Department Has Three Hundred and Fifty Miles of Unpaved and Dirt Streets to Look

After. Street Commissioner Hummel's annual

report fust submitted shows \$37,988.47 was spent for work on unpaved streets and alleys, bridges, drains, culverts and sidewalks and \$31,518.63 for street cleaning in

The commissioner says the department has 350 miles of dirt or unpayed streets, 150 miles of the same kind of alleys and eight miles of wornout wooden block pavement to look after for repairs and improvements. The aggregate force for the year consisted of the commissioner, one clerk, one timekeeper, one assistant general fireman, one red light man, one blacksmith, two watchmen, eighteen gang foremen, 172 laborers and seventy-two teams with teamsters. No one had continuous employment and efforts were made to distribute the work among as large a number of needy men who render honest services as pos-

During the year 390 blocks were rounded up and put in condition for travel; 34,756 loads of earth were removed in the general repairing of streets; 19.011 loads of earth and brickbats were placed in washouts and gullies; 1,122 loads of earth were used in banking or filling approaches to crosswalks: 1.038 loads of cinders were used for street repairs; 266 loads of cinders for sidewalk repairs: 2,03 blocks of weeds were cut and removed: 455 cross-walks were built; 28 colverts and drains constructed and repaired; fi-bridges constructed and repaired and 24 sidewalks repaired. ### URE SPEAKS FOR M'DONALD

Offers So-Called Compromise Feeding Resolution to Prevent Reduction.

BRUNING AND SOLOMON ARE DEFEATED

Outvoted in Their Attempt to Secure Fair Price for Supplying Meals to County Jail Prisoners.

As a result of voting down, 3 to 2, several resolutions which came before the county board Wednesday morning, the commissioners are holding a session in committee of the whole this afternoon once more to the prisoners in his care.

When the board got to consideration of the pending resolution to cut the rate from stable at South Omaha. & cents to 30 cents, Commissioner Solomon moved its adoption. Commissioner Ure at once offered the following as a substitute:

Whereas, The judges of the district court have provided jail rules, which require that the sheriff of Douglas county shall furnish shoes, bed clothing, washing, nursing, prison garb, towels, soap, combs and such other articles consumed by use as may be necessary to carry out said rules; and.

Whereas, The average cost for the last nine years to the county of the articles aside from boarding provided by said rules to be furnished by said sheriff has been 6½ cents per man per day; and.

Whereas, After careful investigation we have concluded that reasonable compensation for the feeding of prisoners would be 25½ cents per man per day; therefore, be it Resolved, That the compensation to be paid by the sheriff of Douglas county for furnishing all the articles provided in the jail rules to be by him furnished and for feeding prisoners be and the same is hereby fixed at 35 cents per man per day, except insane and juvenile prisoners, who shall be cared for as provided for in the jail rules at a cost to the county of 50 cents per person per day.

This was signed by Commissioners Ure once offered the following as a substitute:

This was signed by Commissioners Ure

and Kennard. Ure Offers an Explanation

Mr. Ure explained the purpose of his resolution as being an attempt to comply with getting willing and reluctant property ownthe requirements of the rules adopted by the district judges, which were printed in The Bee Wednesday morning. He said the arrangement embodied in the resoluings removed were used to fill washouts tion would result in a saving to the county of about \$7,500 a year compared to what the same service has cost heretofore. Commissioner Kennard supported the resolution and gave it as his belief it would

be fair to all parties. Commissioner Solomon insisted the only question before the board was the one matter of paying for feeding the prisoners. He wanted that settled first, then the board could settle the other questions involved as they arose. He did not believe the Ure resolution would stand the test of the courts.

The substitute was lost-yeas, Kennard and Ure; nays, Solomon, Trainor, Mr. Chairman.

After some further talk the vote was taken on the 20-cent resolution for feeding alone. On this Trainor also voted no with Kennard and Ure, and it was lost. Then Mr. Solomon introduced a resolution providing that the sheriff be required to make requisitions on the board for necessary supplies. Mr. Trainor introduced a resolution to allow 35 cents a day for a month, the sheriff then to report to the board on cost. Both were put over to the committee of the whole at 2 o'clock. The same course followed when Mr. Ure reintroduced his %-cent resolution, and it was agreed that everything connected with the proposition be given consideration at that

#### SOUTHWEST IMPROVERS WIN Paving on Twenty-Fourth from Leav enworth to Vinton Looks Like Assured Fact.

After a year's hard work the members of the Southwest Improvement club finally see the light in the matter of paving Twenty-fourth street from Leavenworth to Vinton streets, one of the largest undertakings yet taken hold of by this hustling south side organization. The paying of the thoroughfare in question is now assured. The committees which have been at work in season and out of season. ers to sign up, reported last evening that the lists now contains signatures for 1,000 more feet of property than actually required by law to make the matter a subject for consideration by the city council. It is believed that all the formalities will have been finished before the next meeting of the club; then the proposition will be puhed through the council and the next eighteen hours. The schedules can be arthing the south side citizens will know will be to wake up some morning to find their street paved.

