CHECK ON THE CONTRACTORS Resolution Introduced by Ure Requir-

ing Supplies as Good as

the Samples.

Deputy United States Marshal John Sides came down from Dakota City Monday night, bringing with him Samuei Gilpin. Arthur Howell and Charles Mitchell, who are charged with introducing liquor onto the Omaha Indian reservation. The ac-cused were arraigned before United States Commissioner Singhaus and were com-mitted to the Doughas county jail in de-fault of \$500 ball each for their appearance before the federal grand jury. County Commissioner Ure will at the Wednesday meeting of the board introduce a resolution calculated to put county contractors on their mettle. The tenor of the resolution will be to the effect that all contractors for county supplies must comply strictly with the terms of their bids and deliver goods fully up to the quality of the samples submitted with the bids. It seems there is a suspicion in the minds of the commissioners that contractors sometimes iniment become afflicted with a lapse of memory or their packers get a triffe careless and send to county institutions goods that are not up to the quality contracted for
