# GRAIN AND PRODUCE MARKET

Small Holders Are Sellers Early in the Session.

REACTION COMES AND LOSS IS SMALL

**Corn Firm, with Trade Light—Complaint of Condition of Grain in Country Elevators—Oats Close Unchanged.**

OMAHA, Jan. 20, 1906.

Following the lead of large bulls yesterday small holders were selling in large numbers today. The selling was overdone, and good buying developed around 57c for May. Indications for a cold wave were a bullish factor, because of the unprotected condition of the crop. The market showed a small loss for the day, May closed at 57¼@57⅜c, July at 54⅛c, and September at 53⅝c.

Corn was firm, with light trade, the effect of wet weather on general sentiment was noticeable. Clearances were large. Few country sales were reported, and from some places came complaint of condition of corn in the elevators. May closed at 54¼c, July at 49⅝, and September at 45¾c.

Oats were firm and practically unchanged. The export demand was better, and the seaboard was a good buyer today. May finished at 32¾c, July at 30⅝@30¾c, and September at 29¼c.

Liverpool closed 1@1½d lower on wheat and unchanged on corn.

Broomhall estimates world's wheat shipments for Monday at 8,800,000 bushels.

The seaboard yesterday sold 320,000 bushels Manitoba wheat, of which 40,000 bushels were to France. Export sales of corn were 144,000 bushels of oats 100,000 bushels and of barley 50,000 bushels.

Australian wheat shipments were 1,554,000 bushels, against 652,000 bushels the previous week and 1,032,000 bushels last year.

Carlot receipts were 619,000 bushels and shipments 198,000 bushels, against receipts last year of 672,000 bushels and shipments of 219,000 bushels. Corn receipts were 547,000 bushels, and shipments 492,000 bushels, against receipts last year of 620,000 bushels and shipments of 246,000 bushels. Clearances were 886,000 bushels of corn, 10,000 bushels of oats, 262,000 bushels of wheat and 30,000 bushels of flour.

From the Record-Herald: "Some of the export sales of oats yesterday from Chicago direct to Germany were at the highest prices on the crop. Offerings of cash oats were limited. This somewhat curtailed the demand. Export bids on oats are now higher than the domestic. Shippers are expecting a good domestic shipping demand soon, as the eastern distributive stocks are now greatly reduced. The demand here and at the seaboard for barley for export was brisk, and available supplies are light. Two New York exporters were here looking over the field in person.

## CHICAGO GRAIN AND PROVISIONS

**Features of the Trading and Closing Prices on Board of Trade.**

CHICAGO, Jan. 20.—Heavy shipments of wheat from Australia had a depressing effect today on the local wheat market. Covering by shorts, however, caused a steady tone at the close, final quotations on May being off only ¼c. Corn was down ⅛c. Oats were practically unchanged. Provisions were 2½@5c higher.

At the opening sentiment in the wheat pit was overwhelmingly bearish. There was much liquidation by discouraged holders and lower cables, heavy shipments from Australia and liberal shipments in the northwest all inspired selling. The shipments from Australia for the week were 1,584,000 bushels, compared with 1,232,000 for the corresponding time one year ago. Initial quotations on May were off ¼@⅝c to ¼@½c at 86¾@87¼c. Further decline was prevented by covering by shorts and by purchasing by some of the larger commission houses. This buying caused a slight recovery in prices before the end of the first hour. For the remainder of the session the market held steady. Trading in the July option showed increased activity, buying being induced by spring-like weather in the southwest, many purchasers acting on the theory that a quick drop in temperature would cause heavy damage to the unprotected crops of fall sown wheat. The market closed steady, with May at 87⅝@87¾c, the highest point of the day. Clearances of wheat and flour were equal to 397,000 bushels. Primary receipts were 691,000 bushels, compared with 672,000 one year ago. Minneapolis, Duluth and Chicago reported receipts of 454 cars, against 439 last week and 441 a year ago.

Trading in the corn pit was very quiet, but the market was firm because of wet weather throughout the middle west. At the start local traders were inclined to sell because of the break in wheat. Their offerings, however, were eagerly taken by commission houses. The market closed steady. May opened unchanged at 45⅛c, sold up to 45⅝c and closed at 45¼c. Local receipts were 270 cars, with 24 of contract grade.

The oats market was steady on a fair general demand by commission houses. Much of the buying was for the account of outside traders. A continued good export demand was reported. May opened a shade lower at 32c, sold between 32⅜c and 32½c and at 32¼c. Local receipts were 160 cars.

Small receipts in live hogs caused a moderately firm provisions market. Heavy shipments of meat and lard lent firmness to prices. At the close of trading pork was up 5@7½c at $14.22½. Lard was up 2½c at $7.70. Ribs were 5c higher at $7.65.

Estimated receipts for Monday: Wheat, 12 cars; corn, 300 cars; oats, 215 cars; hogs, 45,000 head.
