

SPLIT IN FONTANELLE CLUB

Three Members, Braatoh, Benson and Saunders, Want to Be Mayor.

OTHERS SEEK OTHER CITY HALL JOBS

Board of Governors Meets Saturday to Begin Endorsing Candidate for Mayor and Merry Time is Expected.

Every kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand.

The Fontanelle club will start Saturday night at the meeting of the Board of Governors to endorse candidates for the municipal ticket.

It is presumed that with Braatoh's strength on the executive committee his name will be recommended by the select few, but among the seventy-six governors both of the other men have many supporters.

After the majority come the city attorney, clerkship, building inspector and city controller. Up to a few days ago Mr. Breen looked scandalized whenever the matter of running for the office was mentioned, but he now admits it is so.

For Building Inspector. So far the field with respect to the building inspector's office has been ornamented by only two figures, those of John H. Butler and P. M. Willey.

Within the last few days politicians of all kinds have been at the city hall asking questions about the Dodge primary law. In this office they have figured out that primary day will be April 3, which falls on a Tuesday.

Pertinent to all these matters is the all-absorbing question of whether councilmen are nominated by the people of the wards or by the whole city. The Dodge law is silent on the point.

INSURANCE BOOKS EXAMINED

Records of Nebraska Mutual Asking Admission in Minnesota Are Looked Over.

Deputy State Auditor J. L. Pierce, state insurance commissioner for Nebraska, was in the city Wednesday, and in company with J. A. Hartigan, actuary of the insurance department of Minnesota, and Insurance Commissioner Zeno M. Host of Wisconsin, examined the books of the National Mutual Fire Insurance company of this city in reference to its request for admission into the states of Minnesota and Wisconsin for the transaction of insurance business.

Commissioner Pierce said the meeting was purely a business one pertaining to the Nebraska mutual company and had no reference what ever to proposed insurance legislation. Commissioner Host of Wisconsin, one of the foremost insurance authorities, concurred in the statement that there was not contemplated any conference on legislative matters at this meeting.

"That matter," he said, "will be left to a national meeting of insurance officials at the several states, which has been called to meet at Chicago February 1, at the instance of Insurance Commissioner Drake of the District of Columbia. It is expected a large representation will be present at the meeting. The purpose of the meeting is to understand it is to confer upon and endeavor to devise some uniform plan of insurance legislation throughout the country, which would be the means of saving no end of trouble and confusion.

Very few medicines have received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. Grateful parents everywhere testify to its merits. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious.

The motion to quash alleges there was no intent to defraud, that the nine counts of the indictment are indefinite, no value is charged, the descriptions of the lands are inadequate and the indictment defective in practically all its counts.
