DOCTORS FOR MEN

THE MEN'S TRUE SPECIALISTS

Men whose vitality is exhausted, those who have some private disease or weakness lurking in their system and who are prematurely old while still young in years, written down weeks of what they ought to be, and who want to be strong and feel as vigorous as they did before they wasted their strength—to enjoy life again—to win back the vim, vigor and vitality lost—should consult the eminent specialists connected with the State Medical Institute before it is too late.

It is humiliating to know that your manly strength is slipping away—to be weak, nervous, fretful and gloomy, have pains and aches in different parts of the body, your sleep disturbed, weak back, headaches, despondency, melancholia, too frequent urination, palpitation of the heart, unable to concentrate your thoughts, poor memory, easily fatigued, specks before the eyes, aversion to society, lack of ambition, will power depleted, dizzy spells, vital losses, poor circulation, to feel cold, lifeless and worn out, primarily induced in many cases by abuses, excesses, overwork, etc.

Vigorous manhood is the stepping stone to success in life. The man who has preserved the vitality given him by nature or having lost it, has regained it by securing proper treatment in time, is enabled to shove aside the barriers which impede his progress, both commercially and socially. It forces men to the front in all walks of life. Do you want to be strong, possess nerves of steel, self-confidence, strength in every muscle, ambition, grit, energy and endurance. In order to make your life complete? We have gladdened the hearts of thousands of young and middle-aged men, who were plunging toward the grave, restoring them to perfect specimens of physical manhood. If you are lacking in these essential elements of manhood, you should consult with us at once before it is too late.

We cure safely and thoroughly

Stricture, Varicocele, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases

and all diseases and weaknesses of men due to inheritance, evil habits, self-abuse, excesses or the result of specific or private diseases.

We make no misleading statements, deceptive or unbusinesslike propositions to the afflicted, neither do we promise to cure them in a few days nor offer cheap, worthless treatment in order to secure their patronage. Honest doctors of recognized ability do not resort to such methods. We guarantee a perfect, safe and lasting cure in the quickest possible time, without leaving injurious after-effects in the system, and at the lowest cost possible for honest, skillful and successful treatment.

FREE Consultation If you cannot call write for symptom blank and Examination Office Hours—10 a. m. to 8 p. m. Sundays, 10 to 1 only.

UPDIKES BUY OUT FERGUSON

Omaha Grain Dealers Acquire Seventy-Five Big Elevators in South Platte.

ALL BUT ONE LOCATED IN NEBRASKA

By the Deal Ten Million Bushels of Grain Will Be Added to Volume of Omaha's Market.

One of the largest elevator deals ever transacted in the west was consummated in Omaha Friday by the Updike Grain company, which bought the Ferguson line of elevators on the Burlington in the South Platte country, seventy-five in number, from W. H. Ferguson of Lincoln. These elevators are situated in Nebraska, except one at Fort Morgan, Colo., and will add tremendously to the business of the Omaha Grain exchange, as the Updike company is strictly an Omaha concern with head offices in Omaha.

The Updike company increased its capital stock January 1 to \$1,000,000, with a view of acquiring additional elevators in Nebraska, and has been negotiating for some time with Mr. Ferguson, who will retire from business. The Updike company has been broadening out since the first of the year and has outgrown its present quarters, so that on March 1 it will move into the first floor of The Bee building and occupy the offices now used as the business office of The Bee. J. A. Kuhn, formerly assistant general freight and passenger agent of the Northwestern, which jurisdiction over the lines west of the Missouri river, has just joined the Updike Grain company, giving that company an experienced grain rate and railroad man.

Swells Local Market.

Much of the grain of the South Platte country has gone to Kansas City, but with the acquisition of this strong line of elevators by the Updike company, which has its own big terminal elevators in Omaha, it is estimated that at least 100,000 bushels of grain will be added to the receipts of the Omaha Grain exchange. The new elevators are located on the Burlington road around McCook, Hastings, York and Fairmont and reaching as far as the Colorado line. The deal puts the Updike company in position to handle grain on a very close margin. The dealings of the Updike company have been confined heretofore principally to the lines of the Northwestern road and the company owns elevators on that road as far west as Norfolk and as far north as Bonesteel. The new elevators will make a total of 107 elevators which the Updike company owns, all of which are in Nebraska except five.

