ST. PETERSBURG, Jan. 20.—The role of the constitutional democratic party in the national assembly, according to a resolution adopted at the convention which opened here January 18, will be to obstruct all ordinary legislation. However, in case the attempt at the first session to convert the assembly into a full fledged constituent body is unsuccessful, the members of the constitutional democratic party will endeavor to secure the passage of an election law providing for general, direct and equal suffrage and statutes guaranteeing liberty of speech, assembly, press and religion and measures for the pacification of the country. A resolution providing for the participation of the constitutional democratic party in the elections to the national assembly was passed with only two dissenting votes, thus nullifying the chances of a split, which the extremists hoped to effect on this question. At the suggestion of M. Bodicheff the convention declined to bind the party's representatives in the national assembly to any specific measures regarding the solution of the agrarian question. A resolution not to hold a session Monday in memory of the victims of Red Sunday was carried by a bare majority of two, the geological survey without supervision by congress. There is now about \$2,000,000 in the funds affected.

FRANCE IS IN A QUANDARY Peculiar Conditions Surrounding Venezuelan Customs Causes Delay at Paris. ADVICE FROM WASHINGTON DESIRED Preparations for Reinforcing Naval Strength of France in Caribbean Waters Continue, but Object is Undefined. PARIS, Jan. 20.—The apparent hesitation in France's decision relative to Venezuela appears to be prompted by the desire not to begin active measures without first taking the advice of the authorities at Washington. The officials here agree that France's action is somewhat hampered, owing to Venezuela's peculiar situation, the former's claims upon the customs being regarded as placing a blockade almost out of the question. It is feared that if France stopped commerce with the exterior President Castro would immediately seize this as a pretext for refusing to comply with Venezuela's obligation toward other nations. It is admitted that preparations are going on for reinforcing the French squadron, but the object of this step is still undefined. This much is regarded as certain: France's next move will depend on the result of M. Jusserand's conferences at Washington. Venezuela is Active. WILHELMSTAD, Island of Curacao, Jan. 20.—The Venezuelan government is actively engaged in furnishing the ports of the republic and furnishing the troops with supplies. According to advices received here the general public in Venezuela received the news of the rupture of diplomatic relations between Venezuela and France with the utmost indifference, but in diplomatic circles there is much indignation at the action of the Venezuelan government in not allowing M. Talquin, the retiring French chargé d'affaires, to return to the shore after he had gone on board the French steamer Martineque. The Venezuelan government is considering a project for laying a cable between La Guaira and Porto Rico. RUSSIAN SOLDIERS IN DISTRESS Men Who Refused to Go to Vladivostok from Japan Starve at Vancouver. VICTORIA, B. C., Jan. 20.—The fifty-three released Russian prisoners of war who recently arrived by the Japanese liner Kanagawa to seek homes, having refused to go to Vladivostok when released by the Japanese government, are reported to be in distress and starving at Vancouver and other points in British Columbia. Speechless with Wonder are the friends of those cured of Stomach, Liver and Kidney Trouble by Electric Bitters, 50c guaranteed. For sale by Sherman & McConnell Drug Co. American Ships Leave Tangier. TANGIER, Morocco, Jan. 20.—The American cruiser squadron, commanded by Rear Admiral Charles D. Sigsbee, sailed from here today for Alaska.

ABUSES OF APPROPRIATIONS made. The amendment was lost by a vote of 70 to 74. Before continuing consideration of the urgent deficiency bill, which was the order of the day in the house, a bill was passed providing for the holding of a federal court at Grand Island, Neb. FEDERAL COURT AT GRAND ISLAND House Passes Bill Providing for Holding Sessions in that City—Proposal to Supervise Irrigation Funds. WASHINGTON, Jan. 20.—Abuses in the expenditure of appropriations was the text of discussion in the house today in the consideration of the deficiency appropriation bill. Little progress was made in the consideration of the bill. The portrait of ex-Attorney General Knox, for which the Department of Justice has asked \$2,615, was again the topic of comment. The most animated discussion of the day took place on an amendment by Mr. Keifer of Ohio to increase the amount for the transportation of silver coin from \$2,000 to \$10,000. Two well defined arguments were advanced on this question. One was that to cut this appropriation meant distress to the interior sections of the country where silver money was used, and the other that the appropriation was abused by the express companies, for whose benefit it was stated that the appropriation was annually

Public Land Withdrawals. The secretary of the interior has withdrawn from all forms of disposal public lands as follows: Proposed addition to Priest river forest reserve, Idaho, 660,000 acres. Proposed addition to Cascade range forest reserve, Oregon, 15,200 acres. Addition to Bull Run forest reserve, Oregon, 15,200 acres. Proposed Long Pine forest reserve, Montana, 310,750 acres. There also have been withdrawn 46,000 acres in New Mexico for the San Carlos irrigation project. Senators Hear Sugar Importers. Hearings on the Philippine tariff bill were begun today before the senate committee on the Philippines. Henry W. Peabody of Boston, an importer of sugar, supported the bill in a lengthy statement. Senator Newlands, in addressing the committee, said he was opposed to the bill as it passed the house or any bill which favored free trade between the Philippines and the United States "for the reason that it will tie the Philippines to us for all time." His statement was confined almost wholly to general conditions in the islands. Irrigation Engineers in Washington. The irrigation and drainage engineers of the office of the experiment stations are in conference at the Department of Agriculture to determine the location and character of the field work to be carried on during the season of 1906. Among those attending are Prof. B. Forster, Berkeley, Cal.; E. S. Herrmann, Cheyenne, Wyo.; F. W. Woodring, Colorado; Harvey Culbertson, Barstow, Tex.; Prof. W. W. McLaughlin, Logan, Utah; A. P. Stover, Oregon; H. G. Raschbacher, Idaho, and A. E. Wright, Reno, Nevada. Among the questions under consideration are the investigations of irrigation as related to dry farming; studies of the duty of water; pumping investigations, and the drainage of alkali lands in the west and of swamp lands in the east. The conference will continue for several days.

