SCALE FOR ANTHRACITE MEN Conference Between Miners and Operators operators that they will not insist upon

Begins in New York. MITCHELL PRESENTS LIST OF DEMANDS

It is Referred to Special Subcom. mittee of Seven from Each Side-Outlook for Settlement

Good.

NEW YORK, Feb. 15 .- The special scale committee of the United Anthracite Mine peared before the strike commission Workers of Pennsylvania appeared before the presidents and officials of the coal mining companies here today and stated in general terms the propositions it desired the operators to grant and then retired to formulate in detail the demands. Before the conference adjourned, two subcommittees of seven men each were appointed. one representing the miners and the other the operators, to take up jointly the questions at issue and endeavor to reach an

agreement. When these committees have completed their work they will make a report to the conference. The utmost good feeling prevailed during the meeting and there were many signs that all matters at issue may be settled without resort to

a strike. The conference, so far as it related to the coal companies, was the most representative that has ever been held. Every coal company in the anthracite region was represented. President Mitchell of the Miners' union was the spokesman of the employes and made a speech that was well received by the operators. The meeting was held behind closed doors in the general offices of the Trunk Line association and lasted less than an hour. After the conference the following statement was

given out: Joint Statements.

The following joint statements were issued after the meeting:

There was a full representation of the mine operating companies and the miners. The meeting was called to order with Mr. Connell in the chair. Mr. Mitchell addressed the meeting, stat-

Mr. Mitchell addressed the meeting, stat-ing in general terms the proposition de-sired by the miners, stating that the same had not been entirely formulated in detail. After a brief discussion it was concluded that the mine owners and mine operators should each appoint a committee to repre-sent them in the future in reference to the matter, the committees to consist of seven each. The following 'were appointed to represent the miners: Measure. Join Mitchell, John Fahey, George Hartlein, W. H. Dettrey, John P. Gallagher, T. D. Nicholls, John T. Dempsey, and the fol-lowing to represent the mine operators: Measure. Baer, Truesdale, Kerr, Willcox, Williams, Thomas, Cake. The understanding was after the com-mittee terminated their work they should report to the committee of the whole. An adjournment was then had, with the understanding that the committee would arrange for further meetings Beyond the information contained in the

Beyond the information contained in the statement given out, nothing could be learned as to what occurred at the conference. It is believed, however, that the demands are substantially the same as those made public at the time of the meeting of the miners at Shamokin last December. These demands call for an eightof Frank Glynn, who identified Crowe as by some with prejudice because they are hour day without any reduction in wages, for employes paid by the hour, day or week, a uniform wage scale for all classes of employes; a 10 to 20 per cent increase in wages; a reconstruction of the board of conciliation and the recognition of the union. There are other grievances of a

Subcommittee at Work.

Immediately after the adjournment of the conference the miners' representatives returned to their headquarters where the sub-committee held a preliminary meeting to discuss plans. After an hour's conference it was announced that the sub-committee will begin the work of formulating he demands in o all tomotrow morning

1903, briefly stated, were:

t miners

union officials during the past week leads to the bellef among those who have studied the situation that the men are so anxious to have an annual agreement with the the granting of all their demands. While the union officials are silent on the subject It is understood that if the operators are reasonably liberal from the miners point of view and an agreement is in sight, the union will not push the organiz ation to the front and press for its recogni tion

The operators are a unit against recognizing the miners' association as at present constituted. They have steadily refused to treat with Mr. Mitchell, as a represen tative of the organization. When he apwas there as a 'representative of anthracite coal mine workers" and not in his official character as president of the union. The arbitrators declined to make an award in the matter of the recognition of the union because the question of the recognition of the union was not within the scope of its jurisdiction. The commission, however, was of the belief that the suggestion of a working agreement between employers and employee embcdying the doctrine of collective bargaining contained many hopeful elements for the adjustment of relations in the mining regions.

Dolan to Mitchell.

PITTSBURG, Feb. 15 .- When the Pittsburg miners' convention resumed its sesslons today President Patrick Dolan made a caustic address to the delegates, replying to the letter of President Mitchell which was read to the delegates yesterday by National Vice President Lewis. President Dolan said in part:

dent Dolan said in part: I want to say that Mitchell's statements of his letter are barefaced lies. He claims that the statement in the newspapers last Monday was not written by me. I most emphatically say that it was. I want to go on record by saying that the present wage scale is the best the miners ever had, and we did not get it by selling out to the operators. John Mitchell and W. D. Ryan are not the only men in the country who understand the industrial situation.

