These lands are included in the tive to the disposition of public lands. four counties of Boreman, Schnasse, Dewey and Armstrong. The Milwaukee railroad is projecting its transcontinental line west from Evarts and will run through this region. The Indian allotments on these reservations have been practically completed with the exception of a band of about seventy Indians under Chief Liump. who so far refuses to take allotments. Senator Gamble has been giving considerable attention to this matter before the department and he expects the allotments will be all completed by July 1, of this year. Undoubtedly later on efforts will be made with the Indians to secure the cossion of their surplus lands and with the projection of railroads through this country these lands cannot help but be in demand. Chief Hump, who figures in resisting allotments, is an old Sioux warrior, having performed valiant service as a scout with General Miles in the Sitting Bull campaign.

DEATH RECORD.

Thomas B. Baldwin.

DENVER, Jan. 12 .- (Special Telegrain.)-From a complication of pneumonia and acute gastritis, Thomas B. Baldwin, 51 years old and unmarried, known in this city and prominently connected in Omaha and Council Bluffs, died at the Oxford hotel today. The deceased was a brother of Judge John N. Baldwin, general solicitor of the Union Pacific in Omaha. The body is at the undertaking establishment of Walley & Rollins and will be sent to Council Bluffs for burial tomorrow in charge of Mrs. P. B. Ament of this city, who is a sister of the dead man. At the time of his decease Mr. Baldwin was in the employ of the government as an inspector of agriculture, having entered that service four years ago. Formerly he held the position of register of the government land office at Clayton, N. M., and later was clerk of the court of land claims at Washington, D. C. For several years he was connected with the United States land office in Denver and during his residence in this city made many warm personal friends. He was a member of the Council Bluffs lodge of Elks.

The statement of Mr. Daizell that it would

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tis his hands in cloths at night to keep him from acratching the sores and tearing the flesh. "He got to be a mere skeleton, and was hardly able to walk. My Auns advised me to try Cuticura Soap and Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little. The horses resembled moving skeletons. The battery encountered severe rains and toods in Indian Territory and forth Texas. They had a hard time fording some of the streams owing to their swollen condition. A blizzard swept down upon the battery last Monday morning just after it left Austin. It continued during nearly all of the remainder of the march to San An onio, about ninety miles. The men walked nearly the whole distance in order to keep warm. The battery lost one man, Private Arthur Hall, during the march. He died in the hospital at Austin from malaria, due, according to the state ment of physicians who attended him, to the exposure and bardships of the march.

GREENE AND GAYNOR HELD

Judge Speer Denies Petition of Counsel for Release of Alleged Conspirators.

SAVANNAH, Ga., Jan. 12.-There were two important developments in the trial One of these was the decision of Judge Speer on the pleas of defendants to the beet sugar industry the essential factor in jurisdiction of the court, the other the order of the court overruling the defandants' objection to indictment 371.

jects of the west and that its death knell The grounds of the demurrer were numermeasure. Mr. Lamar of Florida said the ous, the most important being that the bill was in the interest of the Tobacco indictment was not found within three years after the commission of the alleged trust and meant the breaking down of offense, that it falled to specify how the the Chinese exclusion act so far as cigar manufacturing is concerned. Mr. Howell defendants had absented themselves from the jurisdiction of the court when they opposed the bill. Mr. Crumpacker of Indiwere in New York, that the indictment all ana favored it and Mr. French of Idaho leged that the work in the harbor did not closed the discussion for the day against it, come up to specifications, but did not particularize wherein it was inferior, and that the statute upon which the indictment was predicated is unconstitutional, in that Asserting that the beet sugar industry it made penal a fraud against the United was the essential factor in the success of the irrigation projects of the west, Mr.

The plea alleges that the country is with-out jurisdiction for the reasons therein stated. They are that the defendants were lately under the sovereign of the United Kingdom of Great Britain and Ireland and Allogdom of Great Britain and Ireland and that under the treaty and under extradition proceedings between this covernment and that of Great Britain the defendants were extradited to be tried upon the charges. first, participation in fraud by an agent and trustee; second, participation in embezzlement and third for excelling money. and trustee; second, participation in em-bezziement, and third, for receiving money and property, knowing the same to have been fraudulently obtained.

After citing many authorities and review ing the arguments, the judge said: Our conclusion is that the extradition was amply authorized by the treaty; that the prisoners were extradited for alleged crimes indictable in both countries; that the language of the present indictment is in all substantial respects adequate to secure their constitutional rights to full information of all the charges against them and accord them a fair and righteous trial so far as the indictment goes that the pies must be overruled and disallowed.

tomorrow. RAYNOLDS' NOMINATION HELD UP New Mexican Official Charged with

Graft and Improper Conduct. WASHINGTON, Jan. 12.-Charges against James W. Raynolds, renominated by the were considered by the senate committee on territories today and the confirmation will be held up until they can be investigated. He is charged with being an offensive partisan, which did not have any effect on the committee. Former Delegate Rodey charged him with buildozing the delegates of the last territorial convention n order to accomplish the defeat of Rodey for renomination. The serious charges against Raynolds are that when acting as governor he pardoned notorious criminals for political effect; that he had manipulated his office so as to secure large fees; also that he and former Governor Otero had by some unfair means procured lands eight miles wide on either side of an important stream, which they use for a sheep ranch. The statehood fight enters into the matter to some extent and Raynolds is opposed by the faction which is seeking joint statehood with Arizona.

BATTERY ENDS LONG MARCH Sixth Field Battery Makes New Record for Practice, Going to Taxes.

KANSAS CITY. Jan. 12 .- A special to the Star from Fort Sam Houston, Tex., says that the Sixth field battery of the United States artillery, commanded by Captain G. W. Gathcell, entered Fort Sam Houston to day smid the cheers of the local garrison. The battery broke the world's record for long-distance practice march of artillery, having covered the estimated 1,160 miles from Fort Riley. Kan., to Fort Sam Houston in fifty-five days. The battery was compelled to make several detours in order to avoid bad roads and unusually rough country. This made the distance which it actually covered considerably longer than

It is asserted by army men here that is by far the longest practice march ever made by artillery in time of peace and that
