MUCH CORN AND OATS CHANGE HANDS

Meeting Will Be Held in Few Days to Agree on Basis for Future Trading-Local Market Range.

OMAHA, Feb. 17, 1995.

The second day of revived option trading on the Omaha exchange was a brisk one. More than 100,000 bushels of corn and outs changed hands. The local dealers say they are determined to make a good local market here independent of Chicago. A meeting will be held early next week to agree on a basis for future trading. For a time shorts displayed a disposition to cover, the market holding fairly steady. Later the entire absence of strengthening news, and a private cable from Argentina placing the exportable surplus at last year's figures started selling anew. The May deliveries made a new low record. Liquidation continues in Liverpool with reported rains in India and liberal Australian shipments additional incentives. The market closed 1/2 lower. Weather conditions throughout the winter wheat belt tend to aliay apprehension. Further snowfall the last twenty-four hours affords protection. The demand for flour and cash wheat continues disappointing. OMAHA, Feb. 17, 1906.

ported rains in India and liberal Australian shipments additional incentives. The market closed tye lower. Weather conditions throughout the winter wheat belt tend to aliay apprehension. Further snowfail the last twenty-four hours affords protection. The demand for flour and cash wheat continues disappointing.

Local trade in corn was larger than in wheat, with lowest prices made at the opening. Thereafter the market proved steady compared with other grains, but receipts were liberal as compared with a year ago and the demand continues stack.

The trade in oats was light, Pit buying at Chicago strengthened the market early but inquidation of early purchases, when wheat developed weakness, carried prices back to the low point.

Clearances were 244,000 bushels of corn and 315,000 bushels of oats. Primary wheat receipts were 48,000 bushels and shipments of 128,000 bushels, against receipts last year of 340,000 bushels and shipments of 128,000 bushels. Corn receipts were 618,000 bushels and shipments of 128,000 bushels. Liverpool closed \$62.00 bushels and shipments of 128,000 bushels. Liverpool closed \$62.00 bushels and shipments of 128,000 bushels. Local receipts were 628,000 bushels and shipments of 128,000 bushels. Liverpool closed \$62.00 bushels and shipments of 128,000 bushels and shipments of 128,

Indian wheat shipments for the week were 72,000 bushels, against 15,000 bushels last week and 622,000 bushels last year. Australian shipments were 1,535,000 bushels, against 1,592,000 bushels last week and 2,040,-900 bushels last year. Minneapolis stocks decreased 241,950 bushels for the week. World's wheat shipments for Monday are estimated at 11,200,000 bushels, against 11,120,000 bushels last year. 11.12.000 busheis inst week and 10.312,000 bushels last year.

Cash corn sold at the lowest price of the season at Chicage yesterday and shippers said the position of the cash market was the most demoralized they had seen it in recent years. The seaboard yesterday sold 170,000 bushels of corn, 100,000 bushels of oats, and New York sold 68,000 bushels of Manitoba wheat.

Prices on Board of Trade.

Prices on Board of Trade.

CHICAG, Feb. 17.—Bearish news from Argentina and India caused a fresh decline today in the local wheat market. For the May delivery final quotations showed a net loss of %c. Corn and oats were each down %c. Provisions were a shade lower to 27%c higher.

For the third successive day the wheat market was dominated by the bears and as on the preceding days prices yielded materially. At the opening the May option was off %c to %o at 80%c to 80%c. For a time the market held steady at the initial decline, there being a fair demand by commission houses. Fit traders were the principal sellers during the first haif of the session. News of the day was simost exclusively favorable to the bears. Toward the end of the first hour the market became somewhat firmer because of covering by shorts. At this time May touched 83%68%c. Later in the day another sharp reaction occurred and the price of May dropped to 80%c. The market closed weak with prices nearly at the lowest point of the day, final quotations on May being at 82%c. Clearances of wheat and flour were equal to 38%c00 bu. Primary receipts were 40,000 bu., against 340,000 bu. a year ago.

Despite the weakness of wheat, consider-

were 118 cars.

The provisions market was strong because of a 19c advance in the price of live hogs and a large increase in shipments of meat and lard. The covering by shorts in pork was a feature of the day. Pork and ribs were strong throughout the entire day, the close on May pork being up 25/27/4c at 315.80. Ribs were up 7/4c at \$8.27/4c. Because of moderate profit taking lard closed barely steady with May off a shade at \$7.82/4/27/85.

