HALT IN WATER WORKS PLAN

Special Committee of the City Council Reaches No Agreement.

TWO BILLS READY FOR LEGISLATURE

Some Opposition to Acquisition of the Plant is Being Manifest Even Should the City Be Able to Accomplish the Result.

The conference scheduled for yesterday between the special waterworks committee of the city council and representatives of the waterworks company failed to materialize and announcement was made that it had been postponed until today.

Anticipating that some agreement would be reached in the meantime, the special meeting of the city council called by Mayor Macrae for last Tuesday night was postponed until this evening, but yesterday City Clerk Zuerchle stated that his understanding was that the meeting had been called off and that it would be held at the regular meeting of the city council before the regular monthly meeting on Monday, February 5.

The two bills providing for amendments to the present statute governing the indebtedness of municipalities, which are designed to remove certain obstacles in the path of the waterworks plan, were drafted by Earl & Thiley, special counsel for the city in this matter, and have been placed in the hands of State Senator Saunders. The two measures, the provisions of which have been previously published in this Bee, have been approved by the city council committee and the legal representatives of the waterworks company. It is believed that little if any opposition will be made to the passage of the two measures.

With the enactment by the legislature of the two proposed bills it is believed that the city will then be in a position to acquire ownership of the waterworks providing an agreement as to the purchase value of the plant can be reached, and last, but not least, providing the people of the city by their vote at the special election declare themselves in favor of the proposition.

Some Opposition Manifest. While two years ago the citizens made municipal ownership of the waterworks one of the prominent features of their platform at the city election there is no certainty that the people as a rule are in favor of the proposition. In fact, with many there is a decided opposition to the city purchasing the plant at any price.

Associated Charities Committee. Mrs. Jacob Sims, president of the Associated Charities, has announced the appointment of the following standing committees for this year: Membership—Mrs. Fred Hill, chairman; Mrs. George Phelps, Mrs. C. A. Wiley, Ways and Means—Mrs. Lewis Cutler, chairman; Mrs. H. A. Quinn, Mrs. George Allingham, House Committees—Mrs. F. W. Miller, Mrs. J. P. G. Genshield, Mrs. W. W. Carrol, Mrs. Ray Bixby, chairman; Miss Caroline Dodge, secretary; Mrs. W. A. Stone, Mrs. J. George Richmond. The nursery proper at the Croche is in charge of a committee of fifteen, Mrs. J. Schmitt, secretary and treasurer.

Child Dies of Burns. Louise Emma, the baby daughter of Mr. and Mrs. Fred Davis, 2655 Avenue C, who was terribly burned about five weeks ago by her young brother setting fire to her clothes, succumbed yesterday afternoon to her injuries.

During the absence of her mother, who went across the street to visit a neighbor for a few minutes, the child's little brother set fire to her clothes in order, as he innocently explained afterwards, "to warm baby's feet," which were cold. The screams of the two children were heard by the mother, who rushed home to find the little girl enveloped in flames. Mrs. Davis was severely burned about the hands and arms in extinguishing the burning clothes, which she did not succeed in doing until the lower part of the body.

The funeral will be held this afternoon at 2:30 o'clock from the family residence and burial will be in Fairview cemetery. Rev. William D. Price, pastor of the Epworth Methodist church, will conduct the services.

Skating Rink Closed. The Skoppe skating rink on Main street was closed Saturday night under an attachment sued out in the court of Justice Gardner by Messrs. Bernstein of Council Bluffs to secure a claim for \$75 unpaid rent.

Chance for Primary Bill.

County officials and others who have been recently in Des Moines give it as their opinion that while sentiment is much divided on the proposition, some kind of primary election bill will be passed by the legislature at the present session.

The primary election bill now before the legislature, known as the Crossley bill, has been introduced in the senate by Senator J. J. Crossley of Winterset. It was introduced in the house by Representative Robert A. Greene of East Peru.

Two Vacancies on School Board. The terms of Emmet Tinley and W. E. McConnell as members of the Board of Education expire this March. Mr. Tinley understood to have announced that under no circumstances would he seek or accept a renomination. Despite that it interfered to a considerable extent with his legal business Mr. Tinley has during the two years he has been on the board devoted a great deal of his time to the affairs of the school and was rarely absent at any meeting of the board. Mr. McConnell was elected to fill the unexpired term of Colonel W. J. Davenport when the latter removed from Council Bluffs to Colorado. It is understood that he will be a candidate for renomination. Mr. Tinley was the only democrat on the board.

