COUNCIL BLUFFS

Office, 10 Pearl St. Tel. 45.

MACRAE IS OUT OF RACE

Mayor Declares Under No Circumstances Will He Accept Renomination.

POSITION AT BEST A THANKLESS ONE

Party is All Torn by Factions and This Decision of the Mayor Will Mix Matters Up Worse Than Ever.

The democratic party in Council Bluffs will have to seek a new candidate to head its ticket at the city election on March 25. It had been generally understood that Mayor Macrae would accept a renomination provided it came to him without opposition.

Major Macrae has, however, in the last week changed his mind and has decided with all the emphasis in his power that he will not be a candidate for renomination and what is more will not accept a renomination at the hands of his party, even if it is tendered him upon a golden platter and with the unanimous consent of every member of the party in Council Bluffs.

Major Macrae says, it is irrevocable and that absolutely nothing can induce him to change his mind.

Mayor Macrae's decision to refuse to accept a renomination for the office of chief executive of the city is said to have been brought about by the criticism which he and the members of the city council have been subjected to in their efforts to bring about what they considered was an equitable adjustment of the water rates.

Telling of his decision to refuse a renomination Mayor Macrae said:

Statement by Mayor.

"What is the mayor of Council Bluffs, anyhow? He is merely a figurehead with the title of mayor attached to his name. About all a mayor has the power to do is to select the chief of police and the members of the police department, and even these appointments have to be confirmed by the city council. There is nothing in the office, which of course is a minor consideration, does not pay a man's expenses while he fills the office of mayor. I have had two years of it, and now let someone else have the worry. I endeavored to do the best I knew how for the interests of the city, but I am not satisfied. I think the latter will admit that at least I have given them a cleaner city than had for many years before. I am out of the mayor business and, as far as that goes, out of politics also. I shall, however, leave the office with all feelings towards no one and with the best of good wishes for the future to all."

Discord in the Party.

Not for many years has discord been so rampant in the democratic party of Council Bluffs as it is today and Mayor Macrae's announcement that he will not under any circumstances accept a renomination will not tend to improve matters. Surface indications, if they count for anything, are that not a single democratic member of the present city council has been nominated this spring, except it may possibly be Alderman McMillen of the Fifth ward.

In the First ward Alderman Younkerman's friends are insisting that he be entitled to a renomination, but former Alderman Charles Hester is being prominently mentioned for the democratic nomination and this will mean a hard fight for Younkerman and his friends. In the Second ward Alderman Maloney was thought to be safe until a few days ago, but it is said that a certain element in his party has the knife out for him.

In the Third ward Alderman Tinley has announced that he will not seek a renomination. It was, however, a foregone conclusion that he would not be accorded one, owing to the doubts of the legality of his quasi residence in that ward.

In the Fourth ward Alderman Sawyer is expected to be re-nominated.

In the Fifth ward Alderman McMillen appears so far to have a good show for a renomination. In the Sixth ward the west enders have announced that Alderman Crippen is to be placed on the shelf and it is hardly likely that he will

STOMACH ON THE BRAIN.

What if a Man Gain the Whole World and Lose His Appetite?

The man with the well behaved stomach never thinks about it. He eats what he likes and likes what he eats. He knows he'll enjoy it, because he knows he has a stomach that will easily digest it. All things look good to him; he will sit close to the table, and with a merry twinkle in his eye and a world-peace expression, he will "start" on the delicious meal before him.

But the man with the bad, brassy, gurgling stomach is the man who is always thinking about it. He can seldom eat what he most likes, and seldom likes what he eats. His stomach worries him before he is on the table, and between meals. It is on his brain. It robs him of his cheer and interferes with his daily work. Around him is a dark spirit which presses itself forward in his thoughts, crying: "I am agony, I am disgust, I am nausea, I am sickness, languor, worry. I am convulsed with quick lurches and pangs, and nourished by gummy mucus. I rob brains of their forces and bodies of their life. I steal away nerve and vim. I bring heart disease and apoplexy. I make the world a pit of weakness and darkness. I am woe, I am death, I am dyspepsia. But yet, I bring also hope, light and cure. He who suffers from my gloomy presence I give you warning and a chance to escape me."

This is a bad dream, but it is the daily dream of the dyspeptic. If it were not for the white we couldn't tell the black. If it were not for dyspepsia we couldn't know the joy, the happiness we couldn't understand. All the world looks bright to a man of good health, and good health is impossible without a good healthy stomach. And any sick or weak stomach can be made a good, strong one by just taking something which will digest your stomach, do it. Stuart's Dyspepsia Tablets are the most effective little tablets in the world for this very thing. If you feel bloated after eating, or you have nausea, aversion to food, brain irritation, sour stomach, heartburn or dyspepsia, Stuart's Dyspepsia Tablets will stop it because one grain of an ingredient of these tablets will digest 2,000 grains of food.

Your stomach is overworked. Let it take a rest. You're not yourself when you have a bad stomach. These tablets will do the work that the stomach has to do and make you feel bright, think clearly and give you ambition and power to concentrate your attention on your work. You'll feel good. You should always have a box of Stuart's Dyspepsia Tablets on your dining table. They will make you get all the good possible out of everything you eat, and you'll enjoy it.

