## Ban on Hazing at Brookings.

ABERDEEN, S. D., Feb. 12-(Special.) The faculty of the South Dakota Agricuitural college at Brookings is determined to put down hazing at any cost. Recently a number of the older students were caught hazing some freshmen and one student was suspended for the year, another for the remainder of the present semester and others from one week to one month, while a cadet was reduced from first lieutenant to a private. There was much indignation expressed by the students, but the faculty. is standing pat and the students implicated in the hazing have finally decided to take their punishment.

Spread Rapidly Over Body-Limbs and Arms Had to Be Bandaged and Scalp Looked Dreadful -Suffered Untold Misery for Three Years-Better in Two Months

## MARVELOUS CURE BY CUTICURA REMEDIES

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something terrible the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his I had to bandage his limbs and arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies, all to no avail.

A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eczems all that time, use all three of the Cuticura Remedies; the Cuticura Soap helped as well as the Ointment. He was better in two months; in six months he was well; but I gave him the Cuticura Resolvent one year, - using twelve bottles, I think - and always welve think, — and always used the Cuticura Seap for bathing, and do now a good deal. He was four years old before he was well, and his skin became perfector fair when cured. I give you per-mission to publish this letter for I am always glad to do good when I can.