Red and Gun Club Meeting. A meeting of the Council Bluffs Red and Gun club was organized recently for the purpose of trying to secure amendments to the game laws of this state, has been called for Wednesday evening at the county court house. The canvass for members is practically completed with the result that a fund has been established which it is believed sufficient to meet the expenses of sending a committee to Des Moines. The legislation desired is to provide greater protection for wild game. Final arrangements for sending a committee, which will probably consist of A. S. Hazelton and George H. Mayne, will be made at the meeting Wednesday night.

Meat Producers After Roads. The Iowa Corn Belt Meat Producers' association will meet in this city February 8 and the main objects of the regular annual convention will be to secure a fifteen-mile limit law for the shipping of stock and a reduction of the charges by commission men for selling stock at Omaha, Sioux City, Kansas City, and St. Joseph. The officers of the association have been advised by attorneys that law limiting railroads carrying stock to a minimum of fifteen miles an hour between Iowa points and Chicago will hold. The Chicago market is back to the old commission charges of \$10 a car and a boycott of the other stock yards may be started compelling them to reduce their charges.

Indoor Rifle Practice. The first of the rifles for indoor rifle practice by the Iowa Guard were sent Saturday to Company C of Webster City, and the entire guard will be fitted with them at once and with ammunition for indoor practice during the winter months. Target practice in the open has been emphasized by Adjutant General Thrift. The gun is exactly the weight of the regular army rifle and has the same recoil, except that it shoots a .22.

Good Roads Convention. The Iowa Good Roads association will meet in this city February 7 and 8 in the Young Men's Christian association auditorium. The program for the occasion will deal chiefly with the matter of making good dirt roads, and photographs and other illustrations of good road making will be on hand. D. Ward King of Maitland, Mo., inventor of the Missouri split log drag, with J. S. Trigg, M. E. Bailey and others, will talk on the split log drag and its use. Concrete culverts and bridges will be discussed by Henry Haag, M. E. Bannon and Thomas H. McDonald.

Plot to Vote Ringers. A plot to vote ringers at the coming city primary was discovered today by the city clerk's office. In the change of the new Polk county primary law it became necessary to hold special registrations and this time because there was no general election last fall. It was discovered today in going over the books, which were closed last night, that the names of many voters had been scratched off as removed from the precinct. Voters notified the clerk's office of change of residence were given a certificate to enable them to vote at their new residence. The discovery discloses that strangers have gone to the city hall and declared their name to be that of some voter. They were given certificates to vote at their new residence. The names of the voter scratched from the poll book of his precinct. On election day the stranger will be able to vote and the legal voter will be unable to do so. An effort will be made to locate the voter.

Meade County Prosperous. STURGIS, S. D., Jan. 28.—(Special.)—The proprietors of Meade county are pleased that the county's indebtedness has been materially lessened during the last year. Meade county during the last year has enriched Lawrence county by the payment of \$2,000 of the principal of the divisional bonds and \$5,000 of the judgment claim. The balance on hand as shown by the auditor's and treasurer's statement for the last quarter of 1905 is some \$6,000 in excess of the sum shown by the like report of last year. The debt reduction and the increase on hand show a total of about \$17,000 on last year. In addition to the above there is due and soon expected from the Northwestern Railway company the sum of \$6,000, representing back taxes.

Ranges in Good Shape. STURGIS, S. D., Jan. 28.—(Special.)—From parties who have just returned from a trip of over 300 miles around the cattle ranges near Camp Crook and north of Belle Fourche it is learned that everything is looking splendid in the cattle country. At present there are scarcely any cattle on the ranges except those of a few ranchers who are feeding those saved over. The ranges themselves are in excellent shape, better than they have been in years. The cattlemen enjoyed an unusually prosperous season, shipping out some high grade stock in great quantities and are dry joyful. Sheep are also reported as looking well.

