ity Council Finally Passes the Sewer Bond Ordinances.

PROVISION MADE FOR WEST L STREET

Saloon Men Serve Notice on Patron that the Lid Will Be Shut Down in Packing Town on Sunday.

The city council met last night in adjourned session and passed the three ordinances which had been given the second reading Tuesday evening. The vote on all three ordinances was unanimous and the whole council was present. The ordinances are therefore in effect, all having emergency clauses making them apply immediately. The city will therefore proeeed to enter into a contract with the Union Stock Yards company for the transfer to the city of the 4,000-foot stock yard sewer, and the company will agree to purchase \$20,000 of the issue of sewer bonds. if they are authorized by the special election which is to be held on February 15. The mayor will issue his proclamation calling the special election about February 15 and due notice of the election will appear on or before February 5. There will a revision of registration Saturday,

It was brought to the notice of the councli last night that the people on west L street, from Thirty-first to Thirty-ninth, have no present sewer facilities and that the proposed issue of bonds does not John Ryan and Peter Ursdevincz are both committeeman from Nebraska, is a man specify any amount nor does the ordinance in for disturbing the peace by fighting. provide any accommodation for them. Exchange Executive Board Meets. The first meeting of the new joint executive board of the South Omaha Live Stock exchange was held in the office of the been employed. C. T. Chittenden was made chief inspector and under him were C. E. Bogont, W. A. Jones and Ed Cullin. The duties of these inspectors are chiefly to attend to the inspection of hogs at the scales. They determine between the commission men and the packers what the dockage shall be under certain conditions.

School Site Wanted. The school board is asking for bids on a new school site which is desired for the erection of a new eight-room brick building to accommodate the large number of pupils which are now crowding the Hawthorne school. A careful estimate of the expenditures for the balance of the year figures out that there will be enough left for the purchase of this site. It is hoped with the beginning of the year to start the erection of the proposed building. There is not enough now, considering the expenditure of \$45,000 for buildings during the past year. It is ginning of the year to start the erection of for buildings during the past year. It is desired that the new building be erected as near to Twenty-second and F streets as near to Twenty-second and F streets as Sisson performed the ceremony. This will be near the center of the

Mr. Fenno is a well known and enthusiastfe worker and expressed himself as confident that the object could be accomplished with profit. There were about twenty present at the banquet, composed of many of the older members and a number of the local pastors. Mr. Fenne succeeded in wakening considerable enthusiasm for the work. Th new hall is being completed rapidly and when this is done the association can begin an active campaign for the increase of its membership and the general good of the community. Mr. Fenno goes from here to North Platte and from there into Kansas expecting to return here the first of March to hold the first meetings at the packing plants.

Saloons to Close Sunday. A number of the local saloons are displaying signs calling the attention of their patrons to the fact that their places of business will be closed on Sunday from this time on. They warn the public to stock up on Saturday to meet the day of The reason for this is the order which is said to have come from all the broweries to their representatives to close on that day. This is thought to be an effort on the part of the saloon men to keep the fire and police commission from taking any definite action in the matter. For if the fire and police board passes an order it will be a long process to have it while if the matter passes over quietly and the breweries see that nothing is to come of the prosecutions in the cases now pending they can then give the contrary order at a moment's notice and all will be smooth sailing.

Police Court Doings. In the police court yesterday Paul Weisenourg took a continuation of his trial for alleged assault until February 15. William Murphy, who has succeeded in getting within an hour after he has been released from imprisonment, was sentenced to the county jail for fifteen days, where will have time to get thoroughly sobered. It is now positively known that William Brennan is out of the race for mayor. In fact he has not considered himself a candidate at all. There was some casual talk of the possibility, but it appears to have been without any definite authority.

The city treasurer reports that the city warrants are begin paid at a rapid rate and that most of the large disbursements will be made by tonight. About \$50,000 will be paid out. The current debt will then be reduced to practically nothing. This is a state of affairs almost new to the city. From all present indications 1,000 people will attend the musicale at the high school building tonight. Over 100 tickets have been sold in advance and there is little doub that a conservative estimate of 300 tickets at the doors will not be too great. SALOON CASES TRIED FRIDAY Peremptory Order Issued by Judge

Sutton Fixing Time of the Hearing.

On the claim that City Attorney Breen had put into his answer matters that required testimony to contravene in order to go to the supreme court, Elmer Thomas Thursday afternoon secured from Judge Sutton a peremptory order setting the saloon appeal cases for trial Friday morn-

Mr. Breen at once noted an objection and put formally on record an exception to the order of the court, on the ground that the case should take its regular order on issue joined by the alternative writ and the answer thereto.

Mr. Thomas, when the court called the hearing on the alternative writ, said the testimony of Charles Potter, stenographer the saloon cases before the Board of Fire and Police Commissioners, would be necessary to disprove certain things set up in the answer of the board, as to time required and the cost of preparing the transcripts. He insisted that \$5,500, as given in the answer, was an absurdly large amount and made the statement the whole cost would not exceed \$1,000.

Mr. Breen retorted that his estimate of expense and of time required was based on the statement of Mr. Potter. "I know nothing of these things myself."
