The evidence was in the form of a letter from the secretary telling what prices should rallway line, the same to expire Febru- | rule on butter. WOMAN IN CLUB AND CHARITY

The program that has been arranged by the civil service reform committee of the Woman's club for Monday afternoon was postponed two weeks because of the inelement weather. Postmaster Palmer and Dr. A. B. Somers will be the speakers, and the program will be presented January 29. Mrs. F. H. A general business meeting was substituted for the postponed program, but there was not sufficient business to fill the two hours, and the club adjourned early. Mrs. Andrews took occasion to express the wish that there might be more cordiality shown strangers in the club, contrasting the rather too hasty departure of the members of the local organization with the social and the friendly interest in strangers manifested in other clubs. Acting upon a request from Mrs. Selleck of Blair, vice president of the Second district of the Nebraska Federation of Women's Clubs, it was decided to join with the four other federated clubs of Omaha in extending an invitation to the clubs of the Second district to hold their annual convention in Omaha February 12. Here is a bit of argument furnished by an English vicar why women should wear their hats in church:

Let us consider the cousons why a Christian woman should cover her head-what

1. Man's priority of creation. Adam was not of the woman, but the woman tran.

3. The purport of creation. The man was not created for the woman, but the woman for the man.

4. Results in creation. The man is the image of the glory of God; but woman is the glory of man.

5. Woman's priority in the fall. Adam was not deceived, but the woman, being deceived, was in the transgression.

6. The marriage relation. As the whirch is subject to Christ, so let the wives be to their husbands.

7. The headsnip of man and woman. The head of every man is Christ, but the head of the woman is man.