Announcements of the Theaters.

One of the great features of the Thomas J. Dixon, jr., "The Classroom," which comes to the Boyd for four nights, opening on Sunday evening, is the scenic invention. Pictures true to life in the old south are used for the purpose of embellishing this tale of the reconstruction days. The fact that the play is written by one who experienced the events touched upon, and who is thoroughly in earnest in treating the subject, lends peculiar interest to its production, and the storm of discussion that has followed its presentation wherever it has been seen attests the vigor with which Mr. Dixon has treated the subject. Indications are that "The Classroom" will be seen by some thousands of Omaha people during its four nights' stay at the Boyd. It will be offered on Sunday, Monday, Tuesday and Wednesday evenings and at a matinee on Wednesday.

Interest is deep in the coming engagement of Miss Grace George, who will be seen at the Boyd on Thursday afternoon and evening of next week. Miss George is playing the role of Kitty in "The Marriage of William Ashie," based on Mrs. Ward's powerful novel, and is being greeted everywhere with large audiences and receiving great praise for her work.

The closing performance of "Inoquo" at the Burwood today will be witnessed by capacity houses, if the experience of the week is to be taken as a basis for judgment. Beginning Sunday comes "Men and Women," with O. D. Woodward in the role of Governor Rodman.

BURKETT, BABY OF SENATE

Nebraska's Junior Senator Displaces Beveridge as Youngest Member of Upper House.

"Senatorial Baby" is the latest nickname which Washington has attached to Elmer J. Burkett, Nebraska's junior senator. In an article on gossip of Washington people Human Life devotes some attention to Mr. Burkett, including him in the list of persons about whom it talks in a recent number. The others in the list being Mrs. Grover Cleveland, Miss Roosevelt, Mrs. Nellie Grant Sartoris, three White House brides, Congressman Longworth, Baron and Baroness von Sternberg, German ambassador and wife and the sister of the German embassy. This is its reference to Burkett, made by the "social secretary" in the course of a recitation about a dinner: "Just when the first sprightliness of the guests at table had subsided and the inevitable dull, which tiresome, most dinners at some stage seemed settling around the board, I brought up my town crier."

"The town crier," Burkett, the "senatorial baby," I asked.

"That's about the entire table in a breath, and every eye was lifted questioningly."

"Why," said I: "the town crier announces that in this Fifty-ninth congress the senate has a baby member whose picture is being shown in all the newspapers and whose record runs as follows: 'and I began to read: 'A plowboy at 16; a student at college at 17; a graduate at 20; teacher, lawyer and member of the house at 21; a United States senator at 27. 'Sounds like Solomon Grundy,'" said Mrs. Byrd. "And who may this town crier be?" she asked, mystified, for she had not lived long enough in Washington to know how the town delights in humorous squibs.

"Oh, I know who the town crier is. In a prominent member of the house who was present. 'It's Elmer Burkett of Nebraska. He has come to the senate and no man ever walked those 700 and more feet that lie between the house and the senate chamber more proudly than Burkett. He will outstrip Beveridge's record out of joint, for Beveridge has been the youngest of the senate, but he'll have to join the 'oldest' now. Burkett has a great reputation for doing things, and if he will mind the senate's business that no new road shall open his tail-coat for one year he will get on and succeed, for he is an able man."

EDITOR GOES OUT ON BOND

Verdigris Newspaper Man Held for Trial for Publication of Certain Article.

Deputy United States Marshal Moore returned Friday morning from the northern part of the state, where he had gone to arrest John Barrett, editor of the Verdigris Citizen, for violation of the postal laws of the United States in circulating an article in his paper about a physician of that place and giving the article too conspicuous a place in his paper, which being mailed without wrappers is held to have come within the postal law inhibition. Barrett was taken before United States Commissioner McCutcheon at Spencer and gave bond in \$300 for his appearance to the federal grand jury in May next.