Ball Fixed for Two. HURON, S. D., Jan. 28.—(Special.)—While here today, Judge Whitely fixed in the State penitentiary, Peter McDonald, charged with grand larceny, at \$500, which will be furnished and he will be released from jail until the March term of circuit court.

Purse Contained Considerable Money and an Identification Card. VICTORIA, B. C., Jan. 28.—The body of Fred Erickson of Oshawa, Ia., has been found a mile east of Cape Beale. His purse contained \$90. He had an identification card in his pocket.

SOLDIERS NEED MORE HOSPITAL ROOM

Corn Belt Meat Producers' Association to Demand Fifteen-Minute Hour Minimum for Stock Trains. (From a Staff Correspondent.)

DES MOINES, Jan. 28.—(Special.)—Representative Langer, submitting to the people for a constitutional amendment the initiative and referendum is another measure confessedly aimed at the power of the corporations in politics and against political manipulation and bids fair to assist in giving the general assembly now in session the name of being a reform legislature.

Committee Has Report. The committee that visited the soldiers' home at Marshalltown has its report ready and it will probably be filed Monday. The report, in addition to the things asked by the Board of Control, will recommend that there be a new boiler house and boilers and an addition to the hospital. The members of the committee especially insist on the need of the addition to the hospital and say that the increasing age of the inmates of the home is such that in a few years the entire institution will be a hospital. Hon. John Campbell, chairman of the Board of Control, states that the board is well aware of the need of more hospital room, but that the need is not as pressing as the needs of some of the other state institutions, and hence was not asked by the board.

Report Nearly Ready. The report of the committee by the Board of Control for the state educational institutions is being prepared by Senator Whipple and Senator Lambert and it is understood will be filed in the senate and house both this week. An extensive conference was held with Dean Stanton of Ames and other conference will be held this week with other educators.

Redistrict Senatorially. Senator A. C. Wilson of Fayette county is considering introducing a bill for redistricting the state as to senatorial districts. "The state has not been districted for twenty years and needs it badly," said Senator Wilson. "There are districts of a population of only 25,000 persons and others with three or four counties in them with a population of 75,000. This is manifestly unjust and should be changed at once."

Perkins Mass Meeting. ONAWA, Ia., Jan. 28.—(Special.)—A mass meeting of the citizens of Monona county has been called for the town hall in Onawa on Wednesday evening at 7:30 to take appropriate action touching the candidacy of George D. Perkins for governor.

CROWD EXPECTED AT STOCK SALE. New Pavilion Erected by State to Be Dedicated. MITCHELL, S. D., Jan. 28.—(Special Telegram.)—Tuesday evening a total of about 2,000 people are expected to attend the South Dakota live stock pavilion, which was recently erected by the state at a cost of \$5,000, which will be held in the afternoon at 2 o'clock. Governor Samuel H. Elrod will deliver the address and brief addresses will be made by members of the legislature which appropriated the money.

Small Storage Reservoirs to Be Built in Grey Bull Valley. MEETREBE, Wyo., Jan. 28.—(Special.)—A plan for doubling the present irrigated acreage of the Grey Bull valley, and ultimately to be extended to the entire state, by means of small private storage reservoirs, is the object of a vigorous campaign undertaken by Water Commissioner Lou Blakeley of Division No. 3. Profiting by the experience of Colorado irrigators, Mr. Blakeley has enlisted the support of the local newspapers in the work and has caused the publication of articles on the subject pointing out the necessity of husbanding the large amount of water now going to waste during the spring freshets. According to Mr. Blakeley there are sites for 100 small reservoirs in the Grey Bull valley alone capable of storing sufficient water for 200,000 acres. These sites are natural reservoirs, requiring a short dam at their lower end and a supply ditch leading from the river.

Three Bodies from Wreck. VICTORIA, B. C., Jan. 28.—Lineman Logan and party who have been working at the scene of the wreck since the destruction of the Valencio, report the recovery of three other bodies, those of a middle-aged man, a young man and a woman about 30 years old.

Fishing Schooner Capsizes. VICTORIA, B. C., Jan. 28.—A telegram from Bamfeld says that the halibut fishing schooner Elia G. has turned turtle and six men on board were drowned. Among them was Alexander McLean, who was the commander of the illegal sealing vessel Carmacenta.

