Four Positions Abolished.

The positions of special deputy sheriff, special clerk for treasurer and carpenter and plumber were abolished.

Hours of employment were fixed at 8 to 12 and 1 to 5, offices to close at 1 o'clock on Saturday.

Several members of the board explained that if the need for changes or additions develops they will be made to suit the circumstances as they arise.

Feed for Prisoners Not Settled.

At the session of the committee of the whole preceding the regular meeting, which did not occur until 12 o'clock, a long discussion was indulged in concerning the proposal to cut the sheriff's pay for feeding prisoners. Messrs. Kennard and Ure asked for delay until Wednesday, in order that the matter being prepared by the district judge could be before them. Commissioner Traylor voted with these two for the time asked, explaining that he did so as a matter of courtesy and not because he would not vote for the cut. Commissioners Solomon and Bruning stuck out for immediate action, asserting the whole matter had been threshed over until all hands understood it thoroughly. They also insisted that the only thing to be passed on by the board was the rate of pay for meals, as the resolution stood.

When the reports were called for in open board there were majority and minority reports. The former, signed by Kennard, Ure and Traylor, favored a laying over until Wednesday. The minority report asked for immediate passage of the Bruning resolution as amended.

Mr. Solomon moved the adoption of the minority report and Chairman Bruning, taking a short cut, seconded from the chair rather than take the time to call some other member to the chair so he could take the floor.

Messrs. Kennard and Ure explained that their motion for delay was to allow the judges to send in their report. Mr. Traylor said he would vote for postponement of action until Wednesday on the distinct understanding that he would not then vote for any further delay. So the matter was laid over.

In this connection a communication was read from Judge Day saying he had called a meeting of the judges for Monday morning to act on the proposed rules.

Abolishes the Cigar Stand.

On motion of Commissioner Solomon the county clerk was directed to notify the proprietor of the cigar stand in the corridor on the second floor to remove his property from the court house by February 1. Mr. Solomon specified that the owner pays no rent, uses county light and heat and permitted dice shaking.

"One day," said Mr. Solomon, "I saw four or five men shaking dice at this stand, and in one of the court rooms close by a man was on trial for gambling."

Official bond of William W. Hingham, who was a contestant for the office of clerk

of court, was ordered returned to him, Mr. Brownwell's right to the office having been affirmed by the supreme court.

After allowing routine bills and claims and deferring action on contracts for supplies and printing until next week the board adjourned to meet Wednesday at 10 o'clock.

SETTLERS IN SOUTH PLATTE

Union Pacific Taking Farmers Onto Irrigated Lands Along Its Line.

"The various agencies of the Union Pacific are busied in installing new settlers in the South Platte valley," said Charles Miller, a land agent who has just returned from North Platte. "The flourishing condition of these settlements bears most flattering testimony to the rich prospects of the country. The price now of lands under the ditches is about \$40 an acre, but this will be \$5 or \$100 in a short time. The soil is responsive to irrigation and the storage reservoirs will impart food waters in abundance in the dry seasons. The lands of the valley yield wonderfully."

"The fame of the Colorado potato is already abroad, and W. J. Pennell, living east of Sterling produced 400 and 500 bushels to the acre. Although this is not a corn country, still some farmers raised as high as fifty bushels to the acre. The South Platte county offers unsurpassed opportunities to the homeseekers, as there is plenty of land yet to be had."

"The railroad activity in the west, especially along the North Platte river and in eastern Wyoming, together with the opening of the Shoshone reservation, will attract more homeseekers to western Nebraska and to eastern Colorado and Wyoming than in any previous year."

YOUNG GIRL ROBS MOTHER

Toby Boswitz Flees with Family Jewels and Young Lamb.

CAUGHT ON TRAIN AT MARSHALLTOWN Fifteen Hundred Dollars Worth of Jewelry on Her Person When Arrested by the Iowa Officers.

Mrs. Toby Boswitz of 1113 Capitol avenue, Omaha, and William Kellogg of Council Bluffs, were arrested Saturday morning on the Northwestern eastbound passenger train No. 2 at Marshalltown, Ia., on instructions from the Council Bluffs authorities. The young woman is charged with stealing nearly \$1,500 worth of jewelry from her parents Friday evening. Council Bluffs officers have gone to Marshalltown for the couple, who will be returned to Omaha. It is reported the stolen jewelry was found on the Boswitz girl when she was searched at Marshalltown.

Mrs. Boswitz lived with her parents, Mr. and Mrs. Abraham Boswitz, 1113 Capitol avenue, and left home at 8 o'clock Friday evening, without speaking of her sudden departure to her parents. Mrs. Boswitz was seen Saturday regarding her daughter's arrest. The mother said:

"My daughter left Friday evening. I missed four diamond rings, two diamond brooches, a diamond collar button, two gold watches and other articles, valued at nearly \$1,500. I do not know that I ever saw the money who was reported as having been arrested with Toby and never heard of him until I was advised of the arrest."

It is my opinion the man induced the girl to do what she did, as my daughter always appeared to be a good girl and never to my knowledge did anything before out of the way.

The girl is 15 years of age and the mother said she has been in the habit of having her mail addressed to "Goldie Bower," but could not give any reason for the change of name. It is understood the girl and Kellogg entrained at Council Bluffs and intended going to Chicago. Mrs. Boswitz would not state what she intended to do in the way of prosecution. The Omaha police were advised of the disappearance of the girl and the theft of the jewelry Friday evening.

SALUTZKY REGRETS THE LAW

Omaha Man Whose Wife is Ordered Deported Much Cut Up by the Fact.

Joseph Salutzky, a journeyman baker of Omaha, is the husband of Mrs. Salutzky whose deportation by the United States immigration bureau is told of in another column. He makes \$18 a week and has steady employment. He asserts he stood ready and willing to pay any expense that might have been necessary to have his wife's affliction properly treated. What makes him feel particularly disappointed is the fact that he was married only a short time when he came to the United States to make a home for his wife before bringing her over.

Mr. Salutzky has been in Omaha something less than a year, but it was more through thoughtlessness than for any other reason that he failed to declare his intention before he did. It never occurred to him that his wife might contract any disease that would prevent her landing, and he is deeply regretful and chastened to

GRAIN MARKET NORMAL AGAIN

Restoration of Rates Sets Conditions Back to the Old Mark.

"The restoration of grain rates to the old basis brings the Omaha market back to normal conditions," said Secretary Merchant of the Grain exchange. "While the low rates east were in effect grain men hurried to ship out as much grain as they could find market for. Now that the old rate is in force, shipments will be lighter for some time. The old rate is satisfactory to Omaha, as it puts this city on the same basis, relatively, with Kansas City and other markets."
