Seffeady Growing Beariah Feeling in Wheat. FACTORS COMBINE FOR LOWER PRICES

Reports of Freezing and Thawing

from Southwest-Corn Holds Its Own-Movement Light and

## Demand Slow.

OMAHA, Jan. E, 1996. Wheat sold off ic on featureless cables, shipments and on the steady growing bear-ish feeling. Trade is more active and not officed exclusively to the professional ele-ment, which is a healthy feature. The southwest sent reports of more freezing and thawing weather and H. V. Jones claims that 19 per cent of the spring wheat or black in farmers' hands (above seeding requirements) in the three northwestern to be black in farmers' hands throughout better the weather prevails throughout the bits today and fair conditions indi-cade for tomorrow. The corn market was the only one show-the start was light and there was very developed in wheat and oats. The demand for May at the seemed unlimited. Country movement is light and demand on the whole slow. It was a noticeable feature, how-OMAHA, Jan. 27, 1905.

movement is light and demand on the whole slow. It was a noticeable feature, how-ever, of the trade today, that cash houses were constant buyers of May. May wheat closed at 545c, July at 83%c and September at 82c. May corn closed at 44%c, July at 44% 44%c and September at 44%c. July at 29%c and September at 20%c. Liverpool closed %d higher to %d lower on wheat and unchanged to %d lower on corn.

on wheat and unchanged to %d lower on corn. Bromball estimates world's wheat ship-ments Monday at 3,600,000 bushels, against shipments last week of 8,304,000 bushels and last year of 9,024,000 bushels. There will be a fair increase on passage. A New York exporter wired: "Nearby demand for corn poor, limits fully ic be-low market. A little business doing for late summer shipment." Frimary wheat fecelpts were 406,000 bush-els and shipments 176,000 bushels, against receipts last year of 433,000 bushels and shipments of 244,000 bushels. Corn receipts were 530,000 bushels and shipments 253,000 bushels, against receipts last year of 470,000 bushels and shipments of 207,000 bushels. Boston cleared 200,000 bushels wheat this morning: Baltimore cleared 660,000 bushels. The big export millers of St. Louis are putting out offers of flour very low, and they say they don't get any acceptances.

putting out offers of flour very low, and they say they don't get any acceptances. Australian wheat shipments were 1,704,000 bu, against 1,534,000 bu. last week, and 1,480,000 bu. last year. Authorities in Argentina are unable to agree on the size of the wheat crop. Broomhail estimates the exportable myrplus at 112,000,000 bu., while others say \$0,000,-000 bu.

F. S. Cowgill of Omaha says: The F. S. Cowgill of Omaha says: "The country is not solling corn very fast west of the Misssouri river, although one house has bought a large quantity in the last few days. Cars are more plentiful and our bus-lenss has been well cleaned up. There has been some new business since the advance in rates January 15. Most of the corn is going to the gulf. So far this year there has been no free movement of corn to com-pare with last year."

### New York Live Stock Market.

only moderate, the run being signity less than for the previous week and for the cor-responding week of a year ago. At the same time the supply has been about equal to the demand. The quality of the cattle on an average has not been anything very extra, only a few real good loads of beef steers having been received during the week. The market opened on Monday just about loc higher than the close of the pre-vious week, but this advance was just about wiped out the day following. Wednesday's market seemed to be a shade better, but the trade was slow on Thursday and fully steady on Friday. After taking the various ups and downs into consideration it will be found that the market at the close of the week is very little different from what it was at the end of last week. As noted above, the quality of the cattle has not averaged very high, but there have been a few here good enough to bring \$5.50 and \$7.56. New YORK, Jan. 77.-BEEVES-Receipts 256 head; no tridling; market feeing steady; dressed beet slow at 55-99 % for ordinary to choice mative sides. Exports, 380 beeves, 50 sheep and 4,500 quarters of beef. CALVES-Receipts, 72 head; no trading; feeling weak; city dressed veals, steady at 39214c; country dressed, firm for top grades, under grades over supply and slow at 9622c. at 9912c. HOGS-Receipts, 3,474 head; feeling nom-

nally steady. SHEEP AND LAMBS-Receipts, 683 head;

demand slack and market was no more than steady. Choice sheep sold at \$5.75 per hundred pounds: good lambs, \$7.75; dressed muttons slow at \$910c; dressed lambs weak, 

### St. Louis Live Stock Market.

The market on cows and heifers has fol-lowed along very closely after the steer market, that is, it opened the week a little better, losing the advance on Tuesday and recovering somewhat toward the last of the week. For the week it is safe to quote the market as fully steady at the very least, some would say a little higher, in extreme cases possibly lottlic higher. Buyers claim that the cows and heifers coming especially the latter part of the week were not very good, that the cattle did not kill out very well and that their killing sheets show that they are costing them considerably more St. Louis Live Static Market.

