MAY MEAN THIRD BOND VOTE

Result of Case Testing Legality of Fire Engine Issue Eagerly Watched.

According to City Attorney Green the validity of using voting machines is not really questioned in the case brought by Attorney A. G. Ellick to test the legality of a proposed issue of \$60,000 fire engine bonds. As a matter of fact the suit is a friendly one and originated in the city legal department because the proposition called for bonds both for buying a site and building a station in the Fifth ward.

A Skin of Beauty is a Joy Forever.

DR. T. Felix Goursaud's Oriental Cream or Medical Beautifier.

Removes Tan, Freckles, Pimples, Moles, Redness, Itchiness, and every blemish on the face. It is the best skin treatment ever known. It is so simple to use, and so sure to succeed, that it is a beauty to all who use it. It is sold in all drug stores, and is the only one that is guaranteed to be pure and safe. It is the only one that is made in America.

streets, but the remaining \$30,000 was requested by ordinance and in the proclamation both for building the Fifth ward house and getting a lot to place it on.

The discrepancy was noted by the attorneys for Brandels & Sons, who bought the bonds, and after discussion it was decided to get a court ruling on the point in order to safeguard all interests.

The real point at issue is whether the city has any right to issue bonds or use money from bonds for buying real estate. It is contended there is no authority for issuing, selling or using the proceeds of bonds for doing aught with fire engine houses, but paying for the cost of construction.

It would not surprise the legal department to have the courts take this view. In case the decision is that way it means submission again to the voters at the spring election, or for the third time, and considerable delay in the erection of the buildings.

WILLIAM JERRBMS' SONS
 209-211 South 15th Street

You can't afford to look shabby when such prices as Nicoll, the tailor offers this week are within your reach

Are You Skeptical?

Do you fear that the garments we offer you at \$18, \$20 and \$25 during our January Cleaning-Up Sale will not satisfy you?

Do you think that the material, workmanship or linings must necessarily be inferior on account of low price?

DO YOU THINK THERE'S SOME TRICK ABOUT IT?

THEN convince yourself quickly—by first carefully examining the excellent woollens we offer!

ASK to see the linings that will be used in your garment.

THEN insist on seeing a sample of our finished garments.

WE'LL take chances on getting your order after you have done all this!

THERE'S no secret about it!

IT'S simply Nicoll's way of getting rid of hundreds of remnants—short lengths single suit patterns—and surplus stock at the end of the season.

TRUE! There's mighty little profit in it for us—but in return we gain several hundred new friends—whose trade we hold permanently.

WE mean to be generous with you; if we fail to please you in material, fitting, trimming or workmanship, you have a perfect right to refuse the garments.

OUR window is an index of what you'll find on our tables.

Do You Want Omaha to Grow?

A bird's-eye view of Omaha has been made by E. J. Austen, the most experienced, in fact, the greatest living artist in panoramic work. This will show Omaha to its best advantage. The painting will be reproduced on a sheet 36x22 inches, heavy enameled paper—suitable for framing. This will be issued in connection with sixteen pages, printed on book paper, showing Omaha's best buildings in detail, together with carefully prepared information with regard to what Omaha is, covering every phase of Omaha's commercial activity. Thousands of these will be sent to the friends and business connection of our Omaha people and will open the eyes of people who know nothing of the new Omaha and its wonderful progress.