SCHEME TO GET INSURGENT

Such, it is Alleged, is the Charge Preferred Against Russian Emigrant.

NEW YORK, Feb. 6.—Attorney Rosenthal said last night that he would appeal to Secretary Root for the release on bail of his client, Felix Galdis, the Russian fugitive who is held here on a charge of larceny preferred through the federal authorities by the district of St. Petersburg.

Mr. Rosenthal says that the larceny charge is a ruse to obtain the custody of his client, who fled from Russia to escape punishment for his political opinions. Mr. Rosenthal said:

"My client was a private soldier in a St. Petersburg regiment. He was detailed as an orderly to General Evgeni Lamanski, who lived in Moika street. The revolutionists gathered, the general being in sympathy with them. General Lamanski was not suspected for a long time. His orderly became thoroughly imbued with the spirit of the plotters.

"It became known to Lamanski three months ago that he was suspected. He fled to Switzerland, where he is now. He fled to avoid his military duties. He is now going to the United States. He gave him 900 rubles. Galdis, after many adventures, crossed the border, reached Hamburg and then came here.

"The charge is a dummy one to get back this man into the hands of Russian courts. I shall apply to Secretary Root, demanding that the Russian government introduce course prisoners in extradition cases cannot ordinarily be admitted to bail. There is a precedent, however, under Secretary Hay."

AFFAIRS AT SOUTH OMAHA

Country Club Purchases Frenser Tract as Its Permanent Home.

HOUSE ON PLACE FOR TEMPORARY USE

Land Lies Along New Trolley Line to Fort Crook and an Ideal Tract for the Purposes of the Club.

There was an informal meeting of the board of directors of the South Omaha Country Club Monday afternoon, but no election of officers. The object of the meeting was for the consideration of the purchase of a site for the club grounds. It was decided to purchase the Frenser tract, which lies three-quarters of a mile south of the city on the line of the thirteenth street trolley line. The tract has been closed and the first payment has been made. There is a good house and barn on the place already, and it is believed that the building will be used for accommodation of the club members until better ones can be erected. The grounds are ideal and lie just north of the well known Child's property. There is enough native timber already on the ground for the finest park. The land lies in an oblong form and is believed a golf course could be laid out without any crossing. In that way there will be no confusion of the players at any time. The property lies on the proposed car line to Fort Crook, so that it is within easy reach of all the members.

Fire and Police Board Meeting.

There was a session of the Board of Fire and Police Commissioners last night. The principal business was the report of Chief Briggs for the month of January. F. O. Hill and P. J. Harder were elected to permanent positions on the police force, both having passed satisfactory the thirty days' probation required.

During the year 1905 the fire department made 14 runs, of which four proved to be false alarms.

The board recommended that the city council take steps necessary for the immediate purchase of a patrol wagon for the police department and that a new one-horse rig be purchased for the fire chief.

A number of letters were presented for the consideration of the board from different ministers and the Young Men's Christian association with regard to the question of Sunday closing. These letters will be duly considered by the secretary of the board. All of them plead for the strict observance of the Sunday closing law. No definite orders were issued to the police with regard to the matter, but it is understood by the police they are to take note of the conduct of all saloons in this respect.

So far no vacancies have appeared on the list and if any occur they will be filled by the mayor, according to a resolution passed by the council last Monday night.

OMAHA MACHINIST IS KILLED

M. A. Anderson Loses Life in Accident on Missouri Pacific at Falls City.

M. A. Anderson, a former resident of Omaha and a member of Wassa lodge, Independent Order of Odd Fellows, of this city, was killed in a wreck on the Missouri Pacific railroad near Falls City Tuesday morning.

Anderson, who was a brother of Carl A. Anderson of Omaha, was coming from St. Louis to make preparations to go to the Panama canal zone, where he expected to work as a machinist for the government.

The wreck was caused by a head-on collision of a passenger train from Kansas City and a southbound freight train. No other person was seriously injured, although the conductor of the passenger train was slightly cut about the head.

The injured:

John Hall, Kansas City, passenger conductor, cut and bruised.

Owen K. Trueblood, Kansas City, express messenger, badly cut and bruised.

E. L. Nickel, train auditor, shoulder dislocated.

William P. Sullivan, Leavenworth, mail clerk, cut and bruised.

Both engines were badly demolished and the tender of the passenger engine was jammed into the baggage car, which in turn was jammed into the mail car, until there was but six feet of space in one end, in which the mail clerk found refuge, with slight injury. One car of cattle was put in the ditch.

The train from Omaha was reversed and brought back the passengers from the wrecked train, while the cars of the train which were not demolished were sent on to Kansas City with the passengers going south.

The wreck occurred at 2:15 a. m. and the train arrived in Omaha five hours late.

The wreck was due to the carelessness of the freight conductor. After taking on cars at Strausville he pulled out about a half mile, when he remembered he was running on passenger time. He stopped the train and began to back when the passenger train ran into it, wrecking both engines, killing nine of them. Neither train left the track.
