THE E-LIM-I-NO TREATMENT APPEALS TO MEN WHO THINK.

People who investigate give their unqualified endorsement to Dr. E. C. Scott's Prescriptions because he rejects all elements that produce drug habits or leave bad after effects. E-LIM-I-NO overcomes Weakness and Depression without alcohol, whisky, wine or strichnine stimulants. E-lim-i-no acts by cleaning the blood of poisonous waste products and thus restores the circulation. E-LIM-I-NETS Cure Chronic Constipation and make unnecessary the continued use of physic. They are a delight to all who suffer from constipation without the use of opium, morphine, cocaine, or other narcotics. E-lim-i-no-tum acts by dissolving from the tissues and joints the poisons that are settling and causing pain.

IT HELPS CORRECT FAULTY LIVING

From the first section of a strenuous life men resort to the whip and spur of stimulation. Most men use tea, coffee and meals to excess, to which many add the use of tobacco, and acid and alcoholic drinks, all of which stimulate but cause an accumulation of poisonous waste in the system. When health fails they have reached the limit. To attempt to whip up the failing system with more stimulants or to deplete their growing pains with opiates and narcotics only aggravates the trouble and brings on the calamity of drug habits. As the system is already loaded with poisonous waste products the only wise course is to clean out the poisons. This is what the E-lim-i-no Remedies do. By clearing the system they give ease and comfort and restore health and natural buoyancy.

Are You Willing to Be Shown? To prove the great superiority of the E-lim-i-no Remedies over all other medicines for the ailments named below we will send a made copy of Dr. E. C. Scott's New 64-Page Book Free to all sufferers who will place a cross (X) in front of their ailments and send this announcement in with their name and address plainly written.

- Poor Circulation, Low Vitality, Catarrh, Sleeplessness, Despondency, Drug Habits, Constipation, Varicose Veins, Rheumatism, Neuralgia, Sciatica, Lumbago, Kidney Trouble, Stomach Trouble, Heart Trouble, Dizziness.

Send no money. The Book is free. You get the medicine of your druggist. E-lim-i-no-tum 25c; E-lim-i-no and E-lim-i-no-tum \$1.00 each. If your druggist does not have or will not get them for you, they will be sent direct, prepaid, on receipt of price.

These remarkable remedies are based upon the new principle of elimination instead of the common practice of stimulation and superstipation. The Book and the remedies deserve to be in every home. Write today. Do it now. Address E-LIM-I-NO MEDICINE CO., Des Moines, Iowa

PRODDING THE ASSESSORS

State Board Urges Them to Unearth and List Concealed Property.

MOTHER'S MISTAKE CAUSES BOY'S DEATH

Joseph Bouchier, Convict Who Escaped from Asylum Two Years Ago, Finally Arrested on Rosebud Reservation.

(From a Staff Correspondent.) LINCOLN, Jan. 29.—(Special.)—The State Board of Equalization and assessment held a meeting this afternoon to discuss the assessment. Every county assessor in the state is under the orders of the board and a mighty effort is going to be made by the board this year to place every dollar's worth of taxable property in the state on the assessment roll. The board ordered the secretary to formulate some instructions to the county assessors and urge them to do everything in their power to uncover hidden property. The board will call the attention of the assessors to the notes and bonds and money which it is generally believed escaped assessment last year and urge them to discover that which is hidden.

The board will be in good condition to do business this year as all of the members have had experience and there will be no new members on the board. It is thought it will not take long to decide on the valuation of railroad property as the board knows its power now since the decision in the railroad tax suit.

The secretary will formulate rules and will then submit them to the board for adoption. The secretary will call the attention of the assessors to the supreme court decision on the revenue law.

Mistake Costs Boy's Life.

As the result of a mistake on the part of his mother Jay Williams, a 17-year-old school boy, lies dead at the Rosebud reservation, taking rooms and the mother is broken-hearted and in a serious condition. The boy felt badly when he got up this morning and his mother gave him a dose of medicine out of a bottle labeled "Blackberry Balsam," which had been bought some time during the summer. The boy went to school and shortly after arriving there was taken ill with pains in his stomach. In company with his brother he started home, but upon reaching a pool room on Fourteenth and O streets he became so much worse that he was carried in there. A physician soon arrived and produced vomiting. Young Williams recovered slightly and started home when he was taken with a spasm and died in a very short time. Physicians who examined the balsam bottle said it contained some kind of liniment. None of the family could recall having put liniment in the bottle.

The father of the boy, G. Frank Williams, is a traveling salesman and was in Iowa at the time. He was notified and reached the city this afternoon.

Bouchier Finally Arrested.

Joseph Bouchier, who for two years has defied the state and federal officers to arrest him, is finally in the toils of the law on the Rosebud reservation and will be brought back to the insane asylum at Lincoln, from which place he escaped in December, 1903. How the man's arrest was effected is not known here, as Governor Mickey received a telegram stating merely that he had been arrested. An officer of the asylum left this afternoon to bring him back to Lincoln.

Bouchier was sentenced to the penitentiary for eight years for manslaughter, from Keya Paha county, in January, 1903. Three months later he was transferred to the asylum and escaped from that institution in the following December. He occupied a sawing out a window, but whether he had assistance from outside the asylum authorities do not know.