Naval Buildings at Newport. NEWPORT, R. I., Jan. 28.—Seven buildings connected with the United States naval training station at Coasters, Harbor Island, in this city, were destroyed by fire tonight, causing an estimated loss of \$100,000. The buildings destroyed were the detention building, machine shop, paint shop, paymaster's storehouse, carpenter's shop and two small storehouses.

Application to admit to bail H. L. Hubbard, brought from the penitentiary at Sioux Falls where he has been serving a fifteen-year sentence for killing G. W. Cakergard, and in whose case a new trial has been granted by the supreme court, was argued and Judge Whiting fixed Hubbard's bond at \$5,000. It is claimed that relatives will furnish the bond in a few days.

KING MEETS PROBABLE BRIDE

Spanish Public Receive Her in a Most Gracious Manner. BARRITT, France, Jan. 28.—King Alfonso, accompanied by the military members of his household in full uniform, arrived here today in automobiles to conduct Princess Ena of Battenberg, her mother, Princess Henry, and Prince Alexander of Battenberg to San Sebastian. The start for San Sebastian was made at 11:15. Princesses Ena, the King and King Alfonso were in the first automobile and Prince Alexander and his suite in the second, the military officers following in other automobiles.

Everywhere along the route the royal party was enthusiastically greeted. At San Sebastian Alfonso will be received as the first prince, to whom the municipality presented magnificent bouquets. The queen mother received Princess Ena in the most gracious manner. After lunch at the palace the king and princess took a trip around the town and surrounding country, returning for tea at the palace.

At 5:30 o'clock the princess, accompanied by his majesty and Prince Alexander, left for Biarritz, arriving at the villa at 6:45 o'clock. The king left for San Sebastian on a special train at 7 o'clock in order to dine with the queen mother. It is understood that King Alfonso will proclaim an unusually extensive amnesty on the occasion of the formal announcement of his betrothal.

QUIET RESTORED IN MANCHURIA

General Linevitch Says Vladivostok Revolutionists Have Been Disarmed. ST. PETERSBURG, Jan. 28.—Count Witte today received a telegram from General Linevitch reporting that all is quiet with the Manchurian armies. The general also reports that quiet prevails at Vladivostok, where the mutinous sailors have been disarmed.

It is reported from Kuitai, in Trans-Caucasia, that serious encounters have taken place there between the revolutionists and the troops, in which several of the latter were killed. The arrival of General Alkhanoff with troops from Tiflis brought about the restoration of order, the revolutionists taking flight.

BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself. Busybodies who see in success only a vain glory, who without making an effort to inform themselves, blantly cry offense against honesty and truth—soon to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedies is a slur against the intelligence of thousands of satisfied patients.

No Alcohol Used. Dr. Pierce never believed in the use of alcohol in the preparation of either his "Favorite Prescription" or his "Golden Medical Discovery." The well-known alterative tonic, which is so largely used as a remedy for indigestion, serpid liver, bad blood and kindred ailments. Over forty years ago, he discovered that chemically pure glycerine is a far better solvent of most of the active principles residing in our native medicinal plants when used in a proper and sustained temperature than is alcohol; and, furthermore, he found that a glycerine extract loses much better than an alcoholic one, and that the glycerine possessed intrinsic remedial value, being demulcent, nutritive and a blood tonic.

Truth and Influence. A name for honesty and square dealing is better than great riches. Fraud is a bubble that soon bursts. Dr. R. V. Valuable Trade Secrets. The ingredients of Dr. Pierce's Favorite Prescription are given to the public. He vindicates his excellence and harmless character of his "Prescription" by letting all women know just what they are taking when they use this reliable tonic and nerve tonic for the diseases and illnesses peculiarly feminine. These ingredients are combined in just the right proportion to make an efficient and entirely safe use of a part of alcohol, and they are as follows: Golden Seal root, Black Cohosh root, Blue Cohosh root, Castor oil, Slipper root, with chemically pure glycerine of proper strength for

Application to admit to bail H. L. Hubbard, brought from the penitentiary at Sioux Falls where he has been serving a fifteen-year sentence for killing G. W. Cakergard, and in whose case a new trial has been granted by the supreme court, was argued and Judge Whiting fixed Hubbard's bond at \$5,000. It is claimed that relatives will furnish the bond in a few days.
