TURN THE CAN AROUND

and you will learn what is the "power behind the dough." In the high-class powders it is cream of tartar, extracted from clean, delicious grapes, and that is healthful.

Of what use are twenty-five ounces for twenty-five cents, if eight of these ounces are alum?

Food baked with alum baking powders is found to contain a portion of the alum unchanged!

The continued use of alum made food impairs digestion, causing dyspepsia. When buying baking powder, examine the label and take only a brand whose label shows it to be free from alum.