He at once left for the Rosebud and lost himself among the Indians there. Local officers went for him and were threatened with death if they tried to make the arrest. Governor Mickey appealed to President Roosevelt and was told the federal officers would make the arrest provided it could be done without the shedding of blood. Considerable correspondence passed between the governor and the federal authorities on the matter.

Cut in Sheriff's Fees.

Until the courts decide differently sheriffs who charge 75 cents a day for feeding prisoners after they are convicted until they are brought to the state penitentiary will have their vouchers cut just 25 cents per day and they will not be allowed railroad fare unless they file with the auditor receipts showing that the fare has been paid. This is the rule laid down by Deputy Auditor Cook some time ago and it may be the means of getting the question into court. The last bill to be held up was from Sheriff Power of Douglas county, who charged 75 cents for meals and who also put in a bill for railroad fare without sending in his receipts. The total amount was something over \$500.

This bill may be taken into court and have it decided whether the sheriff shall be permitted to charge 75 cents for state prisoners when they only charge from 25 to 50 cents for the same prisoners when they are county charges. The blanks used by the sheriffs in making their reports are made out for 75 cents and it has been the custom to allow them this sum, but the present administration has cut out the extra 25 cents. Sheriff Power and a number of other sheriffs have intimated to the auditor that they intend to appeal to the courts. The auditor is anxious that this be done so the matter can be decided definitely, as it has been long in dispute.

No More Senatorial Endorsements.

Judge James J. Roberts, former Lancaster county statesman and now county surveyor of Butler county, to which office he was elected shortly after he landed in that part of the country, is in Lincoln, the guest of relatives. Mr. Roberts is still taking an interest in politics, even though he does not hold an office, and he still adheres to the sentiment which he expressed when he tried to keep the Lancaster county convention from endorsing a candidate for United States senator. He said:

"Now that I am a farmer I know very little about politics, but I believe it will be a question whether the next state convention will endorse a candidate for the senate. I believe no man will ever be elected again like Senator Burkett was. I think the next senator will have to be elected by the people, as it is not likely any one candidate can get a sufficient number of the counties pledged to him to insure his endorsement or election."

Galusha Likes Mexico.

Secretary of State Galusha returned yesterday from his trip to old Mexico over the Orient railroad, the guest of the officers of that road. On the same trip were a number of business men from Nebraska and other states. "The Americans I met," said Mr. Galusha, "are glad D. E. Thompson is coming there to be the minister. They seem to think that the previous representatives of this country went in for society too much to help the country and many of the Americans said they claimed to be British subjects in order to get proper protection. Mr. Thompson has a great reputation down there as a business man and a diplomat, and everyone here has the people about him. We found a great opening down there for investment and several of us bought property in Knox City, a new town just being started. The railroad will reach the town shortly and we expect a boom. Other towns along the railroad are springing up in a night and there is a great future for the country. Americans are going in there rapidly."

Work of Game Wardens Praised.

Dputy Game Warden Carter has returned from St. Paul, where he has been attending the meeting of the game wardens of the various states. Mr. Carter brought back with him the secretaryship, to which he was elected. Mr. Clark of the northwestern division of Illinois stated in a paper, so Mr. Carter said, that when he took charge of the Chicago division there was more prairie chickens and grouse shipped in from Nebraska than from any other two states in the union. This year, so Mr. Clark said, he had not seen a box of chickens from Nebraska. His compliment to the game wardens of the department of the state for its enforcement of the law.

Carter's Frog is Missing.

Somewhere around the state house or thereabouts there is a frog roaming around without a home. The frog has bright spots on his back and is otherwise the same shape as any other frog of a like breed. The little fellow hopped out of the glass case in which he with 100 or more fish and frogs have been living for a long time. He was Game Warden Carter's pet and had almost been taught to play tricks. All efforts to locate him in the state house today proved fruitless, but the search is not ended.

Miss Adams Takes a Rest.

Miss Jennie Adams, who for eight years has been a stenographer in the office of the state superintendent, has gone to California for her health. Miss Adams has been one of the most faithful of the state's employes and her close attention to business has undermined her health and her physicians recommended a rest in California. Miss Marks of Lincoln is filling her place.

BLUE SPRINGS STORE IS RAIDED

Robbers Start a Fire to Distract Attention of Citizens.

BEATRICE, Neb., Jan. 29.—(Special Telegram.)—Robbers last night entered F. E. Rice's general store at Blue Springs and carried away a lot of valuable cutlery and razors. About 4 o'clock this morning citizens living near the large corn crib of Blythe & Patton discovered that a fire had been started against one of them, presumably to distract attention of citizens while the robbers raided the store. The flames were quickly extinguished, and it was afterward discovered that the crib and been saturated with oil. The crib was filled with corn and had been destroyed it would have entailed a loss of \$20,000. Bloodhounds from this city have been taken to Blue Springs to trail the robbers and the authorities will use every means possible to apprehend them.

DIED SUDDENLY

OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rash, push and strenuousness of the American people has a strong tendency to lead up to various and interesting affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on the medical science for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSARY, a standard authority, to impart tone and increased power to the heart's action. Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of Golden Seal is its discovery as far as its marvelous cures of valvular and other affections of the heart are concerned, in Stone root, or Collinsonia Can., Prof. Paine, the author of Paine's Epitome of Medicine, says of it:

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a disease. When they were all given-up-work, and it fearfully warned the afflicted that death was near at hand, Collinsonia unquestionably afforded relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system. Dr. Pierce's Peppermint Cure Constipation.
