DO NOT OVERLOOK THIS WYOMING IRRIGATED LAND PROPOSITION.
No better irrigation project can be found anywhere than the La Prele, located jus across river from Douglas, a thriving town of some 2,000 people, and in the midst of a great sheep and cattle country. Coal, oil, natural gas, gold and copper are found in the immediate vicinity.
We have an option on water for several sections, the choice of this fine tract of land containing 28,000 acres, and can offer it whereby the land, together with this perpetual water right, can be had for $20 per acre.
After this block of stock is sold water, including land, will cost $30.50.
These lands are equal to any in the state, and their location is choice. They are sure to be worth $50 to $100 per acre just as soon as title to them is had, and they can be taken in 40, 80, 120 and 160-acre tracts.
This is the best proposition of the kind offered today, and if you are interested in it write us at once for full particulars.
We will leave Omaha with party for Douglas Tuesday, February 20. Railroad fare for round trip, $11.70.

The Test of Time

WILL ALWAYS BE THE STANDARD BY WHICH MERIT IS JUDGED

Since the world began, man has done much, but of all his efforts in Science, Art and Music only the best has survived. This test applies particularly to the Piano, and we offer as proof:

Smith & Nixon, established.....1843
Haines Bros., established.....1851
Marshall & Wendell, established.....1853
Story & Clarke, established.....1865

These instruments represent the accumulated knowledge of generations of successful piano manufacturing, sound materials, skilled workmanship in perfectly equipped factories with a continuous striving toward the ideal of musical perfection, has resulted in pianos whose tonal quality, durability and appearance are a source of legitimate pride to their makers and satisfaction to purchasers.
