HUNDRED CHILDREN ENROLLED What Efforts Fail to Raise Money

and What Succeed-No Deaths or Accidents During

Year.

The annual report of the officers of the Creche for 1905, including the report of the treasurer, Mrs. A. D. Brandels, shows that the year was one of prosperity and activity. A total of 400 children were cared for at the institution. A list is given of the beneficiaries of the Creche. The report is as

Our Creche has shown a singularly clean fill of health for the past year. The winter loal bills were excessive, but the house was

bill of health for the past year. The winter coal bills were excessive, but the house was warm.

The April meeting was so small that we decided to increase the membership of our board, which was done at the May meeting, making the number twenty-five.

As we were unable last fall to raise the full amount needed to meet expenses and our funds were getting low, we considered plans for raising money. We first decided to give a public reception at the Creche on May 13 to let our townspeople see and renew their acquaintance with our work. Ample preparations were made to receive any number of guests, but the windows of heaven were seemingly opened and but few came. Among them were Mr. Chambers and his friend, J. E. Owens, both full of a plan to put the Creche in unlimited funds. We had determined long ago to use none but home talent for entertainments for the benefit of the Creche, and as Prof. Owens was aiready a citizen of Omaha we were persuaded to accept their proposition. The end did not justify the means, the work devolving on many of our board was too great, the time fil chosen—just at the close of schools—for a children's opera and many other conditions combined to disappoint us. The "thousands expected" dwindled to about \$600.

Card Party a Success.

Card Party a Success.

The card party planned by Mrs. Lemist, seisted by a few others of the board, was a slightful success, socially and financially, a smoothly did the affair move to the lish that one woman said to me: "How asily that \$290 was made with no trouble all." I reminded her that 300 tickets had be sold, a dozen prizes secured, the clubouse decorated and a hundred other things one before the Country club Creche card arty of June 2 could materialize. The bountry club put its fine house and grounds tour disposal, thereby aiding greatly in its success.

A SPLENDID INDORSEMENT. our success.

In a review of our summer's work we remember with pride the entertainment given to the Creche children, their matron and nurses, by our treasurer, Mrs. Arthur Brandels, at her country house at Calboun. Neither pains nor expense were spared to make the excursion delightful, and it will long remain as a red letter day in the memory of all the happy participants.

We voted to raise, if possible, enough money this fail to meet all expenses for a year, so began earlier than usual to solicit funds, each member taking a list of names, but we have not succeeded in raising the \$2,006 required. We have \$1,004 and the balance must be forthcoming.

\$2,000 required. We have \$1,004 and the balance must be forthcoming.

Through the kindness of Mr. Tucker and others of our street car officers the entire Creche was taken to the park, where they enjoyed a picnic and returned safe and wonderfully happy and tired to their snug beds at night. We are giad to be fellow citizens of these kind-hearted public-spirited men.

Few can estimate the pleasure the little ones derived from the sand pile furnished them by Mrs. Charles Kountze last summer. Our thanks are due to the newspapers of Omaha, which are invariably courteous and generous to us, and to all who aid us in this great work of saving the children we are truly grateful.

No Deaths or Accidents.

The number of children cared for at the Creche for the past year is 400. There were no accidents nor no deaths to record.

We are glad to see that our good natron, Mrs. Weldt, is getting her look of health back after her severe illness. She is a faithful friend to these children and has been for many years. We were glad to be able to increase her salary a little this fall.

Our monthly meetings are more interesting when every member is present. It is not too much to ask of each of us that we seemed two hours a month in devising means. not too much to ask of each of us that we spend two hours a month in devising means to carry on this charity. There is much to consider, many beds for endowment, others ready to be replenished and sewing always. This is not worthy to be called a reportmerely a review of a busy summer.

We feel sure we have accomplished some lasting good for mothers and babies in keeping up the Creche.

