

BRYAN'S LETTERS FROM AFAR

First of the Series Soon to Be Published in The Bee. TRIP AROUND THE WORLD IN DETAIL

The Bee has pleasure in announcing that in its issue of January 14 will appear the first of a series of weekly letters from the pen of William Jennings Bryan, who is now making a tour of the world.

Mr. Bryan crossed the Pacific to Japan, stopping a day at Honolulu en route, and has already concluded his visit in Japan, Korea and China.

A better time for Mr. Bryan's tour, from the standpoint of the reader, could not possibly have been chosen.

It is to be hoped that the inhabitants of the Philippine islands are progressing rapidly toward the conditions and that American control means a glorious new birth of light and liberty and self-control

Mr. Bryan is making a careful study of the conditions and the record will be spread out in full for the benefit of The Bee's readers.

Mr. Bryan will go to Europe. What the conditions will be in Turkey and the Balkan states, in Russia, in Austria-Hungary and in the countries of western Europe when he gets there it is impossible to say.

From Egypt Mr. Bryan will go to Europe. What the conditions will be in Turkey and the Balkan states, in Russia, in Austria-Hungary and in the countries of western Europe when he gets there it is impossible to say.

Mr. Bryan witnessed the great naval review celebrating the new Anglo-Japanese alliance, and the monster reception given Admiral Togo at Tokyo.

HENNING'S DECLINES TO FINK

City Treasurer Refuses to Yield Office to County Treasurer. LATTER MAKES HIS FORMAL REQUEST

Two Officials Meet at City Hall and Exchange Cordial Greetings, but No Official Business Transacted.

County Treasurer Fink called on City Treasurer Henning Thursday afternoon about 2:30 and formally requested him to turn over the office, its responsibilities and cares, to which Mr. Henning responded that he was claimed hand and foot by a restraining order of the supreme court.

Henning Watches All Night. Went away tonight Mr. Henning spent all night in his office for the first time in his life and, preferring to keep busy rather than try to doze on the single hard couch available, occupied himself with tag ends of business and a general overhauling of private papers.

At the annual meeting of the New Year's Day of the Board of Trade, the committee on the Board of Trade building at 25th and Farnam streets, F. J. Adams, president, and W. H. Morrison, secretary, were elected for the long term, and C. E. Smith, secretary, for the short term. The election of officers will be held next Monday.

WOMAN IN CLUB AND CHARITY

The Travelers' Aid of Sioux City, which is maintained and operated by the Young Women's Christian association and the Wheeler Deaconess home, has sent out a circular calling attention to its work, and asking the co-operation of the press and all friends in passing on information regarding the aid, that it may more effectively reach the scores of young and inexperienced girls who travel alone every month and who so frequently are deceived into trouble through their ignorance.

The women have been making some practical investigations regarding the means through which girls are most often deceived and especially young women against advertisements offering good wages in a strange city without ascertaining whether the cost of repairs, both running and in shop, is closely proportional to the track, and therefore to the weight on the drivers.

On the Union Pacific in 1904 there were 54 engines with an average weight on the drivers of fifty-eight tons. The cost of locomotive repairs and renewals per engine mile was 15.54 cents; per 100-ton miles, 1.54 cents and per locomotive mile, 15.54 cents.

Two departments of the Woman's club met Thursday morning and both were well attended. The art department held its stereopticon illustrated lesson on the work of Donatello and the science department had some further discussion of the local milk question and a paper on "Vinegar," by Mrs. John Harmon, in connection with its investigation of food adulteration.

The Young Women's Christian association is having its annual convention on Friday and Saturday next having been announced as follows: The association has issued the following list of facts regarding its work during the past year:

At last the conservatism of the Virginia club woman has been overcome and that state will have, for the first time, representation at a biennial of the General Federation of Women's Clubs, at St. Louis, next spring. Virginia is without a state organization, although it has a good many clubs. The Mutual Improvement club of Clifton Forge was the first club of the state to affiliate with the national organization.

With new music, new ensembles and new faces George Sidney will come to the Krug theater for four days, starting Sunday night. The title of this season's offering has appropriately been termed "Busy Lazy's Vacation." Mr. Sidney is well known to the theater-going public, and much interest will undoubtedly be taken in his new offering.

Pauline Hall will appear at the Boyd theater tonight, offering for the first time Omaha her new success, "Dorcas." This light opera is by the authors of "Grandma," in which Miss Hall was a real triumph and is said to be quite as merry and tuneful as that famous piece. It tells a good story and is furnished with some charming lyrics. It gives the prima donna a splendid chance, and her glorious voice is heard in it to real advantage. Miss Hall is supported by a fine singing organization and her tour so far has been a success. Her engagement here is for Friday and Saturday evenings and a matinee on Saturday.

In "The Virginian" a phase of western life that has all passed from the scene is pictured most faithfully and graphically. No other play of the kind has ever reached the people as this one, and for the very good reason that no other play pulses with the life of the plains as does the drama. The company that is playing the piece created most of the parts, only one or two changes having been made since the beginning. Dustin Farnum still plays the Virginian and Frank Campeau is still giving his fine characterization of Trampas. A new Molly Wood is with the company this season, and is said to be the real article. The engagement at the Boyd theater opens on Sunday evening and lasts till after Wednesday, with a matinee on Wednesday afternoon.

Only three more performances of "Are You a Mason?" will be given at the Woodward, the last being to "Barbara Frietsch" on Sunday afternoon. Mr. Morrison will be well enough to resume his work with the new bill.

TRAINS FROM EAST LATE

All Traffic is Delayed by Heavy Snows, Chiefly in Iowa. IN THE WEST ALL IS CLEAR NOW

Except for Related Arrivals Westward, No Inconvenience or Harm is Reported as Result of Storm.

A great contrast was noticed Thursday morning as the trains from the east and those from the west pulled into the Union station. The trains from the east were covered with a blanket of sleet and snow and looked as if they had just come in from the north pole, while the trains from the west were sleek and bright, without a "siltle sign of the storm. All trains from the east were about four hours late and the western trains were practically all on time.

Repairs for Locomotives. The annual reports of some of the larger western roads show an interesting table on the cost of repairs, both running and in shop, is closely proportional to the track, and therefore to the weight on the drivers.

On the Union Pacific in 1904 there were 54 engines with an average weight on the drivers of fifty-eight tons. The cost of locomotive repairs and renewals per engine mile was 15.54 cents; per 100-ton miles, 1.54 cents and per locomotive mile, 15.54 cents.

At the play houses. "Hearts of Gold" at the Krug. A well-acted, well-acted, was offered at the Krug last night for the last half of the week. It is one of those things that defy criticism, and do not merit review. The engagement lasts till after Saturday night, with a matinee on Saturday.

Mr. Doerwald, who is a prominent veterinary surgeon and has been located at 15th and Pierce streets for 27 years, tells of a remarkable cure of asthma in his case by a short course of Dr. Branaman's new method of treating in speaking of his case, he said: "Twenty-two years ago I began to have shortness of breath and choking, constant wheezing and rattling in my chest and coughing. I would raise tough phlegm. Finally I got so bad I could not work. Doctors told me asthma could not be cured. I had to sit up at night; the only relief I got was from smoking an asthma powder, which only gave temporary relief. I lost flesh and strength. I went to Dr. Branaman a physical weak, and in a few weeks I was a man. I can now breathe free and easy. I sleep like a child all night. I do not cough or have any more rattling or wheezing. This New Cure is a sure specific for asthma and I recommend it to all my friends as no one could be any worse than I was."
