Extraordinary Clearance of Thousands of Colored Dress Goods Remnants Tuesday.

An opportunity with a big "Now" for the person who has put off buying. No inflations of values to apologize for, no misrepresentation to break confidence, no over-drawn mark-downs. Thousands of remnants left from filling from thirty to thirty-five thousand mail orders, besides the sales to customers who have crowded our store daily since January first.

THESE REMNANTS MUST GO. THEY MUST BE SOLD. Determined as in the past to clean up every season's accumulation, we have ignored profit, cost and values to force the selling, and these prices will do it.

Aside altogether from the sweeping reductions are the beautiful textures of the fabrics. Not a piece in the entire ensemble ever sold for less than \$1.00 to \$2.00 a yard. In length from waist lengths to dress patterns. Note—We cannot fill mail orders upon these remnants.

STOCKMEN AGREE TO MERGE. The constitution and bylaws agreed to, the most important of which is the future representation at committee and the arrangement to admit associations, state and otherwise, to membership in a body. Under the new plan of representation no proxies will be allowed, only delegates who present themselves at meetings being allowed to vote.

Large Executive Committee. The executive committee of the new organization will be made large enough to permit of subcommittees on finance, transportation, stock yards and live stock exchange, sanitation, forest reserves and grazing lands and foreign and home markets. Grievances affecting any interest connected with the live stock industry, whether it be the stock raiser, the railroads, the packers, the commission man, or whoever it might be, will be given attention by the proper subcommittee. The agreement made tonight will be submitted to the joint meeting of the two associations tomorrow for approval. No one can be found tonight who doubts that the delegates at the joint convention will give the plan unanimous endorsement. The men who worked out the amalgamation scheme were appointed by the presidents of the two associations upon authorization of their respective executive committees.

Springer Elected Chairman. John W. Springer, former president of the National Live Stock association, because of his neutral relations with both associations, was chosen as presiding officer of the joint meeting tonight. Secretary Gwynn of the National Live Stock association was selected to keep the minutes. Four from each executive committee of the two associations were chosen to represent them. From the National Live Stock association came President F. J. Hagenbarth of Salt Lake City, Fred Goudin of Shoshone, Idaho, A. J. Knowlton of Chicago and J. A. Jastro of Berkeley, Cal. The American Stock Growers' association sent its president, Murdo MacKenzie of Trinidad, Colo., W. E. Hughes of Denver, M. K. Parsons of Salt Lake City, and J. O'Donnell of Texas.

Several Bills Introduced in House at Request of Secretary Taft. ONE PROVIDES FOR LARGE RESERVE. Fifty Thousand Men to Be Carried on Halls and Given Ten-Day Camp Drill Annually.

They are to be enlisted for five-year terms and to be carried on the rolls of the military secretary's office, to be allowed to live where they please in the United States, but to be subject to call by the president, at ten days each year, for instruction, and on the outbreak of foreign war to be called into active service. Secretary Taft explains that the bill provides means of enabling the president to comply with the act of February 2, 1901, to increase the army to 100,000 men in case of an emergency. The total cost is estimated at about \$2,000,000 a year.

It would not reappoint Mr. Elliott, the present district attorney, and there the matter rests. Whether A. C. Bernhardt of Salem, who is the choice of Kirtledge, will be appointed is a moot question, but until an appointment is made, Mr. Elliott, who is Gamble's choice for reappointment, will continue in office unless he should be summarily dismissed, and there is no reason to expect that.

MAGOON TALKS OF CANAL

He would not reappoint Mr. Elliott, the present district attorney, and there the matter rests. Whether A. C. Bernhardt of Salem, who is the choice of Kirtledge, will be appointed is a moot question, but until an appointment is made, Mr. Elliott, who is Gamble's choice for reappointment, will continue in office unless he should be summarily dismissed, and there is no reason to expect that.

It is asserted by Senator Gamble and his friends tonight that the conference between the president, Senator Kirtledge and himself today relative to federal patronage in South Dakota was wholly satisfactory to Senator Gamble. As to the division of patronage, on account of differences in the delegation, there seemed to be no other course to pursue than to follow the ordinary rule that prevails in other states, to allow the congressmen to decide postoffice matters and the general patronage coming to the state to be decided by the senators.

Wide and wider grows the breach between these two factions and it will not be settled until June, when the state convention will decide who shall succeed Senator Elliott, whether himself or Congressman Martin.