The following well known women are the officers and board of directors of the Omaha Charity nasociation (operating the Creche) for the ensuing year: President, Mrs. T. L. Kimball; vice president, Mrs. Ada T. Walker; treasurer, Mrs. A. D. Brandels; secretary, Mrs. E. R. McMahon; board of trustees, Mesdames Thomas Kilpatrick, G. T. Anderson, Guy Howard, J. E. Baum, Charles Kountze, Joseph Cudahy, J. L. Lobman, A. J. Beaton, Arthur Remington, Van Nostrand, J. C. Cowin, W. A. Redick, Arthur Metz, A. G. Beeson, H. L. Lemist, F. A. BRUNING PLAN IS BLOCKED SOME DESCRIPTION OF THE PROPERTY OF TH

Resolution to Cut Price of County Meals Fails Once More to Move.

URE AND KENNARD STAND IN THE WAY Offer as Their Excuse for Opposing

it Necessity of More Time Than Several Weeks Already Elapsed.

After an hour spent in discussion the Board of County Commissioners Saturday morning laid over until next Wednesday action on the Bruning resolution to cut from 45 to 30 cents a day, the rate for feeding prisoners in the county jail. In the meantime the board will meet in committee of the whole Monday morning to consider the resolution and also the appointments to be made to various offices at the disposal of the commissioners.

The discussion was inaugurated by Comissioner Solomon, who presented figures he had gathered from various sources as to the cost of meals. He had visited the jall and secured figures on the quantities and kind of food served in the two meals per From these figures he gained the result that on the number of prisoners at present in the jail the sheriff is making a profit of 100 per cent. That is, the cost to the county per day at present is \$60.50, while the cost to the sheriff for materials, cooking and serving is \$30.25. Under the proposed reduction the county would pay only \$40.50 per day and the sheriff would gather

a profit of \$10 per day. "However high this rate may be considered in the light of the facts and the profit to the sheriff, even at the 30-cent rate." sald Commissioner Solomon, "I do not want to be unfair. I do want to allow the sheriff a reasonable profit, and am therefore willing to vote for the 30-cent rate."

Some Striking Comparisons. Incidentally Mr. Solomon called attention to the meals served by the Associated Charities at 10 cents each, including butter, milk and dessert; by the County hospital at the rate of 33 cents a day for three meals, including milk, butter, vegetables and dessert; and in public restaurants at 15 cents per meal. He had personally tested these meals and felt sure the sheriff could serve his prisoners just as cheaply and at a good, fair profit.

Commissioner Ure read the Bruning resolution and maintained it was defective, in the light of the statutes governing the whole matter of jail administration. He called attention to a section making it the duty of the district judges to make rules. for the conduct of the jail.

"If any such rules are in existence," he "I have not been able to find them. If they are made, or when they are made, it may be we shall have to provide for other costs of jail administration besides the meals. I feel the adoption of this resolution at this time would be premature. I want this thing done in proper form." Commissioner Kennard also urged that the resolution lay over, in order that the board might get the right of the proposition from the start. He remarked that all were in favor of the purpose of the resolu-

pounded by Prof. Joseph Blanchard, skin specialist, of Minneapolis, Minn., and is Commissioner Trainor expressed himself a genuine specific for eczema, being that for the resolution and said he intended to one proprietary remedy in a thousand that vote for the reduction. He was willing, however, the two commissioners who were asking delay should have the time nocesonly a clearly indicated duty, but likewise sary to satisfy themselves.

Pending Long Time Already. Chairman Bruning and Commission olomon called attention to the fact that the resolution had been pending a long time and the date named for it to go into effect is Monday; also that they understood a tacit agreement had been made to vete on it at this meeting. Mr. Bolomon insisted on a vote and offered a motion to

that effect. Commissioner Kennard moved as a substitute that the resolution lay over and that the district judges be requested to formulate rules as provided for in the statute. On a vote the substitute was F. Godfrey, passenger and ticket agent, adopted by the vote of Kennard, Trainor southeast corner 15th and Farnam streets, and Ure. Mr. Trainor explained that he voted for the substitute only on the ground of allowing more time for investigation of

the whole subject. Commissioner Solomon at once gave notice of a meeting of the committee of the whole at 9:20 Monday morning to take up vited to attend a union meeting to be held the resolution, also the appointment of