The announcement last evening that the paving had become an assured thing was received by the club members with much acclaim. Fred Schamel and Councilman Dyball talked of the work that had been done in the matter and of the success at-

A committee of property owners from Sheelytown was on hand and expressed a willingness to join with the Southwest Improvement club rather than to organize a club of their own as had been proposed a week ago. Residents living along Mar tha, Hickory and Arbor streets. Twentyfourth to Twenty-ninth streets, vigorously complained against the lack of sidewalks in that region ..

That complaint brought up the sidewalk situation as it now exists throughout the city. It was suggested there was something "rotten in Denmark" anent the sidewalk situation, as the faithful-property owner who had laid his permanent sidewalk had to suffer because the contractors failed to place permanent sidewalks along those lots on which taxes have accumu lated. Councilman Dyball. Members Haarmann. Kozal, Pszanowski, Dargaczawski and Borash were appointed by President Ott to represent the club in the sidewalk athens, Constantinople, Smyrna, Mount st.o. We take this means of correcting matter, investigate and stir up the proper Carmel, Nazareth, Sea of Galilee, Dead sea, same. authorities in the matter.

If You Fear Diphtherm Beware of a Cold.

The best authorities now agree that the chances for contracting diththeria are greatly enhanced by colds. If the child has a cold it is much more likely to contract diphtheria. The same is true of any of the much dreaded catching diseases. The cold prepares the system for the reception and development of the germs of these diseases, that is why one child will contract a disease, and another exposed at the same time will not take it. The one that takes it, as a rule, has a cold. Even slight colds are dangerous and should have prompt and intelligent attention. Whether for a child or an adult you can find no better preparation than Chamberlain's Cough Remedy. It can always be depended upon to effect a guick cure. There is no danger in giving it to children, as it contains no harmful drug.

### Science in Selecting Proper Foods

People Are Unhealthy, Because They Do Not Eat the Right Food.

In these days of adulterated foods and food products such a food as is known to be pure and wholesome is indeed wel-We have heard of many breakfast foods and cereal products—some broadly advertised as whole products, others as cure-alls for every disease known to man. No doubt they are all good and possessed of some merit, but most of them are manufactured with some foreign sweetening agent to make them palatable. Among all the breakfast and cereal foods offered the public today, we believe we are warranted in saying that Malta-Vita is the only food that is simply and wholly pure grain product and nothing else, except a little sait. Malta-Vita as it comes to you from the factory is all of the wheat. It has been thoroughly cleaned, steamed to gelantinize the starch, then added to it is barley mait made from selected barley-this, acting upon the starch, turns it into maltose or malt sugar, pronounced by physicians and food experts the finest, purest and most healthful sweetening agent known. Then the grain of wheat is rolled out flat into a thin water flake and baked in the ovens. It comes to you fresh and pure and sweet -absolutely nothing but a grain product prepared in the cleanest and most wholesome way, turned into the most delicious whole wheat food that can be found. Matta-Vita is for sale by nearly all grocers. It costs but 10 cents a package for the same

He said he proposed to remain in the city some time recruiting the local division of the union, which now has more than 175 members. At a similar meeting held Tuesday night a number of new members were obligated into the union and a dozen or more were taken in yesterday afternoon after the close of Mr. Pratt's talk. "I think nine hours a day is enough for street car men to work." said Mr. Pratt. "I would favor an eight-hour day in most eccupations, but in ours it is not so practicable on account of the schedules and the fact that cars are kept on the street

novement among the street car men in Omaha. You have a splendid nucleus and there is every indication that you will keep right on building until every man is a member of the organization."

Announcements of the Theaters. Tonight at the Boyd theater Omaha people will get their first glimpse of what said to be the best of all the long list of things sent out from the LaSalle street theater, Chicago. "The Isle of Bong Bong" is from that home of good things, and is pronounced worthy of its genius. The music is bright, and snappy, with a militant quality that holds the attention and sticks in the memory, while the songs are of the sort that run through the mind for days after. W. Ransome as Gordon St. Bernard is doing a finer line of work than he did as Hans Wagner in "The Prince of Pilsen," and has the support of a clever lot of people. Heading the female side

in the cast are doing equally well. Next week the bill will be "Rosemary."
