Pure Food Bill Likely to Pass State Senator Saunders, who spent Sunday with his family in this city, is of the opinion that the pure food bill will be passed by the present legislature. The bill has been reported out of the senate committee for passage and the wholesale grocers have withdrawn their opposition to the measure now that they have been granted two concessions and the bill amended accordingly. One of the amendments gives wholesalers and retailers until July 1, 1907, in which to dispose of all prescribed goods received by them prior to July 1, 1966. The other amendment permits manufacturers.
