slight cough or hoarseness, the least sign of sore throat or sneezing, I take a few doses of Peruna, and the difficulty disappears. "I have used Peruna very nearly all my life, and I attribute my hale and hearty old age to use of Peruna. I know many other old people who can say the same."

"While January is a salubrious month, yet caution should be observed. Those who have chronic catarrh ailments should be warned that the healthfulness of January weather is not sufficient to benefit catarrhal diseases. It can be assumed that the catarrh is of a grave nature. A course of Peruna should be resorted to. "Peruna," says Dr. Hartman, "is my own remedy for catarrhal diseases, whether acute or chronic. From the slightest cold to the most settled and stubborn catarrh, I use Peruna and Peruna only, and certainly my success in treating catarrhal diseases ought to be a guarantee that Peruna is an efficient remedy."

"I have received many interesting letters from those who have taken Peruna, telling me the value of Peruna in preserving health, preventing disease and relieving catarrhal ailments. One letter that I recall at this time is from Mr. and Mrs. Joseph Klee of 215 East Fourth street, Topeka, Kan. Mr. Klee said: "We are both much pleased with Peruna and do not hesitate to praise it on every occasion. "My wife took Peruna for liver trouble and a run-down condition incident to the same. A few bottles built up her health and strength. "I took Peruna for a cold which settled in my kidneys, giving me much pain. In two weeks I was much better and in a few months I was well. We kept it on hand all the time, in case we take cold."

Another correspondent, Mr. Fred Dersewch of Ridgeport, Tenn., has used Peruna in his family for five years. Among other things, he says: "We have used Peruna in our family for five years. It is one of the best medicines I know of. I and my wife and our thirteen children do not need a doctor since we use Peruna."
