of Mr. Staples, seven miles southwest of Beatrice. SEWARD-J. C. Morgan, who only last spring cashed a check amounting to 1300 on Brown, the butcher, and appropriated the money and skipped out, has been lo-cated at Red Oak, in., and will be returned to Seward for trial. ALBION-Judge Paul convened the ad-journed October term of the district court this morning and will probably finish the work of the term today. No cases of im-portance are left on the docket. The next regular term convenes February M. PLATTSMOUTH-Steam heat was turned onto all of the rooms in the Nebraska Masonic Home building today and it is expected that the contractors will have completed their work and will turn the building over to the society next week. SEWARD-The annual meeting of the

(From a Staff Correspondent.) LINCOLN, Neb. Jan. 10.-(Special Tele-gram.)-W. J. Connell, attorney for five thirty days in the county jail for ignoring a court order, filed his brief in the supreme court today in support of his appeal from the decision of Judge Sutton. The brief summarizes the errors alleged under the Duilding over to the society next week. SEWARD-The annual meeting of the Building and Loan association of Seward were elected: President, John Zimmeerer; were elected: President, John Zimmeerer; WEBRASKA CITY-Rev. M. P. Mulhall, assistant rector at St. Mary's Catholic church has reported to the public that a sult case containing valuable papers had been taken from the rectory. Among the papers were certified checks to the amount of 15.60.

house was closed during the funeral. BEEMER—The firm of Albright & Faker has recently completed a new grain ele-vator of 4,000 bushels capacity, which with their old facilities for handling grain makes them second to none along the North-western railroad in tais part of the state for handling large quantities of grain. SEWARD—At the opening meeting of the Woman's club of Seward the following offi-cers were elected: Mrs. W. H. Moore, presi-dent; Mrs. J. Strayer, vice president; Mrs. C. E. Holland, second vice president; Mrs. John Mulfinger, corresponding secretary. BEATRICE—The New Home Telephone

BEATRICE-The New Home Telephone company, which filed articles of incorpora-tion with the county clerk yesterday, will soon commence the erection of a building to cost \$30,000. It is understood the com-pany intends to establish an up-to-date automatic, secret service telephone system. BEATRICE—Marion Vancamp, the boy arrested some time ago at Wymore charged with attempting to assault an 8-year-old girl, and who disappeared from his home pending his hearing, was arrested near Diller by Sheriff Trude and brought here today. His hearing is set for next Fri-day.

day. BEATRICE-Barney Ready, who was arwith the initial meeting and banquet at Lincoln February 6. President King will be present. The invitation includes not only graduates, but also former students and parents having children attending at Oberlin. All such are requested to commu-

county jail. NEBRASKA CITY-At the annual meet-ing of the stockholders of the Nebraska City National bank held this afternoon Colonel W. L. Wilson was re-elected presi-dent. Today's election marks the thirtieth anniversary of Colonel Wilson's adminis-tration as president, he having been first elected in 1876. AL HON.

ALBION-The union revival services, con-ducted by the several churches of the city in connection with the Salvation Army, are still in progress and will continue dur-ing the week. The Salvation army will go to St. Edward from here, at which place meetings, similar to those held here will be carried on.

A letter was received at the state house this morning announcing that Claude Hen-sel of Hebron was a candidate for a dep-utyship under United States Marshal War-ner. Mr. Hensel was formerly sheriff of Thayer county and is well known as a suc-cessful politician. He will receive the in-dorsement of a number of state officials for the place.

dorsement of a number of state officials for the place. Secretary of State Galusha was in Red Cloud yesterday, where he cast a vote for the issuance of bonds to construct a water works system. The bonds amount to 110000 and the proposition carried. Governor Mickey today issued a requisi-tion for the return to Seward county of

'I Attribute my Extreme Old Age to the Use of Pe-ru-na."

IN SPEAKING of his good health and extreme old age, Mr. Brock says: "After a man has lived in the world as long as I have he ought to have found out a great many things by experience. I think I have done so.

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 117 years I have withstood the changeable climate of the United States.

"I have always been a very healthy man but, of course, subject to the affections which are due to sudden changes in the climate and temperature. During my long life I have known a great many remedies for coughs, colds and diarrhoea.

"As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only, reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy.

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine.

"When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease.

"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for that Pe-When I heard that la grippe was epi-demic catarrh, I tried Peruna for la grippe and found it to be just the

In a later letter Mr. Brock writes "I am well and feeling as well as I have for years. The only thing that bothers me is my sight. If I could see better I could walk all over the farm, and it would do me good. I would not be without Peruna." Yours truly,

Spind Brock

When old age comes it brings with it catarrhal diseases. Systemic catarrh is almost universal in old people. This explains why Peruna has become so indispensable to many old people.

Mr. S. D. Foss, 116 S. E., 6th street, Minneapolis, Minn., writes:

"I wish to congratulate you on your medicine, Peruna.

"I am an old man, SI years of age. I have been a sufferer of catarrh of the stomach for over two years, but since I have commenced to take your remedy I have been steadily improving, until now I can safely say I feel no more of my old

The new board consists of four republicans and three democrats. mit of an operation, and it was not until February 22, 1905, that an operation was decided upon to determnie the nature and cause of severe abdominal pains from which he had suffered for several months. Dr.

McBurney of New York, the famous spe cialist in abdominal surgery, came to Chi cago especially for the operation, in which was assisted by Drs. Billings and Bevan

of this city. At the outset of the operation, it was discovered that Dr. Harper was suffering from a cancer at the head of the large intestine, and that the malady had progressed so far that an operation

which would have removed it would have been fatal to the patient. A brief consultation of the surgeons resulted in the conclusion that there was nothing more that could be done by them, and that the only hope of Dr. Harper lay in remedial measures alone. In a short time he left the hospital, knowing well that he was a

doomed man, that his disease could not be cured and that his death must ensue within a short time, no matter what was done in the effort to avert it. No braver fight was ever made by any man than Dr. Harper. He took up his duties at the university as though nothing had happened or was likely to happen to him, and he was at all times apparently confident and cheerful. The x-ray treatment was elaborated in the effort to afford him relief and everything was done for him that the ingenuity and skill of his physicians could suggest.

### Approach of the End.

Although Dr. Harper never deluded himself with false hopes, he faithfully attempted whatever offered him a hope of recovery. At times his condition would improve and then would come relapses that would leave him weaker than before. Despite all that was done for him, he lost steadily in all things save courage. Several times the malady progress, in such a manner that small surgical operations were necessary to afford him a temporary relief.

Just prior to the holidays a portion of his strength came back and it was thought that under the influence of a milder climate his health would improve. All preparations were made for the journey to the south, but at the last minute he was too feeble to attempt the trip and it was abandoned. During the last fortnight his strength had failed rapidly and it was evident to his medical attendants that the end could not be far off. Messages were sent to his immediste relatives and all of them were at the house today when he died. Dr. Billings later issued the following statement:

For two weeks Dr. Harper has failed rapidly. He and his family and friends recognized the approach of the end. His physical condition has been kept reason-ably free from pain by the use of a very moderate amount of one of the derivatives of opium. His mind remained clear until

detail which he emphasized, both in Chicago university, and has remained at writing and in person, was that no regular the head of the institution ever since university exercise should be suspended While the university was endowed and DEATH DUE TO CANCER OF INTESTINES except during the hours of the funeral serfounded by John D.