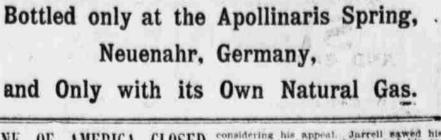

situation Following President Dolan's remarks there was much disorder among the delegates. A majority of them took exception to the manner in which President Dolan referred to President Mitchell and the matters under dispute. Quiet was again restored only after National Vice President charged against these officials, together Lewis made a lengthy address requesting with President Smith, that they had absoorder lute control of the bank and its funds.

President Dolan stated that the amendment was unconstitutional, but that he would present it to the convention. The amendment passed by practically a unanimous vote.

bill for the appointment of a receiver lat President Dolan gave a resume of the tonight. proceedings of the joint conference at In-Judge Chytraus and the clerk of the superior court had been asked to be in dianapolis to show he had done what he believed to be his duty. He said he did their offices and agreed to do so. Shortly not have time to consult his delegation. before 10 o'clock attorneys representing The committee on resolutions announced Mr. Kavanaugh appeared with the petition it was ready to report a general measure for a receiver. Notice had been served previously on President Smith, but he formulated from about 100 resolutions did not appear either in person or by received relative to unseating the officers. President Dolan recalled to the delegates attorney. After reading the bill, the court that Mr. Lewis had advised them to go entered an order appointing Daniel J before the executive board with their griev-Healy, a stockholder, receiver. in the Grover street house. He referred to it was after 5 o'clock when Judge Sutton the letter written to Father Murphy and announced the court would adjourn. The declared Crowe's connection with it was members of the jury and the others inclear. He quoted the letter at some length terested in the case expressed a preference and pointed to it as positive evidence of for a night session and he announced the the guilt of the defendant.

In closing he reminded the jury it was not a question between Edward Cudahy and Crowe, but between the state of Nebraska and Crowe, and he urged the jurors to bring in such a verdict as would be a letter. He said there was no evidence the credit to them in after life and to the state letter was ever in the hands of Father of Nebraska.

Mr. English began speaking at 10:25. He first referred to the rule of criminal law tectives that presumes the defendant innocent until he is proven guilty, and then congratulated the jury on the neurness of the end of the trial

"It has been a week of anxiety to the defendant and his attorneys," he said. "We have seen arrayed against us all the power. wealth and influence in the state. We saw endorsed on the back of the information the names of ninety-five witnesses, lay and clerical, police and private, forty-five of trial. Mr. Bitchie replied that he did not whom have been called to testify. Our anxiety has been whether this defendant will be restored to the walks of life he is fitted to walk in, or whether he will be obliged to suffer the torments of condemnation.

Questions the Money Deal.

Mr. English said under the evidence no man with a negard for the solemnity of his oath could have an abiding conviction that the \$25,000 in gold had over been paid to

Name given by bill was passed they would certainly have Postum Co., Battle Creek, Mich. that pleasure."

President Snith are: That before the bank was certified by the state auditor, President Smith bor-rowed money and paid it into the bank to cause the requisite amount of stock subscribed for by them to uppear as paid on the books so that the full amount of money represented by the capital stock was on deposit. That immediately after the examination by the auditor and after the bank had commenced to do business Smith and others depleted the stock by withdraw-ing for stock subscribed by them. That President Smith borrowed \$70,000 from the bank, giving in return notes signed by his wife and brother-in-law, which are de-clared to be of little value. That within a few weeks after the bank opened for business Smith secured \$2,200 from the bank for himself, giving in return mort-gages on real estate which are said to be inadequate security. It is also alleged that President Smith entered into a contract with F. E. Creel-man, a stockholder, by which the latter was to be permitted to withdraw \$150-00 from the bank at any time he wished. This, it is stated in the bill, was done and Creelman has withdrawn nearly \$20000. Calumet

This, it is stated in the bill, was done and Creelman has withdrawn nearly \$290,000, giving in exchange drafts on other cor-porations he was interested in. Many of these drafts, it is asserted, were sent back unpaid, until Creelman owed the bank \$80.-

President Smith, against which the serious charges are made, was a member of AUDITORIUM, OMAHA the Cook county bench for many years J. M. GILLAN, Manager, TUESDAY EVENING, FEBRUARY 37

having retired from the court in 1904. Mr. Creelman, who is charged with unloading a large amount of paper of questionable value on the institution, is a Chicago lumber merchant,

Three Hundred Thousand Deposits. The bank had about \$300,000 in deposits, of which \$25,000 was in savings accounts of working people.

Attorney Clarence Darrow, who is a stockholder, paid up to the extent of \$11,000 personally has come to the rescue of the Under the direction of Sam S. Lee Shu-bert and W. F.