Estimated receipts for Monday are: Wheat, 12 cars; corn, 427 cars; oats, 147 cars; hogs, 54.000 head.

The leading futures ranged as follows:

New York Money Market.

NEW YORK, Feb. 17.—MONEY—On call, lrm; no loans. Time loans, firm; 60 and 30 lays and 6 months, 5½ per cent. PRIME MERCANTILE PAPER—565% General Level of Values Falls Below
Level Reached Last Month and
More Holdings Are
Disloged.

NEW YORK, Feb. 17.—Severe declines resulted from the active trading of the two hour session. The selling was made up of heavy speculative liquidation combined with a centered bear attack on the market, which was accredited to the generaliship of a veteran professional operator with the prestige of many successful bear campaigns in the past. The moment evidently was propitious for the success of the attack.

The renewed decline of this week had a released to the renewed decline of this week had a released to the success of the attack.

The renewed decline of this week had a released to the coupon to the success of the attack.

Foreign Financial.

LONDON, Feb. 17.—Money was in good request in the market today and rates were easier on the distribution of \$12,500,000 in railroad division dividends and the raise of Japanese money. Discounts were a shade easier. Trading on the Stock exchange was dull and prices were irregular, pending the stilement. The king's speech at the opening of Parliament Monday is awaited with interest, especially among traders in Kaffirs, who are suffering from depression and fears of difficulties in regard to the carry-over. Consols were fairly steady at the lower level. Home rails were sustained by the announcement of a working arrangement between the Northwestern and Midland railroads, whose stocks grew firmer. Americans opened dull on the prospect of a bad New York bank statement, railled to slightly over parity on New York buying orders and closed steady. Foreigners were weak in places. Peruvians, Russians and Japanese reacted. Kaffirs were heavy and inactive. Japanese imperial is of 1904 were quoted at 1625.

BERLIN, Feb. 17.—Prices on the Bourse today were irregular.

PARIS, Feb. 17.—Prices on the Bourse

BERLIN, Feb. 17.—Prices on the Bourse today were irregular.

PARIS, Feb. 17.—Prices on the Bourse today were calm and firm at the opening and became active and very firm later, owing to confidence in the success of the Algeciras conference. Russian imperial is were quoted at 84.25 and Russian bonds of 1904 at 493. The private rate of discount was 24 per cent. was 21/2 per cent. Bank Clearings.

 Bank Clearings.

CATTLE—It was the usual Saturday holiday in the cattle division, nothing of consequence being received or sold. The receipts this week have been very liberal, being considerably in exces of last week's rigures and more than double the run for the corresponding week of a year ago. The close of the market would seem to indicate, however, that the receipts have been none too large to satisfy the demands of the market. It would be hard to imagine a more satisfactory market for beef cattle than prevailed during the first four days this week. It exists of large receipts the trade was severything offered receipts the trade was severything offered was settled to take everything offered was settled to the highest of any time so far this year. On Friday the receipts were unsually heavy, and as packers had their orders pretty well filled by that time, the market eased off somewhat that day, being quoted weak to loo lower. After allowing for this reaction the market at the close of the week is still, fully logitic higher than at the close of last week.

Cows and heifers had about the same experience as fat steers, except that they showed still more advance during the first four days of the week and did not make as much loss on Friday, so that at the close of the week they are about 25c higher than on last Saturday. As high as \$4.50 was paid for cows during the week, but also may do the week, but also a matter of course, they were very good. The very excellent demand that has prevailed all the week for cows and heifers and feeders were not in very large supply on any day of the week, but also a not worthy feature of the cattle rade.

Stockers and feeders were not in very large supply on any day of the week, but also any of the week, but also any of the week are resonably active when the saturd of the week, but also any of the week soles for the prevent time be quoted materially higher than it was at the close on this market during the ruary since 1883, when they on the 17th of the month.

NEW ORLEANS, Feb. 17.—A receiver was appointed here this afternoon for the F. E. Creelman Lumber Manufacturing company by the federal court. The failure is said to be in connection with the bankruptcy proceedings of the John M. Smith Lumber company of Nashville, Tenn., and the failure of the Bank of America of Chicago.