We are very fortunate in being able to arrange with the publishers of these well known magazines to offer their publications at this anysational price. It is an opportunity not often presented. Never before has a publisher been able to make so liberal an offer on exclusive high grade and high priced magazines.

You ask how is this offer possible if the three magazines have a fixed value and are not like the commodities usually offered at bargain prices.

## THE EXPLANATION

It is well known to everyone in business that in fixing a selling price there must be added to the manufacturing cost the cost of marketing. The cost of marketing a magazine is a big item, and these three publishing houses decided to unify their efforts to get new readers, making one organization do the work, and divide the cost of keting by three. That is why you can buy these magazines, that fit the needs of every home, for nearly half price.

# THE TWENTIETH CE. TURY FARMER

This is a magazine designed for every member of the farm home Special articles on subjects of the greatest interest are printed each week. These are written by men of national reputation and cover a field so diversified as to embrace during the year all branches of farm activity and life. Frank G. Carpenter's "Letters of Travel" and William Jennings Bryan's "Around the World Letters" appear in no other agricultural paper. Either one of these features are worth the price of a year's subscription. No other farm paper maintains so many regular departments, such as Feeding, Live Stock, Veterinary, Dairy, Poultry, Crops, Farm Devices, Orchard and Garden, with four pages devoted to the women, young folks and children. Each of these departments is edited by a practical editor and not by a theorist.

## **REVIEW OF REVIEWS.**

This magazine is almost necessary for the up-to-date man or woman who pretends to keep abreast with the times. Its illustrations will consist of 1,200 pictures a year. Its departments give the best that is in all of the other important magazines all over the world. Timely and informing articles, almost as fresh and as full of news interest as the daily papers.

## THE COSMOPOLITAN.

This has been a leading magazine for eighteen years. With the recent change in ownership it has been improved and is far better in every respect. Its gain in newsstand sales and in subscriptions have been remarkable, and these are due to the new life and real merit. The Cosmopolitan is printing what the people want. It contains regu-larly the best fiction, the best special articles on timely topics and the best illustrations money can buy.

## WOMAN'S HOME COMPANION.

This magazine is for every member of the family. It is an ideal entertainer and helper in a thousand congenial ways. The issues for the forthcoming year will be unique in conception and execution, rich and varied in contents and brilliant with the finest and most elaborate and most artistic illustrations obtainable.

## COUNTRY CALENDAR.

This is a beautiful magazine of country life, published by the Review of Reviews Company. It is the most sumptuous, best illustrated and most costly magazine made in the world. It depicts rural or country life in America, both intelligently and instructively. It illustrates and tells of the life and home surroundings of the farmer and ranchman, as well as the multi-millionaire and his country estate.

De Not Wait. Arrange for your magarine reading now. You are ful offer at but little more than the regular price of one magazine, so great is the reduction.

The offer is good for new and renewal sub-oriptions and will be made for but a limited time.

Send in Your Order Today. You cannot afford to miss this op-portunity. Send remittances and ad-dress all communications to THE TWENTIETH CENTURY FARMER, OMAHA, EREBASKA,

good, that the cattle did not kill out very well and that their killing sheets show that they are costing them considerably more than a week ago. The stocker and feeder market has been in very good condition all the week, in fact, selling interests have had nothing to com-plain of regarding the way their stock and feeding cattle have been selling for some time back. Receipts have been moderate for the last two or three weeks, while the demand has been quite brisk. The result has been that the feeder market has been quoted strong and active for almost every day during the last two weeks or more. This week furnished me exception to the rule, the tendency of values being stronger so much so that good western cattle sold to feeder buyers as high as \$4.0 On Thurs-day the run at this point was most too heavy and the market showed some weak-ness on that day which just about counter-balanced the gain in values earlier in the week. In consequence of that the market as the close is about where it was a week ago. Representative sales: Representative sales C Wt.