TAKE STAND FOR LIBERTY Constitutional Democrats in Russia Meet and Outline Program. WILL OBSTRUCT ORDINARY LEGISLATION Starvation is Reported in Shusha—Armenians Prevent Government from Sending Aid to beleaguered Mohammedans. ST. PETERSBURG, Jan. 20.—The role of the constitutional democratic party in the national assembly, according to a resolution adopted at the convention which opened here January 18, will be to obstruct all ordinary legislation. However, in case the attempt at the first session to convert the assembly into a full fledged constituent body is unsuccessful, the members of the constitutional democratic party will endeavor to secure the passage of an election law providing for general, direct and equal suffrage and statutes guaranteeing liberty of speech, assembly, press and religion and measures for the pacification of the country. A resolution providing for the participation of the constitutional democratic party in the elections to the national assembly was passed with only two dissenting votes, thus nullifying the chances of a split, which the extremists hoped to effect on this question. At the suggestion of M. Bodicheff the convention declined to bind the party's representatives in the national assembly to any specific measures regarding the solution of the agrarian question. A resolution not to hold a session Monday in memory of the victims of Red Sunday was carried by a bare majority of two, the

opponents of the motion urging the impossibility of finishing the work of the convention, which would be dragged out in order to keep the party in power until Tuesday to wind up unfinished business which is imperative. Scarcely 100 delegates were present at this afternoon's session, which decided to ask for a conference of the executive committee of the party with the leaders of the workmen and socialists in order to ascertain whether it is possible to arrange for co-operation in the elections against the federated moderate party and the nomination of a ticket of candidates. Armed Uprising Postponed. An official of the department of police said today that a new general, armed uprising had been scheduled for January 20, but the premature explosions at Moscow and elsewhere had found the military so loyal and effective that the revolutionists were discouraged and changed their minds. Minor rioting might be attempted, and in fact the police learned of an attack on several Postal Telegraph substations in the suburbs and have taken measures to down any such rioting with the utmost severity. The police did not even expect the one-day strike to be general in St. Petersburg, as there were too many idle workmen and the others were afraid of risk losing their positions in midwinter. Starvation in Transcaucasia. ELIZABETHPOL, Transcaucasia, Jan. 20.—A courier arrived here today with dispatches describing the repeated attempts of the authorities to get a convoy of provisions to the starving and beleaguered Mohammedans of Shusha, Transcaucasia. The convoy set out three times with a strong escort of troops, Mohammedan volunteers and auxiliaries, but was intercepted by the Armenians holding the mountain passes. The whole district around Ardagan is harried by Armenians and others, who are perpetrating horrible atrocities, not giving any quarters to the wounded or to women or children. The Mohammedans are greatly enraged at the attack made on the celebrated shrine of Karapirim. After a savage conflict the Armenian attackers broke and fled, leaving fifty dead or wounded. Arrests at Reval. REVAL, Estonia, Jan. 20.—The members of the "temperament" government" were arrested last night, including a lawyer, M. Paska, who is the candidate of the Estonian party for election to the national assembly. Revolutionists are reappearing in the districts from which the troops have withdrawn and are condemning and executing persons who extended hospitality or assistance to the soldiers. Hoodlums Finish Sentence. JEFFERSON CITY, Mo., Jan. 20.—Charles J. Denny and Jerry J. Hannigan, former members of the St. Louis house of infamous detention, were released from prison today after having served sentences of eighteen months. They departed for St. Louis. Old Church Falls. EL PASO, Tex., Jan. 20.—The ancient Catholic church at Temosochic, which was built by missionaries working with the Indians and which was 108 years old, collapsed and is a complete wreck. Nobody was injured.

FRANCE IS IN A QUANDARY Peculiar Conditions Surrounding Venezuelan Customs Causes Delay at Paris. ADVICE FROM WASHINGTON DESIRED Preparations for Reinforcing Naval Strength of France in Caribbean Waters Continue, but Object is Undefined. PARIS, Jan. 20.—The apparent hesitation in France's decision relative to Venezuela appears to be prompted by the desire not to begin active measures without first taking the advice of the authorities at Washington. The officials here agree that France's action is somewhat hampered, owing to Venezuela's peculiar situation, the former's claims upon the customs being regarded as placing a blockade almost out of the question. "77" breaks up Colds that hang on. At Druggists, 25 cents, or mailed, Humphreys' Home Medicine Co., Cor. William and John Streets, New York.

SORES-ULCERS THE BLOOD DISEASED -SYSTEM DISORDERED When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. Book on Sores and Ulcers and any medical advice you need without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.