Martin Urges Mining School. Congressman Martin appeared before the committee on mines and mining this morning in behalf of his bill which authorizes the secretary of commerce and labor to establish in mining states a school of mines equipped with a chemist and assayer for the benefit of mining promoters and those interested in the development of the mining industries. A favorable report will be made on Mr. Martin's bill.

Martin Presents South Dakotans. M. F. Hanley of Custer City, Mr. and Mrs. Benedict Miller of Platteau, S. D., were presented to the president today by Mr. Martin.

Postmasters to Be Reappointed. Representative McCarthy today recommended the following postmasters for reappointment: W. W. Hopkins, Oakland; C. E. Hunter, Wakefield; Roy A. Hutchinson, Wakefield; C. C. Hooker, vice G. W. Kibler, resigned.

Kinkaid Not Committed. Congressman Kinkaid is receiving letters from his constituents in relation to leasing the bill which it is assumed he has introduced in the house. Judge Kinkaid has introduced such a bill, but by request of the bill presented by C. H. Cornell of Valentine. This introduction does not commit Judge Kinkaid to its provisions. "There is great diversity of opinion as to what a leasing bill should contain," said Judge Kinkaid. "I do not propose to commit myself to any measure of that character until I know the wishes of my constituents. I do not know that there is a great deal of opposition to any leasing bill."

Personal Mention. C. F. McGraw, vice president of the Omaha National bank, and Ward M. Burgess of Omaha are in Washington on route to New York.

Bill to Pay Widow. Senator Burkett today introduced a bill providing for the payment to Mrs. Eunice Tripler of Grand Island, Neb., widow of the late Surgeon Charles S. Tripler of the United States army, \$10,000 for the services of her husband during his lifetime in preparing, superintending and directing the publication of the manual for the use of the medical office of the army of the United States. In 1898 Surgeon Tripler prepared a book that has since been used as the official standard for the army recruiting service. The department took possession of the work absolutely, had an edition published and since then has used it without any recompense to the author or his legatees. It has been passed upon by many surgeons general of the army as a valuable work.

HOUSE AFTER RAILROADS ATTEMPT TO WRECK TRAIN

Resolution Passed Asking About Alleged Violation of Law by Eastern Lines. HEBURN RATE BILL COMES UP TODAY Measure Will Be Considered Daily Until It is Disposed Of—Tribute to General Wheeler.

WASHINGTON, Jan. 29.—What is considered a strike at the railroads was averted by house today in the adoption of a resolution calling on the president to furnish information as to the existence of an alleged agreement in violation of the interstate commerce law between the Pennsylvania, Baltimore & Ohio, Norfolk & Western, Chesapeake & Ohio, Northern Central and Philadelphia, Baltimore & Washington railroad companies. Opposition to the resolution did not develop until after it had been declared adopted by the speaker. At this point Mr. Dalzell (Pa.) moved against it with a motion to reconsider. This motion was laid on the table with the aid of thirty-seven republican votes united with the democrats, which makes it impossible to reconsider the resolution without a two-thirds vote of the house.

The house gave its unanimous consent to begin tomorrow the consideration of the Heburn railroad rate bill and continue the same until the bill shall be disposed of. A tribute to the memory of General Joseph Wheeler was paid by the amendment of a bill under consideration so as to name one of the streets of the city Wheeler street. In taking this action Mr. Sherman of New York spoke in words of praise of the memory of the dead general. The house adjourned at 5:30 o'clock until tomorrow at noon.

Citizenship of Congressman. On meeting today the house authorized its elections committee No. 1 to take testimony regarding the charge that Anthony Michalek, elected to congress from Illinois, is not a citizen of the United States. By unanimous consent the Heburn railroad rate bill was made the continuing order in the house from tomorrow until a conclusion is reached. A tribute to General Wheeler was paid in the house by Mr. Sherman (N. Y.) A bill was under consideration to change the name of a street in the District of Columbia. Mr. Sherman offered an amendment to call this street "Wheeler street." After Mr. Sherman and Mr. Campbell (Kan.) had spoken in eulogy of General Wheeler the amendment was adopted.

Littlefield Bill Ordered Up. The house then took up the Littlefield bill, requiring all corporations engaged in interstate commerce to make annual returns to the commissioner of corporations of the Department of Commerce and Labor, and containing the provisions of the act on the right calendar was fatal to its consideration. A resolution calling on the attorney general to inform the house whether or not he has begun criminal proceedings as a result of the Northern securities decision was passed, but sent to the committee on 6:30 the house adjourned until tomorrow.
