" Women everywhere speak

of their 'smart style."

TYLE is one of the most indefinable yet important of feminine attributes. Give a woman perfect beauty and that beauty can yet be exalted by the title of "stylish." When in addition to other virtues of "Dorothy Dodd" Shoes women everywhere speak of their "smart style," we feel it expresses the utmost praise. But other features also have contributed to the truly wonderful success of "Dorothy Dodd" Shoes.

The actual sentence will therefore be an aggregate fine of \$300.
