RUSSELL IS PERSONA NON GRATA. American Minister May Be Given His Passports Because of Alleged Siding with France.

WILLEMSTAD, Island of Curacao, Friday, Feb. 9.—A traveler who arrived here today said:

President Castro is busily engaged in existing throughout the republic and in other ways preparing for war. Generals in each state have been commissioned and orders have been given to call the recruits to the colors.

Information from the best source indicates that the people do not support President Castro and on all sides are heard expressions of a desire to revolt and overthrow the president's government as soon as the French blockade is declared.

A well informed Venezuelan told me that the troops will desert their colors, as they have all been compelled to join the army, voluntary enlistment being unknown in Venezuela.

It is reported at Caracas that the American minister, Mr. Russell, is persona non grata and that he may be given his passport.
